

Community Discord Charter Sponsorship Proposal Request

Summary:

Community Discord Charter Sponsorship

10,000 TLM per Planet Requested

Submitted by Red Discord RED | OrderWorks#2023 TG @OrderWorks_Studio

Proposal Request

Proposal Name

Community Discord Charter Sponsorship

Proposal Overview - The TLDR

Planets are invited to become charter sponsors of the new community Discord server.

Project Objective - The What & Why

Many players have different communities using the Alien Worlds Planets and Interplanetary names. Since, I've been an active daily player in the Alien Worlds ecosystem and looking to identify how I can add value, I realized that we can use a community-focused Discord server. The official Alien Worlds Discord server has been an amazing place for community engagement and I aim to create the community version, connecting with and integrating as many communities as possible, representing the players and their game communities.

Project Specifications - The How

The name of the Discord server is: iPS42 - [AWc] Interplanetary Comm.Stat.

I have setup the Discord server here: <https://discord.gg/8wbZYd2an5>

Here is the associated informational lore:

The iPS42 Station is an off-planet communications space station for the greater Alien Worlds metaverse.

The Station (Discord Server) is monitored by various galactic entities to ensure the safety of its members and visitors. Guidelines and rule structures ensure an inclusive space is maintained at all times.

Connect to the Station for various community events - AMA's, Onboarding calls, Lore discussion/expansion, Art collabs, play opportunities, etc. Meet players from around the Metaverse!

Project Milestones - The When

The current plan is:

1. Basic Setup - *Done*
2. Station Activation (Discord Nitro boosts, Premium services)
3. Customize to promote events, communities and activities
4. Identify ways to enhance the server with suggestions from the community
5. Provide ongoing support
6. Plan to add community managers as we grow
7. Invite other Discord participants to join the community and become players

The Requested Funding

To be acknowledged as a Charter Sponsors, **10,000 TLM per Planet**

Any Planets that approve will be listed as Charter Sponsors and periodically acknowledged in gratitude.

Team Information - The Who

On Discord: RED | OrderWorks#2023

On Telegram: Red @OrderWorks_Studio

IRL: Rohan (Ro, Red), South African Artist based in Cape Town's deep south

History:

- I have been a Youman for 35 years
- I am the father of one mermaid, the carer of two felines and 3 fluffbutts (BuckingFabbits), as well as a partner to a pure powerhouse of a divine marketing and energy healing goddess.

- I have been in the creative realms for 20+ years and an explorer of squarelinkedbindings (blockchain) for nearing 3.
 - I have a plethora of experience in a myriad of fields, both digital and physical.
 - Regularly hop on live video calls.
 - Active in Telegram and Discord chats... Please invite me to yours!
 - Eager to officially connect to Planets and create more experiences for players.
 - Happy to meet all of you!
