Answer the questions below. Boxes expand as you type.

Based on the descriptions above, which position would be your first choice? Why?

(NOTE: You are not committed to this position, this is an opinion question.)

Find a quote you believe best represents your view on life / living. Briefly explain WHY it relates to you.

(NOTE: Quotes can be from books, movies, songs, TV shows or any other source! Make sure you attribute the quote to the author - even if it is you!)

What is one community service or volunteer opportunity you would like to see Interact Club host for next school year? Why would you like to see Interact Club take on this project?

(NOTE: This does not need to be a project Interact Club already performs but is designed to better understand your connection or

desire for community service.)

What is one thing you would like us to know about you that we may not learn from an interview or this application? Why should we know this about you?

(NOTE: This can be light, or serious, but should allow us to get to know you better! :-)

Interviews will be scheduled once applications have been received! THANK YOU!
