Distance Learning for Parents

School Websites

Navigating Google with Your Student

Google Classroom

- Review of Parent Check-in
- Assignments & Attachments
- *I can't type in the document!!*

Google Slides & Docs

- Purpose
- iPad vs Laptop capabilities
- Attach images/photos
- Revision history

Google Calendar & Mail

- Organization & Planning
- Etiquette for Emails

Productive Learning at Home

Wednesday, August 26, 2020

Learning Spaces

- Use the same space and set it up the same way every time, if you can't leave it set up permanently.
- Pick a space without distractions (TV off, no toys, etc.)
- Have room to write, draw, use multiple materials.
- Have a seat that will help your student sit up straight. (No couch, beanbag, bed, unless appropriate.)
- Have all materials ready to go each (iPad, pencils, crayons, book, teacher's packet and other special materials)
- If possible, pick a space next to an electrical outlet, so the iPad can stay plugged in. (Charge the iPad each night.)
- Think of your student's personal needs (room to wiggle, no pencil sharpener, how much supervision they need, etc.) Allow them to personalize their space. Hang up artwork and other assignments.
- It's okay to make a mess, but keep the space organized and clean up each day.
- Leave room for growth. Students may be adding to their tools and materials in the coming weeks.

Common Routines

Getting Ready for School

Breakfast, dressed, and ready to go

Maintaining an organized work space

Reinforcing Zoom Etiquette

Managing Workflow

Scheduled Breaks - snacks and activities

Ending the day

Sharing their work and projects

Celebrations

Expectations

Communication

- ***Verbal & Non-verbal***

Attire

Devices & Learning materials

Daily Check-In's & Troubleshooting

Wednesday, August 19, 2020

Daily Check-Ins

Seesaw

- *Download Seesaw Family app*
- *Scan the QR code provided by your teacher.*
- *WA-LA...you should be in.*
- [Seesaw Tutorial](#)
- *Signing In, Inbox, Activities, Journal*

Google Classroom

- *Parent Email*
- *To-Do List*
- *To-Do, Missing, Done*
- [Google Classroom Tutorial](#)

Questions to ask your child(ren)

- *What did you work on today?*
- *Did you learn something new?*
- *What was something that got you excited today?*
- *Which apps did you use today?*
- *Did you do any work with pen and paper?*
- *Did you do any partner work today?*
- *Show me your browser history.*
- *What were your successes?*
- *What challenged you today?*
- *Did you get to talk to any of your friends today?*
- *How are you feeling?*

Troubleshooting

- **Not Enough Storage**
 - Try deleting photos and videos emptying the Deleted Photos folder
 - Students can back photos and videos up in Google Photos/Google Drive
- **Can't Connect to Internet**
 - Restart iPad
 - [Home Internet Login Directions](#)
- **Apps Freezing**
 - Hard restart iPad by simultaneously holding the Power Button and Home Screen Button for 10 seconds
- **App Running Slow**
 - Double-tap the Home Screen Button and swipe up on other apps to close them.
- **Username/Password Doesn't Work**
 - Make sure that student is not using a personal account and is using their @myfsd account
 - Check to see if the password is case sensitive and make sure student is using capitals when necessary
 - Make sure the student has the proper username. (Some usernames include "@myfsd.org" and some don't.)
- **Make Sure Apps Are Up to Date**
 - Let students know, in advance, when you'll be updating, so that they can save work and not be using the app during update.

FSDLearns Family 411

- As we continue this new, learning journey, we will constantly be updating the [FSDLearns Family 411](#) page with new topics. Please check in periodically for updates. Thank you.
