

raykie's mod permissions 7/22/2023

- OK to use my free, publicly released mods in paid commissions/requests, **MUST NOT BE BEHIND PAYWALL**
- Credit me if you use anything from my mod(s) in your own mod
- No NSFW Lalafell content using my mod(s)
- You can edit my paid Patreon/Gumroad mods for your personal use only, please wait for my free public release before sharing their edits
- Please don't redistribute any of my mods, point them to either my Discord server or Patreon and Gumroad, support from the community is why I can put this much time in modding instead of doing full time at my job
- If you put any of my mods on body mods with extremely exaggerated proportions such as **Milkman, hyper penis, XXL+ sizes, MILF bodies** etc. (ask me if you are not sure if a body is considered one by my standards) please don't release them to the public, you can make them for your own use but don't share them publicly, I am not comfortable being associated with those kind of mods, don't put my name on them, I don't want anything to do with themw
- Don't port my stuffs to **The Hrothgar Overhaul** body

Contact me on Discord: raykie#1337 if you have any questions! Happy modding!
