

Dear Parent,

Minnesota Immunization Law requires that by 7th grade children receive additional immunizations for attendance in school. The required additional immunizations are:

- Tdap
- Meningococcal (also in 12th grade)

Immunizations that should have been completed prior to entering kindergarten include:

- DTaP (5 doses)
- Polio (4 doses)
- Varicella (2 doses)
- Hepatitis B (3 doses)
- MMR (2 doses)

If your child needs immunizations, they can be obtained by your primary healthcare provider, local clinic, or local pharmacy. In September, Agape Christi Academy 7th grade students will not be allowed to attend school without the required immunizations.

No student is required to have an immunization which is contrary to the conscientiously held beliefs of his/her parent or guardian. To receive this exemption, a parent or guardian must complete, sign, and have notarized a [conscientious exemption form](#).

Provide the school with an [updated immunization record](#) if you have not already done so. If you have completed this, please disregard this notice.
