Sydney is an amazing place. It's the biggest city in Australia. It covers an area of more than 12,000km^2 and four million people live there. Sydney was founded in 1788 and is the oldest city in Australia. The oldest surviving building in Sydney is Elizabeth Farm. It's more than 220 years old. My favourite place in the city is Sydney Harbour. You can see the world famous Opera House here. It's 65 metres tall. Next to the Opera House is Sydney Harbour Bridge, it's 1,149 metres long and goes across the harbour. The harbour is very deep too. In some places it's 45 metres deep.

1 How big is Sydney?

2 How many people live in Sydney?

3 How old is Elizabeth Farm?

4 How tall is Sydney Opera House?

5 How long is Sydney Harbour Bridge?

6 How deep is Sydney Harbour?
