ANC Newsletter

*If you are interested or have ideas on projects that can improve the club over all, from coordinator materials, evaluating developing technology systems, to new member packets, and want to manage such efforts send your ideas to nc@c.modernenigmasociety.org.

If a member has a question about tracking their individual VIP points, please have the question go up the Coordinator chain, starting with your Domain Coordinator. If a Coordinator has a question about how to track VIP points for their members, please feel free to reach out to me at nc@c.modernenigmasociety.org.

ALL MEMBERS: Make sure your information is updated for the new website. This data should be updated whenever you move, change email addresses or transfer to a new domain. If there is something in your record that needs to be changed, and you can not update it yourself, notify your Domain or Regional Coordinator.

Remember that the US NC Facebook page has announcements and information periodically posted: <https://www.facebook.com/MES.US.NC>

RC's

- Please make sure that your reports are **on time**. Late reports will receive reduced prestige, no report will receive zero prestige. If a report is received after the NC report is published, your prestige will be added to the next NC report and backdated.
- **RC's**: Reminder that you **do not** need to recommend prestige for yourselves on your reports. This is taken care of by the NCs office and will be listed accordingly on the reports. Please reach out and let us know if you have any questions.

ANC Arbitration:

ANC Arbitration in Onboarding.

ANC List Mod:

Summary:

US NATIONAL COORDINATOR REPORT – NOVEMBER 2021

(Pending Update) Processed 131 Form responses to join lists successfully. The only ones with issues are waiting on responses to requests for additional information. I have also been contemplating if there are any ways to streamline the application or addition to lists. We should also look into a form to request the removal from lists in the event of character retirement or death.

ANC Domains:

Summary:

ANC Domains in Onboarding.

NC Note - We've had a few more Domain closures over the past few months as membership has dropped off in various areas. We also know there is a resurgence in membership in other areas, though, and are prepared to reopen Domains or open entirely new Domains as needed. Please see the Domain Application in Recurring Information for anyone who may be interested in opening/reopening a Domain. I have also updated the New Domain Application and Creation Guide.

Recurring Info:

There are so many domains that are so close to the black right now, so please, please be sure to get your reports to your RC. If you see that your domain is in the Red or the Black, please say something to your DC. Offer to help them get sorted out, offer to help write reports even. When a domain goes Red or Black, it means that no one is getting prestige. Life happens, I get that, but, if your domain is in the Black, please consider offering a helping hand to your officers.

I really want to encourage DC's to compile old reports for their domains, especially if those reports were under old DC accounts or personal accounts. While the Club Archivist has a lot of access to a lot of things, so much of the pre-2002 transfer information has been lost to the ages. If you have access to documents from those days or just want to start a record for your domain, let me know. I can help you with Google Drive to create a place for them, so please, just let me know if I can help.

The biggest issue that I'm seeing is that not every DC is on their requisite Coordinator's Report List. Please please please, look below and get on your Region's Reports List. That will save me a lot of time and a lot of running around.

The Domain Application document can be found here:

US NATIONAL COORDINATOR REPORT – NOVEMBER 2021

DC's, please remember to include my anc.domains@c.modernenigmasociety.org when you send your reports to your reports list. If you send it just to your RC, sometimes those reports don't get communicated to me. This keeps my records up to date. Sometimes, a DC will send things to the RC, but not to the Reports list or to the anc.domains or anc.chapters account, and according to everything I see, it's missing...yet, that report may not be late, but simply misreported. DC's, please make sure that you're subbed to your Region's Coordinator Reporting lists. Just in case you don't know if you're subbed, here are the lists:

ANC Charities:

ANC Charities in Onboarding.

Volunteer: Any charity with a published wish list counts.

Now there are a variety of ways that you can give your time. You can host events to raise funds to donate to Make a Wish or purchase things on an orgs wish list. If you want more folks involved, host a drop-off site – solicit in kind donations and drop them off. Check to see if the npo lists activities on their wish list or if you make things to donate, we will take all those hours, too.

Examples: Donating Peanut Butter and then filling kongs for enrichment for puppies, making bedding from plastic bags, collecting and playing board games at senior citizen centers.

1 hour of time gets you 10 national prestige.

**If you are super fancy and donated the peanut butter in the above example you can add a bit of in-kind donation prestige to the mix.*

US NATIONAL COORDINATOR REPORT – NOVEMBER 2021

In-Kind Donations: Any charity with a published wish list counts.

Find your favorite charity, pull out their wish list and go shopping. Now while you might want to channel your inner Marie Kondo and donate all the things that don't bring you joy; we ask that you are mindful of your donations and donate items in new, unused or gently used condition.

Every \$5 of goods donated gets you 1 point of national prestige.

To claim your prestige:

Toss an email with what you accomplished, along with pictures, to your DC, Yours Truly (anc.charity@mindseysociety.org) and nc@c.modernenigmasociety.org. Please note if we are able to use the pictures on social media.

VI. Questions and Answers

Regional Questions:

Southwest RC:

Q; From a member.

I renewed my membership earlier this year in July. My domain has not been running any online or live events (games or socials) and it doesn't look like there will be any in the foreseeable future while covid restrictions are in place. If it is possible can I please suspend my membership until there is a local event to attend and apply my renewal at that time? The only club activities I've been able to do is vote in elections.

Answer: I have submitted this inquiry to the Board of Directors for further consideration and discussion as decisions concerning financial matters of the MES fall to their jurisdiction.

VIII. Prestige Awards

The following prestige amounts are hereby awarded and/or confirmed by the NC for the month of November 2021:

NC Prestige Awards 2021 - Google Sheets

Prestige awards from the Board of Directors are included in the NC Report Prestige. These include awards for National Officers, General Membership Votes, etc.

Volunteer Incentive Point (VIP) Tracking/Awarding:

The VIP system can be found here:

https://docs.google.com/document/d/110K2jxMVncgu8HIUYVx_4sFEkrm-WG1n6CYVI2-Dug8/e/dit

There will be a how-to manage VIP document for members and coordinators shortly. The NTAs office has placed a new prestige/VIP tracking system on their development priority track. In the meantime, below are links to new DC and RC report templates, DC/RC Prestige/VIP award spreadsheets, and a Member VIP tracking spreadsheet to make these additional tracking responsibilities as simple as possible. Think of it as a different type of prestige, with STs verifying expenditures.

While coordinators will be responsible for tracking, confirming and auditing, with STs verifying expenditures; it will be incumbent on each member to track their VIP awards and expenditures, just as it is with Prestige. The Prestige Log template that includes VIP tracking can be found here:  MES-Prestige-Log NEW.xls

Regional Coordinator Report Template:  2022 RC Report Template

Regional Coordinator Prestige/VIP Award Sheet Template: [RC Prestige Awards Template - Google Sheets](#)

Domain Coordinator Report Template:  2022 DC Report Template

This Domain Coordinator report format may take some extra time to convert to using it the first time, but it should make creating a copy the next month and just updating the information easier than text wrangling and having to calculate and update each member's prestige totals. If you have questions or problems with the report, we are here to help; email the ANC Chief of Staff at anc.cos@mindseyesociety.org.

We recommend storing the google docs for each monthly report on the google drive for your Domain Coordinator/Regional Coordinator email account and sharing the link to view in your email to the coordinator reporting email lists and local lists; as our modernenigmasociety.org lists do not accept attachments.

Coordinators: Please remember that Storytellers cannot award prestige/VIP. ST's please make your recommendations to your Coordinator to include on their coordinator report. Coordinators not including their (V/D/R)ST's prestige/VIP in their report (or a note that they did not report) means that the report is incomplete.

Awarding Regional Coordinator Prestige/VIP:

Please remember that you cannot award yourself prestige/VIP. Instead, include any recommendations for yourself to the NC in the **"Recommendations to National"** section of your monthly regional status report.

Awarding Prestige/VIP for Spouses or Significant Others:

In addition, any prestige/VIP awards that would be for your significant other, spouse or for someone that could be considered to have a Conflict of Interest should also be listed in the **"Recommendations to National"** section of your report. This will help to ensure that no one questions such awards.

If you have any prestige/VIP recommendations you believe to be missing from the website, please send an email listing with the following template filled in (for ease of transferring data) to <mailto:anc.admin@c.modernenigmasociety.org>.

Sending Member Class Reviews to National:

Member Class (MC) reviews for awards of 12 through 14 must be approved by the National Coordinator's office. Logs should be audited and verified by the Domain and Regional Coordinator for the member first, and then sent to the ANC Prestige for final review.

Process for Membership Transfers Across Regions:

In the event that a member is transferring from one region to another here are the steps we need to follow:

1. The member (or DC, or RC) starts an email chain with the current supervising coordinator chain up to the NC and from the 'new' supervising coordinator to that RC. (If you need assistance finding your new coordinator, please reach out to your new RC). Please include anc.cos@c.modernenigmasociety.org in that email chain
2. Title the email "Member Name" "MES#" Inter-region Transfer
3. Attach your most recent prestige log. This is not required, but recommended so that you do not have to 'hunt' for prestige/emails from another region when you go up for additional/higher reviews.
4. Your CURRENT RC will send your prestige log to the ANC Prestige for a transfer lock at the National level.
5. Everyone on your email chain will need to approve your request. This is just a reply to the email that says 'Approved' or some variation of that.
6. You will be moved to your new domain by the National Coordinator.

Note: Most RCs will not approve your transfer until your prestige lock has been confirmed. Sometimes we need additional information or confirmation of your move. This will make the process take slightly longer than 72 hours. This does not mean that you cannot collect prestige from your new domain or attend its functions, etc.
