Agenda Item #1

2/25/2022 Math Data Presentation with John Stanely

A. Demonstrated importance of recommended Math courses for program course sequence success

B. Demonstrated student success in Math courses and courses that have a Math prerequisite

C. Overall more students were retained post policy

D. Overall Math 115 provided a better foundation to prepare students for success in their program stats courses

E. Math Faculty and Academic Advisors invited

1. Feedback from Math and Advising after presentation Math 103 and Math 115 seem to be for students who are able to test into those classes and require less support than those who test below them.

a) If we were to let 115 be an auto-placement as well, students who require the extra support from Math 115ML may be setting themselves up for failure by registering for the regular 115 when they're not ready.

b) Math 115ML okay for auto-placement since [students] will be receiving support from the lab. I would say no to auto-placement for Math115 for the same reason above. For now, I would feel more comfortable taking this in smaller steps with more caution. I would hate to see many students suddenly struggling in Math115 without extra support.

c) Good information as it relates to the correlation between math and the success or not in PUBA 341 , SSCI 2210 and BUS 320.

Agenda Item #2

Math Placement Resolution

- A. Auto/direct placement into Math 115 M/L, Math 103M/L and Math 100
- B. Preparedness measures remain applicable for Early College, Running Start and Early Admit
- C. Overall consensus among Math faculty

Agenda Item #3

Academic Renewal and Academic Forgiveness

A. Opulauoho introduced a policy UHWO might consider implementing

- 1. A way to help students return and finish their degree after a difficult semester
- 2. Policies are inconsistent throughout the UH system
 - a) Good for one time
 - b) Does not impact financial aid forgiveness / eligibility
 - c) Could impact one semester GPA/ course enrollment eligibility

B. Examples of different policies:

1. HawaiiCC - Academic bankruptcy :

http://hawaii.hawaii.edu/sites/default/files/assets/admissions/docs/records/frm_acad_renewal_121203.pdf

Good for one time - goes through VCSA for approval

2. Maui College : Academic renewal (can delete up to 4 consecutive semesters)
