The request is to change the exam prep format from classes to having paid experts participate in panel discussions where peers discuss the exam, how they prepared, tips for success, why they decided to take the exam, and how it benefited them.

Member Sharp moved the approval to allow NAMI to modify their proposal instead of study classes/support groups to have expert panels discuss the exam, how they

prepared, tips for success, why they decided to take the exam, and how it benefited them instead of hiring one peer for many hours, to hire three peers for fewer hours.

March 5 at Lisle Library???) to send 30-days notices of intent to postpone and possibly withhold further payments to Easterseals (Behavioral Health), Hopeful Beginnings, Kids Matter, NAMI and NEDFYS.

Treasurer DeCanto recommended simplifying the process by requesting grantees structure their proposals to include the goals they want to satisfy in the first quarter. By allowing grantees

state goals they want to complete during the first quarter put the onus on grantees to complete the goals they stated and put more accountability on the grantees to fulfill them. Treasurer DeCanto suggested the Grant Administrator request agencies submit action plans outlining what goals they can complete in the next quarter and provide a timeline.

The vote was that our Grant Administrator contact agencies to submit action plans
