WAMCAT Fall 2026

Todd Condelario has been a Safety Specialist for the last 10 years with the State of Wyoming Department of Workforce Services in the Workers' Comp Safety & Risk division. Todd has visited over 1000 employers in the state to help them with their safety & health program. Todd is very knowledgeable in OSHA regulations along with ANZI rules, NFP

Ándrea "Ándie" Trujillo Guajardo is a public administrator and environmental professional with extensive experience in drinking water, grants management, and community engagement across federal, nonprofit, and private-sector roles. At EPA Region 8, she has led teams, supported Safe Drinking Water and Clean Water Act priorities, and worked directly with states, Tribes, and vulnerable communities to reduce environmental health risks and advance equitable decision-making. She brings a strong combination of technical expertise, supervisory leadership, and strategic partnership-building to support Lead Service Line Inventory efforts and protect public health.

Keenan Hendon, PE, works for the Wyoming Department of Environmental Quality in the Water Quality Division (DEQ). He manages permitting activities for water, wastewater, small wastewater treatment facilities, confined animal feeding operations (CAFOs), and commercial oilfield wastewater facilities (COWDFs). Keenan also works with staff on implementing the water and wastewater operator certification program and the State Revolving Fund program for Drinking and Clean Water with partner agencies. DEQ and EPA Region 8 often collaborate on matters in Wyoming due to our unique relationship on primacy authority on the Safe Drinking Water Act.

Tara Kuipers has called Wyoming home since 2000. She is an independent consultant specializing in facilitation, public engagement, project management, and coaching. Tara combines her background in counseling and adult education with 25 years of professional experience in nonprofit leadership, higher education, and community development. Tara brings a keen focus on how people relate, communicate, learn, and make positive changes in their lives, organizations, and communities. Her mission for Tara Kuipers Consulting is to help groups work together, learn together, and achieve great results together.

Charri Lara a public finance professional with many years in accounting, municipal finance. She holds a Bachelor's & master's degree in accounting. Charri served as a City Treasurer for 19 years, overseeing all aspects of municipal financial operations. Charri has served on numerous local, state, and national boards and committees, including the (WAMCAT) and (APT). Through these roles, she has contributed to advancing professional education, promoting best practices, and strengthening the public finance profession. Charri currently is the Municipal Finance Director for the WAM, a newly established position dedicated to supporting Wyoming municipalities through financial education, technical assistance and more.

Debra Lee has served as Laramie County Clerk since 2016. She is a member of the U.S. Election Assistance Commission's Local Leadership Council and the Bipartisan Policy Center's Task Force on Elections. Prior to taking office as County Clerk, Debra worked in the election division of the Wyoming Secretary of State. Her experience in state government also includes the State Auditor's office and the Community College Commission. She has extensive international election experience, working in Africa, Asia, Europe, and the Middle East. She holds a bachelor's degree in journalism and a master's in international administration.

Jennifer Malmborg is the Controller for the City of Laramie, Wyoming, bringing a wealth of expertise in municipal accounting, finance, and payroll administration. A Certified Public Accountant (CPA), I possess over nearly a decade of specialized payroll experience navigating complex public sector regulations. Recently wrapping up an HCM implementation, this journey has provided lots of insight into software implementation. I also hold a bachelor's degree in accounting alongside a Master of Business Administration (MBA). Dedicated to fiscal responsibility and operational transparency, I aim to excel at streamlining local government financial processes while safeguarding public funds

Matt Murdock is the Mayor of Pinedale, Wyoming, first elected to the Town Council in 2013 and Mayor in 2018, then re-elected in 2022 and 2026. He has led efforts to expand broadband, secure hospital access, promote tourism, develop affordable housing, and complete multiple community master plans. As mayor, he guided the town through key issues including flavored vape restrictions, food truck zoning, short-term rental policy, and protecting long-term water access during an EPA inquiry of the Fremont Lake watershed. Matt serves on the WAM Legislative Leadership Committee and Board of Directors. He is also CEO of Raven SR, a global waste-to-clean fuels company, and chairs an international nonprofit focused on leadership and development. A Wyoming native, he holds degrees from Georgetown University and studied at the University of Edinburgh. He speaks regularly on rural governance, community development, clean energy, and international engagement.

Julie Silbernagel has served as the City Clerk/Treasurer for the City of Buffalo, Wyoming, since 2005. She holds a Master of Public Administration from the University of Wyoming and a B.S. in Accounting from Regis University with undergraduate studies at Pepperdine University. A Certified Public Accountant, Julie has demonstrated leadership in her field as Past President of the Association of Public Treasurers of the United States and Canada, as well as the Wyoming Association of Municipal Clerks and Treasurers. With a deep commitment to public service and financial stewardship, she brings a wealth of experience and dedication to her community.

Mark Stewart is a partner with Davis & Cannon, LLP, practicing in the firm's Cheyenne office since 2006. His legal practice is concentrated in water, natural resources, construction, and local government law, where he primarily represents Wyoming ranchers and defends municipalities against governmental claims. Mark transitioned to law after a 16-year career as a civil engineer. He earned his Bachelor of Science in Petroleum Engineering in 1987, worked in road design and hydraulics for the Wyoming Highway Department, and managed environmental engineering projects across multiple states. He graduated with honors from the University of Wyoming College of Law in 2006, where he was inducted into the Order of the Coif. Mark's extensive engineering background provides a unique technical and practical perspective to his legal work.

Dr. Jaimis Ulrich serves as the Director of Certification & Conference Programming at the International Institute of Municipal Clerks (IIMC), where she leads certification programming, Athenian Dialogue program oversight, and annual conference education. Her related work includes higher education leadership, organizational development, municipal education programming, and professional coaching. She has been recognized as one of CIO Views' "10 Most Influential Education Leaders" and is an award-winning author and speaker. Dr. Jai holds an Ed.D. in Higher Education Leadership from Azusa Pacific University, an M.A. in Organizational Leadership, and a B.A. in Anthropology and Sociology from Whittier College.

Jessica J. Weaver, CIC, CeS, is a municipal leader, risk-management professional, and AI developer focused on the practical and responsible use of artificial intelligence. She has served on the Ranchester Town Council since 2018 and previously served on the Wyoming Local Government Liability Pool Board. Jessica is the founder of InsuranceGPTs.com, where she has developed more than 20 specialized GPTs for complex, regulated, and document-intensive workflows, including compliance, document review, risk analysis, intake, and operational decision support. Her development approach emphasizes reliable source materials, structured instructions, testing, privacy, human review, and safeguards against unsupported AI-generated answers. Drawing on both her municipal and AI-development experience, Jessica created the Town of Ranchester Clerk's Assistant, a custom GPT designed to help authorized users navigate municipal ordinances, policies, procedures, and recurring administrative workflows. A U.S. Navy Hospital Corpsman veteran and owner of Iron Valley Insurance Group, Jessica brings a practical understanding of governance, accountability, public service, and organizational risk to the rapidly changing field of artificial intelligence.
