

# Term 3 to End of Year Transition

## Monday, June 14 - Mark Reporting Day

Your building administration determines the window for entering final grades. The link below describes the grade entry process.

[Accessing grades for students transferring schools](#)

## Co-teachers Unenrolling from a Course

If you have been added as a co-teacher, do not delete the course. This occurs frequently as co-teachers no longer want the course appearing in their list. Instead, unenroll from the course.

[Unenroll from a Course](#)

## Friday, June 24 - Term 3 2022 courses will begin to archive

Before your Term 3 courses move to course archives, you may wish to save the materials to your Resources for use next year.

[Save Course to Resources](#)

## Summer School 2022

Schools will be providing summer learning opportunities for students. Unlike the regular school year, Schoology courses will not be created for teachers. Teachers participating in this “summer school”

may choose to create their own Schoology courses to use during the summer session.

[Creating a Schoology Course](#)

## 2022 Summer Grading Period

If you intend to assign and score Schoology material to students, you can use the 2022 Summer Grading period. This will be available **from Friday, June 10 to Friday, August 19.**
