

Blog General Guidelines on Pillars

All blogs must align with the topic of interest (interfaith, healthcare, environment), recent or relevant, expand upon it, and curtail information on equity/equality. All blogs must include at least 2 photos that are relevant to the topic. Statistics and graphs also count! :) They must be at least a page long and at most 500 words! You should be providing accurate and well researched information. Make sure your wording is clear, concise, and easy to read. Please remember to cite your sources in MLA format and to put a catchy title and author information(name, date, grade).
