PSOA GAME TIME ARRIVAL

PSOA provides referee services to many soccer leagues, associations and for tournaments.

Arriving at a game site for pre-game preparation with your officiating crew as well as other logistics required by the game you are officiating is critical for being prepared for your match.

PSOA recommends you arrive 15 minutes prior to game time for all pre-game activities.

Some leagues or the Rules or Laws of the game may require that you arrive much earlier.

It is understood that we live in a highly congested traffic area, have work obligations as and other matters that makes it impossible to be there at the time required before game time. You should always let your crew know if you are going to be late.

Continual tardiness can result in disciplinary action.

If you arrive late to a game (you were the center) that has already started as a 2-man or as a 3-man with club linesman, you should get ready as fast as you can and fill in as AR. And unless the crew that started the game offers you the center position back, you are to take the AR position without argument.
