

USING THE myBLUEPRINT TOOL

October 29, 2021

Plan your education/career path!

Education Planner
GRADES 7-12 +
POST-SECONDARY

A comprehensive education and career/life planning program with the tools students need to make the most informed decisions about their future

Bring your Individual Pathway Plan (IPP) into focus

Pathway planning has **always been at the centre of your education**. As you and your caregivers decide what courses to take and which post-secondary options you're interested in pursuing, please view us as a supportive resource.

[myBlueprint](#) is useful for a variety of purposes. You can use it to discover insights about your learning style; create and fulfill goals; develop portfolios for a variety of personal and school purposes and audiences; learn about various occupations and plan and perform job searches; and follow your interests and achievements to find suitable post-secondary options across pathways.

Post-secondary programs are presented based on your high school credits and college and university prerequisites in myBlueprint. This makes it a very smart choice for [post-secondary planning](#).

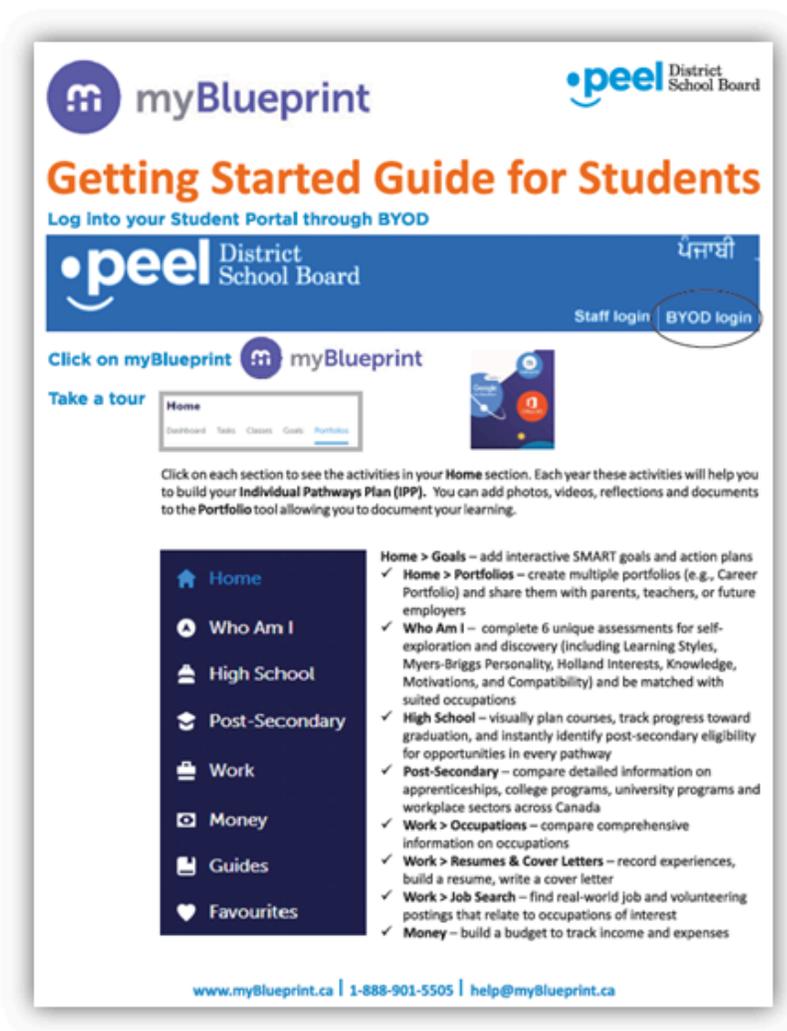

When you are ready to **find a job outside of school**, the myBlueprint tool allows you to learn about the process of finding employment. You can easily access the [resume builder](#) and [cover letter builder](#) which provide helpful prompts. There are also examples to help you get started.

The [job search engine](#) in myBlueprint allows you to **choose from over 10 job search sites** to find work that matches your search criteria. And, there are tips on preparing for a job interview. You can also use the app to help you [build budgets](#) to reach your goals.

If your myBlueprint credit information doesn't reflect your credits properly check in with your guidance teacher.

Once you have tried out myBlueprint you can **share your information with anyone you choose** - some students use this function to apply for scholarships - there are many uses!

There are helpful videos and examples for most tasks available in the app - many of them are linked throughout this document. Get started today!

GETTING STARTED GUIDE FOR GRADE 7-12 STUDENTS
