

Classroom Expectations Checklist

Objective

Develop a checklist for setting and reinforcing classroom expectations in a large virtual classroom.

Instructions

1. Brainstorm and list at least five classroom expectations that are important to foster a positive virtual learning environment.
2. For each expectation, describe how you will communicate and reinforce it throughout the course.
3. Add your expectations to the chart below to create a checklist where you can tick off each expectation as it is reinforced during the class sessions.

Activity

Expectation	Description of Communication Strategy	Reinforcement Check
<p><i>Example Expectation: Active Participation and Engagement</i></p> <p><i>In our virtual classroom, active participation and engagement are essential for creating a dynamic and enriching learning experience. We expect all learners to contribute to discussions, ask questions, and actively engage with the course content. This not only enhances your own learning but also contributes to the overall success of the class.</i></p>	<p><i>At the beginning of the course, during our orientation session, I will introduce the expectation of active participation and engagement. I will explain why it's important and how it benefits everyone in the class.</i></p> <p><i>Throughout the course, I will send regular reminders via email or announcements in our learning platform, encouraging learners to participate actively in discussions and activities.</i></p>	<input type="checkbox"/>
