

## Steven Truscott Writing Task

In a reflective paragraph (10-15 sentences), discuss what would have been different for Mr. Truscott if the YJCA of today had been in place when he was charged with the crime. What would have been the same? Make sure to use the information youth have if arrested today (pg 61 of your textbook) and the points laid out in the YJCA (pg 64) to support your argument.

**When's it due?** No need to type your work for this task. I am looking for thoughtfulness and detail. Attending to capitalization should be a priority. Hand in your work at the end of class, please.

**I'm done, now what?** There is a "further thinking" reading on the back of this page about why we still use Truscott as a case study! Read, consider and discuss with a partner.
