CAIP 2027

Workshop, contest, and tutorial proposal template

Proposals should be submitted as a single PDF file of at most 5 pages, excluding the biographies of the organizers, by email at caip2027@unisa.it by March, 1, 2027. Please fill in each section below and delete the grey instructions before submitting.

1. Workshop/Contest/Tutorial information

Item	Details
Type *(Workshop/Contest/Tutorial)*	
Title	
Acronym	
Main CAIP area	
Expected participants	
Website	

Main CAIP area: Image Analysis and Computer Vision; Pattern Analysis and Low-level Image Processing and Generation; Robotics and Autonomous Systems; AI for Digital Health and Biomedical Applications; AI for Cybersecurity and Digital Trust; Emerging Applications of Image and Pattern Analysis; other.

2. Abstract

A short summary of the workshop, contest, or tutorial, in at most 150 words, written for the conference website.

[Abstract]

3. Motivation and relevance to CAIP

Why this topic, why now, and why at CAIP. Say which problem the community is facing and what the event will contribute. Indicate how it differs from the main conference program and from similar events held elsewhere.

[Text]

4. Topics of interest

List the topics the event will cover, and a few keywords.

- [Topic 1]
- [Topic 2]

- [Topic 3]

5. Expected audience and outreach

Who the event is for, how many people you expect, and how you plan to reach them (mailing lists, societies, industry contacts, social media).

[Text]

6. Format and draft schedule

Describe the format and fill in a draft schedule. Include invited talks, contributed presentations, discussion, poster sessions and breaks, and say how you will encourage interaction and community building.

Time	Session	Speaker / chair	Notes

7. Invited speakers and panelists

Indicate whether each person has already accepted.

Name	Affiliation	Topic of the talk	Confirmed (yes / no)

8. Plan for contributions

Answer each point.

- Types of contributions (full/short papers, extended abstracts, posters, demos): [ ]
- Page limit and format (Springer LNCS or other): [ ]
- Number of reviewers per paper: [ ]
- Proceedings: published in [Springer LNCS / workshop proceedings] / not published: [ ]

- Suggested deadline for paper submissions and notification dates: [DATE], [DATE]
- Program committee (names, affiliations, and whether already confirmed): [ ]
- Expected number of submissions: [ ]
- Expected number of accepted papers: [ ]

9. Organizers

At most 6 organizers per proposal. Please include a short biography (up to 100 words) for each organizer at the end of the proposal.

Name	Affiliation	Email	Role

Experience of the organizing team: [previous workshops, contest, tutorial, conferences or special sessions organized, and relevant publications]

Contact person: [Name, email]

10. Previous editions

If the event has been held before, give year, venue, number of submissions, accepted papers and attendees, and a link to the website. Otherwise write "New workshop".

[Text]

11. Special requirements

Room size, audio-visual equipment, poster boards, accessibility needs, sponsors or external funding you plan to seek, and anything else we should know.

[Text]

12. Declarations

- Conflicts of interest with the conference chairs and the workshop chairs: [none / list]
- Other CAIP 2027 workshop, contest, and tutorial proposals involving any of the organizers: [none / list]
- Confirmation that all organizers have agreed to take part and to respect the CAIP schedule and deadlines: [yes]

Biographies of the organizers

[Name, Affiliation: short biography]
