

Duolingo for Schools Setup

1. Go to <https://schools.duolingo.com/>
2. If you don't have a Duolingo account, click sign up on top right
3. Click Sign up with Google
4. Use your Masconomet credentials to create an account
5. Once logged into your account, you then Create a Classroom

Create a classroom

☒ Name new classroom

Classroom name

E.g. Spanish 1

☐ Import class information from Google Classroom

6. Select your Language that you're teaching for your class

What language are you teaching for Matthew Test?

What language is this classroom learning?

 SPANISH

What language should we use for Duolingo instructions and notifications?

 ENGLISH

7. Next Click Add Students, then Add Directly

[SEND INVITE](#) [ADD DIRECTLY](#)

Add your students to create their accounts

Enter one student's name per line. If you have their email address, include it after a comma.

💡 **Copy and paste your student list to save time.**

Student 1, tstark@mrsdmail.org

8. Enter in your students name and school email addresses to create their accounts

9. Once you add all your students, it will bring your to the review and make corrections page

10. Once you've confirmed everything looks good, click next to add your students to your classroom

11. On the next page, you'll see that you've added your students

[SEND INVITE](#) [ADD DIRECTLY](#)

You added 1 student!

Students with email addresses will be sent a link to confirm their account. For all other students, share this PDF of their individual login details. We will also email this PDF to you.

 **Download login details**
A PDF to share with your students

DONE

12. You can download their login details or click Done to exit out

13. Once you click done, you will also receive an email of your students login information as well

Setting up students to Log into DuoLingo

1. Have your students go to your DuoLingo classroom link
 - a. Example: www.duolingo.com/classroom/jpgjzd
2. You can retrieve your classroom link on your main page then the settings link

Join Matthew [REDACTED] classroom?

Matthew [REDACTED] will be able to follow your progress, control your account, and give you assignments on DuoLingo.

YES, JOIN

NO, DON'T JOIN

3. Once the students accessed the link, have them click the button Yes, Join
4. On the next page, direct the students to click the login button on the top right
5. If they're signed into their Chrome Browser with their Masco profile, when they click sign-in to Google, it uses their account to sign in.

** If this doesn't work for a student, please email Matthew Riley at mriley@masconomet.org or dial Ex: 12187 **
