My Appearance and How Others Perceive Me

My family sees me as someone absolutely trustworthy and reliable.

I delivered on the promises I said I was gonna do, and I became that rock in the storm like Andrew.

I don't doubt myself.

My parents are super proud of me, also my grandparents, and they see me as the *grown ass man* individual I've become.

I gave EVERYONE the German Passport, protecting all of them, dad, sister, Coco, Brenda, abuela, the Fincks, everyone!

My friends see me as someone different. New respect from them.

Women see me as a potential partner. Now that I'm making good money, and I'm super witty and charismatic, they want me to close the deal with them, and they wish they are the ones chosen by me. I'M THE PRIZE.

I don't fake my hand-gestures, my body language, my game... I've adopted it.

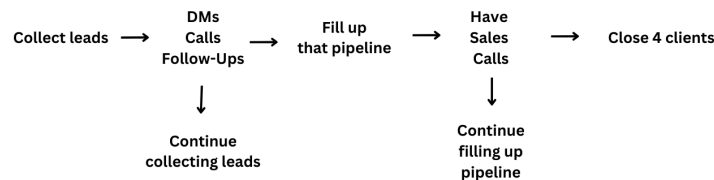

I strive for genuine desire ← REAL power.

My Reasons Why

Being able to move to Madrid with Alan by January 2026, and get Spanish citizenship by January 2028 (possible with discipline, aggressive deadlines and wanting to make money quickly! After quitting my job, I pulled it off.)

Helping my parents out with the rent.

Flying grandma to Carlo and Brenda's.

**2-5 hours of this every day,
1 hour at least**

**REAL WORK FOR YOUR
BUSINESS!**

(Luc's Definition)

I don't ask to be seen — I radiate.
Women feel me before I speak. I walk in with *gravity*.

I don't compete — I dominate in my lane. My friends were the pick back then—
but I'm *the man* now.
I don't fight for attention. I own the room I walk into.
I don't compete with boys — I lead like a king."

He mocked the boy — but I lead as *the man*.
I'm not waiting to be chosen. I select. I lead. I pull.

They mocked the prototype. They never met the weapon.
Their names don't carry weight here. I walk louder now.

I don't run from tension — I own it.
Attraction is mine to command.
I'm not the child hiding like with Itzel. I'm the man directing.

Truth is my weapon. Tension is my ground.
I speak, I shake, I stand. If they fold, they were never meant to hold me.

I'm not my thoughts. I'm not programming.
I'm not the fears, opinions, or beliefs that were handed to me.
I'm the one who sees. I'm the one who chooses.
I walk forward — and reality adjusts to my will.

I influence reality. I am the variable. I write the code. This IS real.

I was born sharp — but now I forge steel.
Ease gave me a glimpse of my power.
Discipline unlocks all of it.
I don't coast anymore. I conquer.

I work with Tate. I work with Andrew Bass and I am a Captain in the copywriting campus. I love Cole and my brothers. They're genuine killers and they're like me.
I'm not alone.

They didn't reject me — they protected me from blending in.

**While they kicked a ball, I was loading precision they'll never touch.
I wasn't picked because I wasn't meant to beg.
I lead now — not for goals, but for territory & riches.**

They left me out. Now I move where they can't follow.
