Belgium for dummies

Option 1 :

Next week you and your group will give a short presentation to the Italian students about democracy in Belgium and you will answer some questions they will ask you.

Final product : An online powerpoint presentation where you will give oral explanations during the live session.

Method :

Make a list of what you definitely want to talk about

Divide the topics per student

Each pupil makes 1 slide on their topic

Bring everything together in an online presentation (Google presentations) shared with all group members and also teachers.

Option 2

Make an elevator pitch about Belgium :

Make a short video introducing democracy in Belgium in 1 minute. This is very short, so make sure you say the most important thing and that after watching the video, the partner country students understand the essential info about democracy in Belgium.

Final product : an elevator pitch video that you send to your teacher
