

This is a callout of a Deviantart user named Zexperience/NotSoSafeEgg. For the sake of simplicity, I will refer to him as "Zero". However, he has gotten into a fair bit of drama in the past. Recently, he has done some extremely concerning stuff that needs to be addressed. He keeps getting away from his horrible stuff, like due to his guilt trips, excuses, manipulation and playing victim card.

If you are against Zexperience, please spread this to everyone on Deviantart with Status updates and Journals. This is absolutely inexcusable and I'm getting sick and tired of everyone still supporting him today.

Now, with the little information let's get started.

**[HIS FRIENDSHIP WITH FALCONE360](#)**

For those who don't know, Falcone360 is a 18-19 years old user with a terrible track record. He is notably infamous for being inexcusably sexual towards and cyberstalking other people and generally causing widespread discomfort. Instances of this include: Impersonation JJproduction297 for having his profile picture taken on Twitter and started spreading people with misinformation about him, manipulating people to believe his lies, didn't give them a permission to draw them as NSFW contents and making lots of alt accounts after his main account got banned in Deviantart.

You can find a lot of evidence against him, but be warned that these NSFW images are not censored.

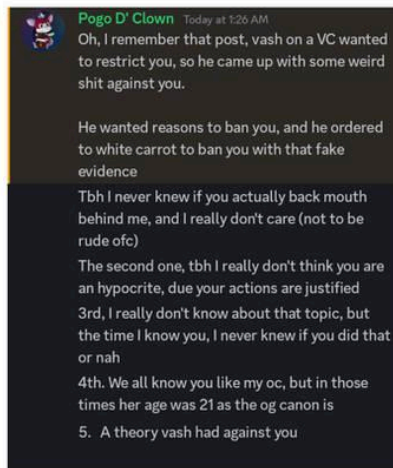

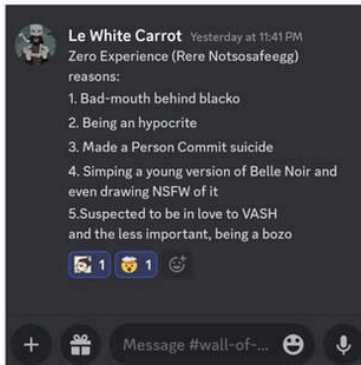

<https://xbooru.com/index.php?page=post&s=list&tags=user:Rallyanitro>

However, even though Falcone has been problematic for a while. Zero was actively friends with Falcone since mid 2023 or possibly longer.

Zero says he never knew of Falcone's behavior, but digging into evidence actually shows that he has indeed lied about this, and only cut ties with him to make himself look good.

An example of one of these lies include him saying that he didn't know of Falcone's behavior. However, he knew of Falcone's behavior. If he hated Falcone for sexualizing towards people, why has he failed to mention it until now?

# The

## Lies and Truth

I don't want to do this  
But i getting sick of it.

Something else that sticks out in the same screenshot is his claiming that he was unaware of Falcone's sexual behaviour. This is a complete lie, as he was warned about Falcone's behavior multiple times, yet he refused to listen despite the evidence being right in front of his nose.

Even though he forgives Falcone because he wants to make him a better person despite what he has done to these minors for a long time.

Hello, it's me, Le Zero and it's been awhile I don't active in here.

And I'm to clear up a thing for the best for the rest of our life

Alright folks, Listen up.

I know Falcone done some fucked up thing last year, but he did that not for no reason, he was mad at us (especially me) and that's the reason why he requesting some of those "drawing".

But you know what, He do admitted what he has done to public and he wasn't pedo after all, if he was, he would fav those lolicon stuff in DA, but he's not. It's all just misunderstanding, it's all just stupid drama I made.

And it's all my fault cuz I made him do that stuff. But gladly, I delete the rant about him and clear all up for the best.

Infact, the drama have been old now, why need to remind the past and look at back when we can go look forward for better life?

I mean, he want to change anyway, why don't we give him a chance to change? Are we gonna keep hate him cuz he only want to change and make him goes mad?

Or are we gonna let him be and make him into better person?

Or maybe even talk nice to him for sure, he isn't even do anything to us anymore. (Unless u guys start the fire)

And I need to remind you guys something, we goes mad sometimes, we do what we think it's was right to do cuz we are mad and doesn't even think about the consequences. And it's huge mistakes of us..

And now, that's all I got for now.

And for **MilitiaGoon**, sorry for make u goes mad in past and all misunderstood.

And thanks **CosmosFiny4Fun** and **SaysChocochip** for opening my eyes, I really Blinded by my anger too tho.

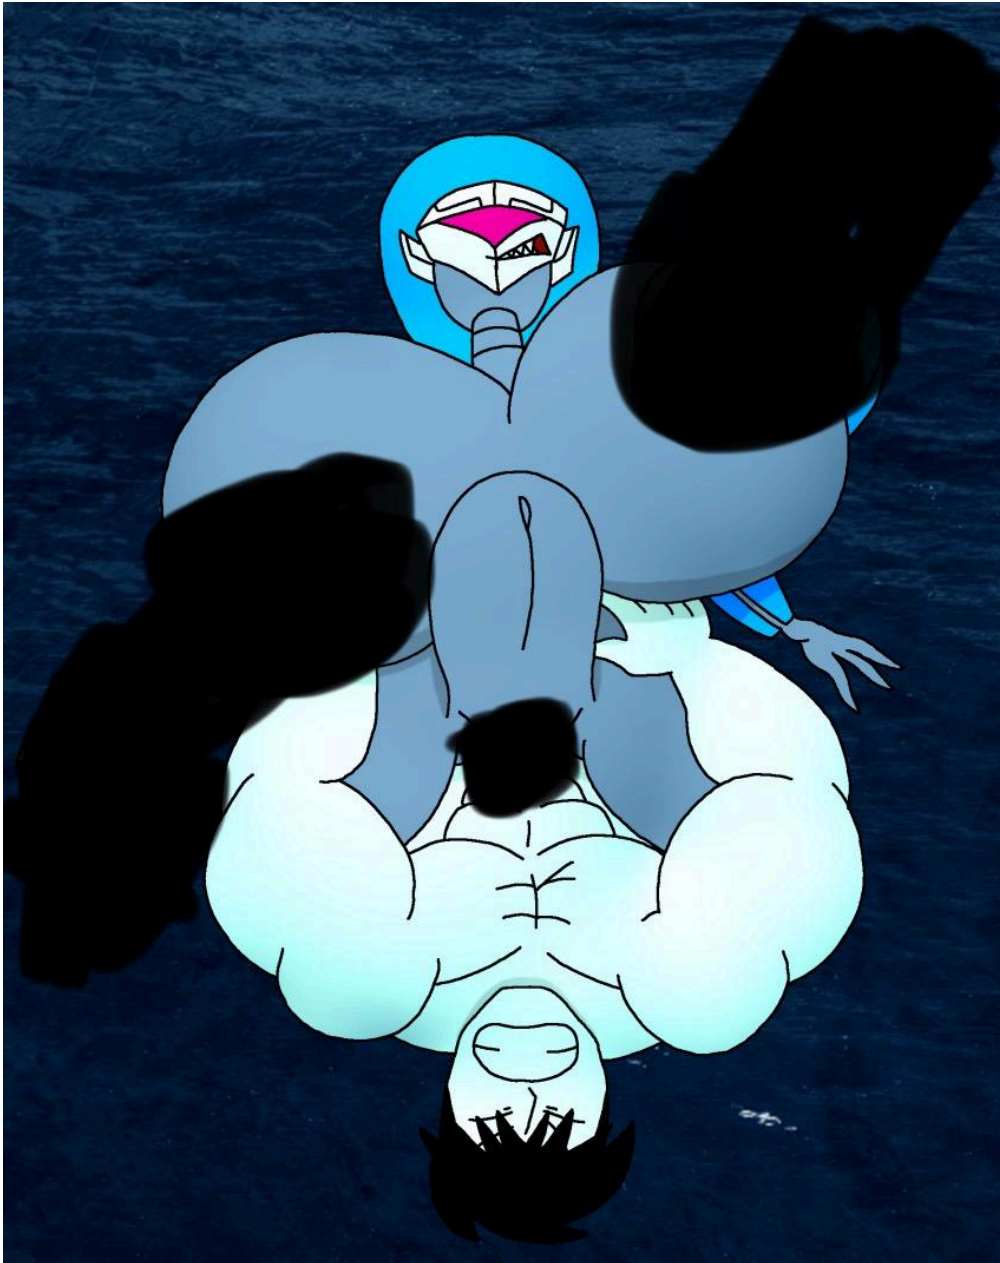

And here's Zero, signing off.

Firstly, why the hell would he say 'it's all just a misunderstanding' and 'It's a huge mistake', even when he was publicly admitting himself that he favorited some lolicon arts on his page? Secondly, he said that 'It's all in the past', because he thinks that it's a right to be a better person even if Falcone literally damaged his victims back then.

In 2022 Falcone has been requesting some NSFW artists to draw NSFW of some artist persona without their permission and some of them are minor, such as DestinyLightUp, Anonymous (asked by the user because they want to not be associated with the name anymore since they were 12-15 before they left), Mansprie, AustinSchaub(they were 15-16 in back then).

Zero is definitely aware of Falcone's horny side for now, but I remind you that these two users were underage back then.

Zero called Juan Jose a hypocritical person when he was being framed by his cyberstalker, Zero doesn't believe the evidence against him after Falcone admitted himself that he was impersonating him.

Destiny 01/22/2023 3:04 PM

Guys! I'm am terribly sorry.. This is a mistake..

Don here has told me that Juan was being impersonated by the person this whole time.

Because of this, the screenshot here was by Rex who sent it to MasterLukey and then sent it to me, isn't actually the real JJproduction you might be thinking.

Because after all, we made a big mistake for that... This isn't actually JJproduction.

It's some person impersonating him.

I should've known... Always check the icon and number first before you expose. Falsely after That!

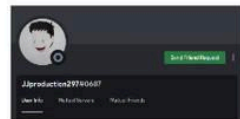

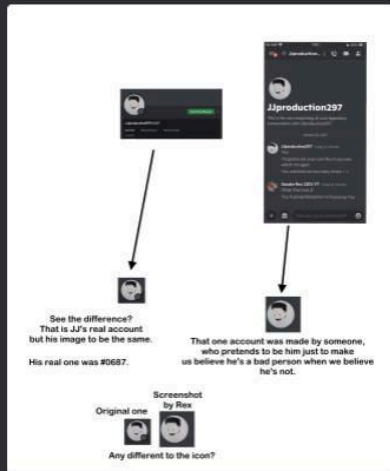

JJproduction297 I am so sorry this happened to you so much! I wasn't even thinking straight by people who couldn't show the hashtag number of you and the other person impersonating. I'm making an update here, I'm not gonna lie, I'm being honest here.

The original account by the real JJproduction297 was actually JJproductin297#0687, and his icon hasn't changed and stayed in the right place.

But the other account of this screenshot by Rex was the icon who impersonated him, and the icon was misplaced and unmatched compared to the original account of it, the icon has slightly moved to the left side and the shoulders have been briefly covered.

So that icon's different together because they may be the same to you, but they're different in place.

And again, I'm sorry for this..

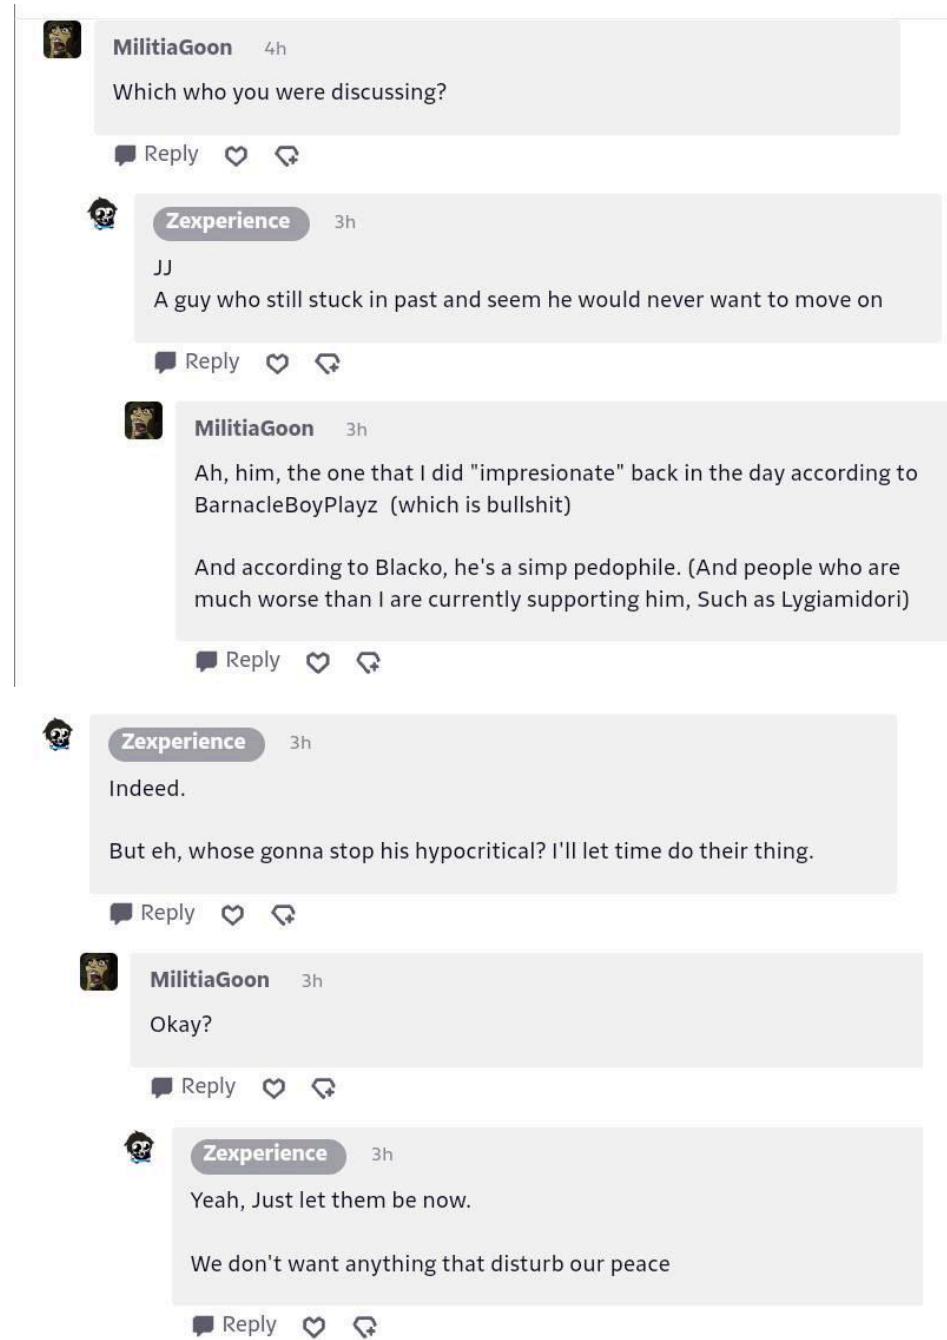

See the difference?  
That is JJ's real account  
but his image to be the same.  
His real one was #0687.

That one account was made by someone,  
who pretends to be him just to make  
us believe he's a bad person when we believe  
he's not.

Zero claims that Juan Jose will never want to move on, despite the fact that he was enabling Falcone's behavior.

The screenshot shows a vertical thread of comments on a social media platform. Each comment is contained within a light gray rectangular box. The first comment is from 'MilitiaGoon' (4h) asking 'Which who you were discussing?'. The second is from 'Zexperience' (3h) identifying 'JJ' as 'A guy who still stuck in past and seem he would never want to move on'. The third is from 'MilitiaGoon' (3h) identifying 'him' as 'the one that I did "impresionate" back in the day according to BarnacleBoyPlayz (which is bullshit)' and adding 'And according to Blacko, he's a simp pedophile. (And people who are much worse than I are currently supporting him, Such as Lygiamidori)'. The fourth is from 'Zexperience' (3h) replying 'Indeed.' and 'But eh, whose gonna stop his hypocritical? I'll let time do their thing.'. The fifth is from 'MilitiaGoon' (3h) replying 'Okay?'. The sixth is from 'Zexperience' (3h) replying 'Yeah, Just let them be now.' and 'We don't want anything that disturb our peace'. Each comment box includes a profile picture icon, the username, a timestamp, the text of the comment, and a row of interaction icons: a speech bubble for 'Reply', a heart for 'Like', and a circular arrow for 'Retweet'.

**MilitiaGoon** 4h

**MilitiaGoon** 3h  
Ah, him, the one that I did "impresionate" back in the day according to BarnacleBoyPlayz (which is bullshit)  
  
And according to Blacko, he's a simp pedophile. (And people who are much worse than I are currently supporting him, Such as Lygiamidori)

**Zexperience** 3h  
Indeed.  
  
But eh, whose gonna stop his hypocritical? I'll let time do their thing.

**MilitiaGoon** 3h  
Okay?

**Zexperience** 3h  
Yeah, Just let them be now.  
  
We don't want anything that disturb our peace

However, seemingly overnight. Zero seemed to instantly turn a new leaf and he betrayed Falcone on a whim, which is suspicious. He was defending Falcone like a tiger around his cubs so this sudden change of behavior was weird.

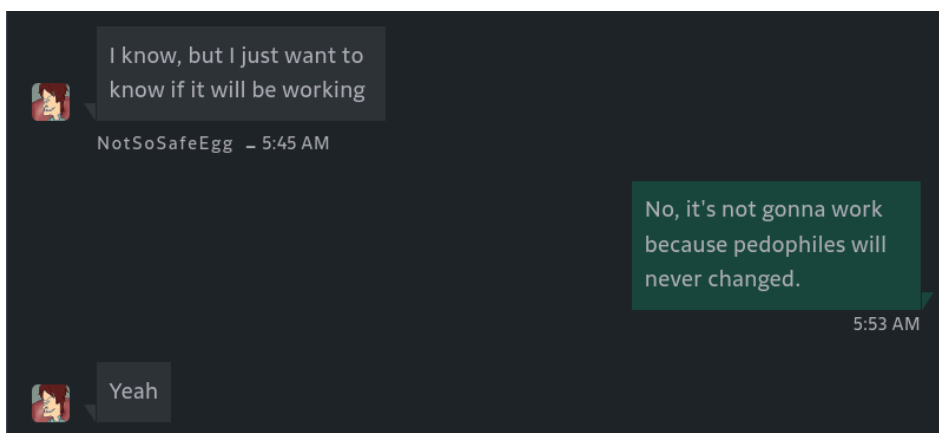

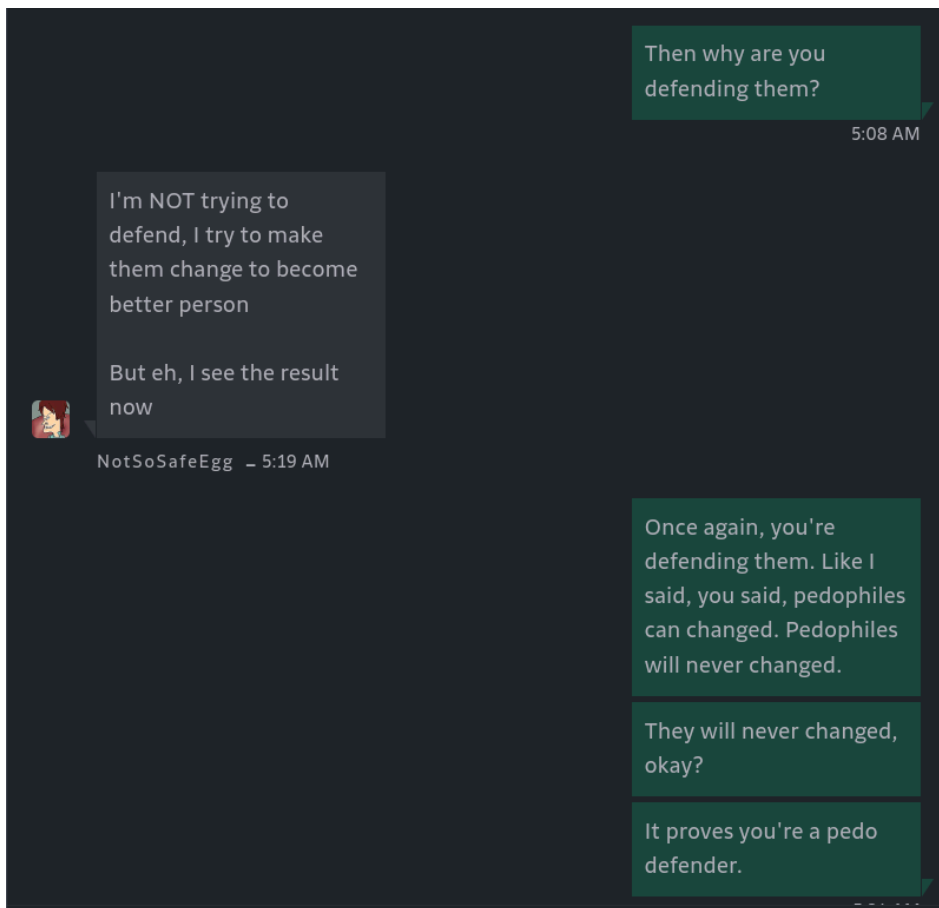

Another thing, Zero said that 'Everyone deserves a second chance' which includes Falcone as he thought how Falcone was innocent. He even said 'Oh, but he was in a bad mood', which was Falcone's excuse to get away from the situation.

This supports the statement that Zero was on Falcone's side the whole time, and the only reason he changed sides was to look innocent.

He wants peace and friendship here but forgiving pedophiles and toxic users isn't it and he needs to stop acting like a Steven universe wannabe and learn that not everyone has to be forgiven.

## **PROBLEMATIC FRIENDSHIPS**

To put it lightly, Zero has a problem with being friends with problematic people. These people can range from being weirdos to actual groomers and pedophiles. It's thought that the reason he's friends with such problematic people is due to Zero's mindset that 'everyone wants to become a better person', which honestly just comes off as just a fancy way of saying he doesn't wish to acknowledge these people's wrongdoings.

A portion of his problematic friends include:

- **SaysChocoChip**

Choco constantly posts NSFW contents which includes his original characters, Amy Rose and Coco Bandicoot. What I remind you is Amy Rose and Coco Bandicoot are canonically minors. He has favorites bunch of NSFW arts out of underage characters including Amy Rose (12), Coco Bandicoot (likely a teenager), Octavia (17), Blaze The Cat (14), Tails (8), Sticks The Badger (16) and Sonic The Hedgehog (15).

He usually uses 'They are aged up and it doesn't look like a child' as an excuse to make people believe his bullshit.

Just because you age up these underage characters doesn't mean they are all adults, they are still considered minors.

Choco even calls Juan Jose a simp when there's no proof of him since Falcone has been impersonating him.

Threatening to dox those who oppose their 'only I follow my own rules even tho DA tells me not to sexualize minors.'

We'd give two shits if you drew adults dude, again nsfw is nsfw. But you decided to draw and sexualize minors and AGED THEM UP FOR THE PURPOSE TO SEXUALIZE THEM. It's not a fucking 'drawing'. It's depicting a minor character in a sexual situation. Also, learn to draw anatomy better you gooner, I'd pay you NOT to draw that sort of shit if it would get you to stop. Again, draw canon ADULTS, not MINORS AGED UP TO BE SEXUALIZED.

<https://www.deviantartsupport.com/kb/en/article/what-is-deviantarts-policy-regarding-the-age-of-fictional-characters-in-mature-or-explicit-art#:~:text=DeviantArt%20has%20a%20zero%20tolerance.canonically%20under%2018%20years%20old>

(DeviantArt has a zero-tolerance policy with regard to child exploitation (content depicting sexualized minors, regardless of medium) which extends to all fictional characters who are canonically under 18 years old. Fictional characters that have been “aged up” are still canonically under 18 years old.)

These are the rules of DA itself, if choco doesnt like them, he can fucking leave DA and do everyone a favor.

"Others do it too."excuses do not cut it either, they are also breaking rules. Would you shoot yourself in the foot if you saw others doing it?

Plain and simple, they will get punished too, just like you are. No one is above the rules so get over it.

Those NSFW drawings were made by Julian Marrero, who is 14 (now 18). Antonio is 21 (now 24 years old). I already know that Victoria is a 4 year old character and she keeps getting sexualized by Julian Marrero.

He's also defending Ced145, claiming it was all a misunderstanding while it's not, because Ced knows Dayron's age, when she's older than him and they had a creepy romantic relationship last year.

You could only say "It was all a misunderstanding", when the shit she had done to Dayron? You're also a pedophile as well, Antonio because you groomed a 15 year old in 2022.

<https://www.deviantart.com/the-canadian-kiwi/art/The-Dark-Past-1065772925>

CHARACTER Rosaline Hersham

Good evening. This is TheCanadianKiwi Projects. I haven't recently been brought to your attention this is my call out about the dark past of social media. That's right ladies and gentlemen. I have improved myself was my life ruined this year while the dark past tried to scare and hurt me. My old Deviantart account was started in 2014, but also when maybe doing weird fetish content in 2016 with underage characters was not okay. I just do not understand what was wrong at 19 years old and violating there was not okay, and I don't know was a lack of support. In the role-playing minors from 2021 at the during COVID-19 Delta Variant, in the old Ra1nb0wK1tty101 Discord server, I gave all said Princess-Love-Brite/Cupidgirl2323/Saphir-the-Cat. For example, this is true when typing inappropriate words, I am so horrible and cringed. Also, my original character in the was doing fetish content? No! It considers fetish content is not okay! It is considered p3d0 and hypocritical,

okay! It is considered p3d0 and hypocritical, that's why my mates do not support bad people! I should we going to apologise to the all victims in the hurt. And so, my best behaviour was unacceptable and then caused serious trouble. I was guilty of losing my mates, and everybody hates and blocked me such as Martaceccanti2000, SKYAgentJake, sylbea, Remi004, DarkFairy1999, VincentTheWerewolf, DeliTheSweetFox, Sparkster25, PurpleYoshiAm22, NormanTheWolfman2002, ZaneTheKnight, and others because of my dark past from my new Deviantart account was started in 2021. Maybe we should to myself, block, and touch the grass. That's the deal with my immature behaviour and can be right of the challenge. I'll try to my best be the best person, fix my problems, unblocked me, watch me, and this will never happen again.

I had experience with MsTwirlePoofs. Is it innocent? Yes! Because she's p3d0 and diaper content, it looks like the minors roleplaying, but my expose folder at Google Drive is gone forever. What about having experience with Pepper-Color? What he did was true was drawing underaged characters like Pizza Tower. Pepper draws fetishes artworks most of which the characters are underage. Afterwards, every user had to warn Pepper to stop the fetish artwork and once for any other.

I was overwhelmed by things with Ced145 at the last week in the groomers sometimes, and I don't believe it is groomed at SpongeDaryon.

And of course, I can't tell whether someone tells the best or worst person depending on my dark past. Is there anyone who ever committed p3d0 or if you making underage fetish content or something. I will block you and never speak again for the rest of our lives. Just because don't want the past like Ra1nb0wK1tty101, AiAi4948, Alex-Canine845, Pepper-Color, or MsTwirlePoofs.

If you see this ladies and gentlemen, i had to admit my mistakes with old past, and i'm sorry of all this madness, and it'll have to wait the unblock me and watch me soon.

And so, i hope you understand, cause i honestly don't wanna to be bad guy. I just didn't behave myself very well because of my anger issues.

I will never these dark past things again.

Thank You.

## **SEXUALIZATION OF MINORS**

To get this out of the way, Zero has been drawing NSFW contents which involve female characters or R63 characters. He's claiming that these characters are not children even though he aged up these underage characters to sexualize them and thinks it's not a problem despite him being a pedophile.

Here is some evidence of drawing NSFW images out of minors.

Plus, when he got confronted by people when he drew Luz and posted this. At best his response wasn't any better just guilt tripping and making himself look like the victim. I do

have a counter to his claim.

Does this  
look like a  
child for u guys???

Okay, I do have a counter to his claim. You know how he said she's 18 at the end of the show right?

This is what she looks like when she turns 18.

So despite saying she's 18, he based her look when she was a kid.

He didn't draw the 18 version, that's the 14 version.

Plus he can't really hide because there's a clear difference in the character's looks when they turn 18.

Not only he sexualized underage characters, he also sexualized Jaiden animation and her mother who are the real people!

Well, according to Jaiden herself, she doesn't want her IRL sona and her mother to be sexualized by people.

Also Fictional or not, they are still considered minors.

Judging by the fact that he added 'aged up' in the mid sentence of this is due to the fact more images against sexualization of underage characters. And to poison the apple even further, he even said he liked the NSFW underage characters arts by his adult friends due to the 'it's not a goddamn child, how many times do I have to make the statement?' And he cannot possibly be referring to anyone else with this sentence due to mentioning SaysChocoChip in the same comment. So he was aware of his adult friends making NSFW posts about underage characters, and his response was that he didn't care about the underage characters, and that we should just 'deal with it' because of him being 19.

about TheMasterCreative

Tch, this man... I have nothing to do with him anymore, nothing I could explain about him.

about drawing the aged up characters

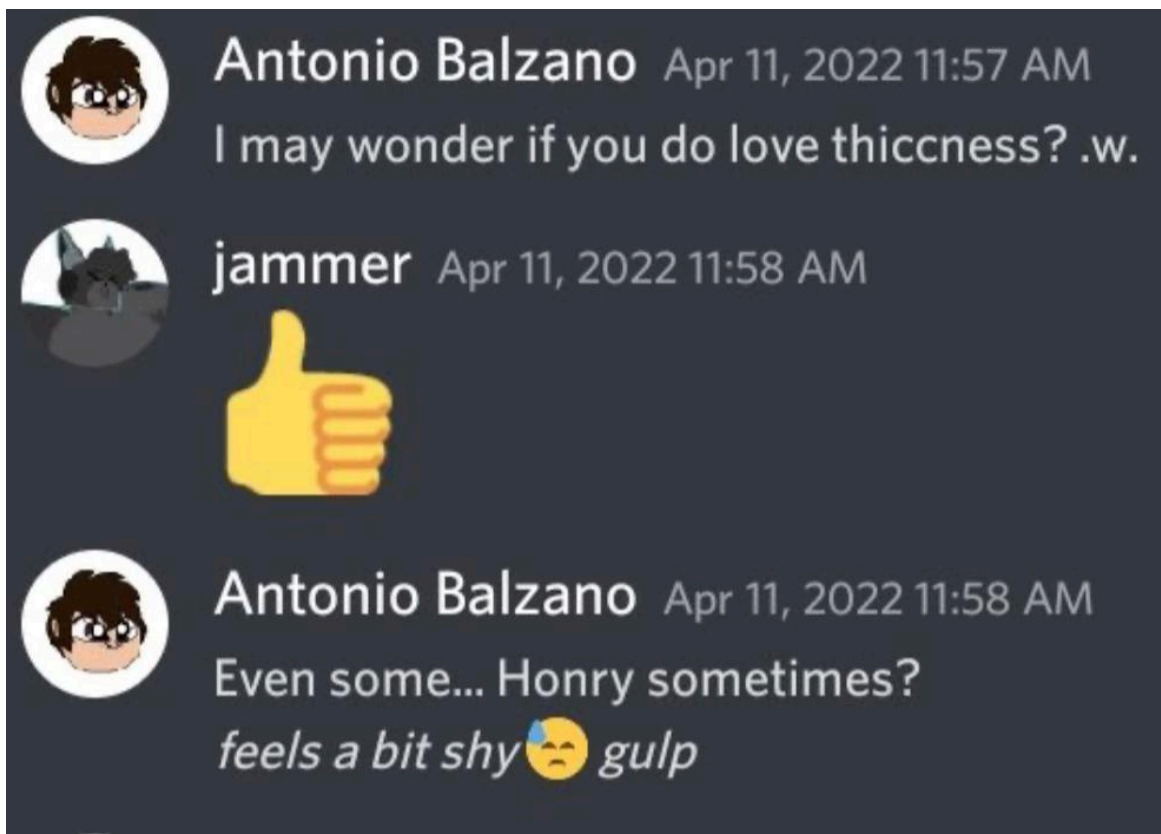

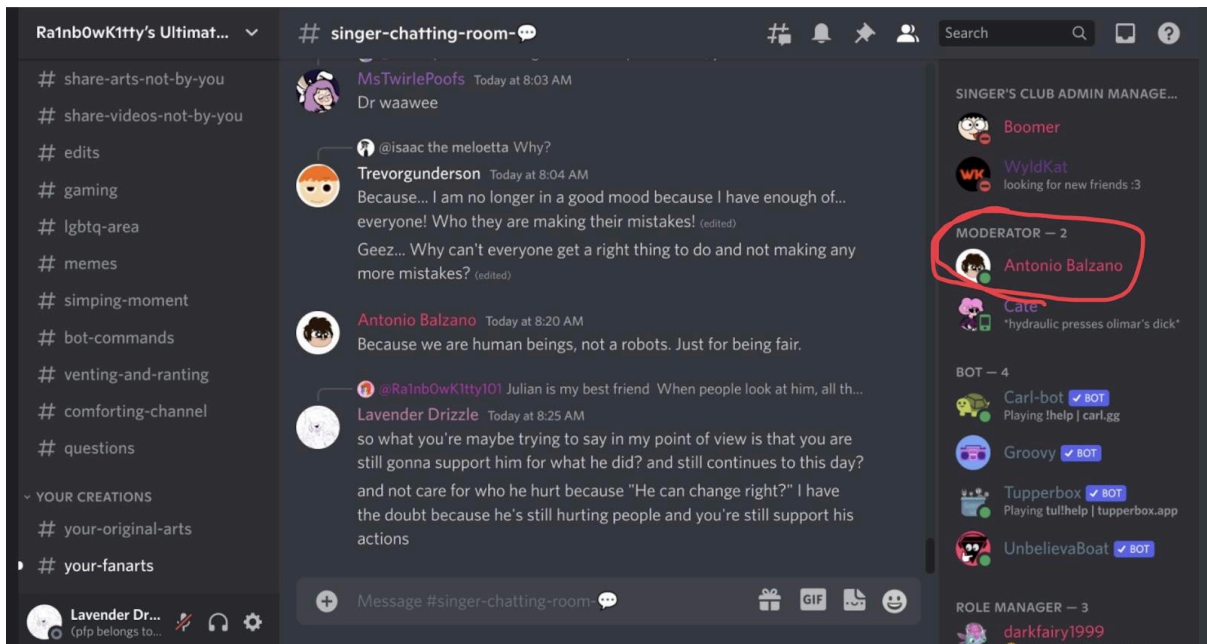

u see? "Aged up" character, I hate to explain it cuz it's obvious, it's not a god damn child, how many times do I have to make the statement? if I was a pedo, then show me one that actually looks like an actual child/loli physically

## **ENDANGERING MINORS**

This is a short section because I wasn't in Zero's drama last year and I will update it as I find more evidence.

In short, many of his adult friends actively flirted with minors by responding to their artworks with rather creepy responses and formed relationships with them. Zero knew this, and despite knowing, he did absolutely nothing and continued being friends with Pedophiles and Groomers. He endangered the safety of his watchers by letting his adult friends flirt with them without intervening or even acknowledging it despite knowing what was going on. A

responsible man would warn or cut ties with the adults and tell them to stop flirting with the minors, but he did nothing at all.

glad I'm not the only one who thinks that zexperience forgives anyone easily, that's probably the reason why I blocked him on DeviantArt because he forgives people too easily, I know he wants peace and friendship here but forgiving creeps and toxic people isn't it he needs to stop acting like a Steven universe wannabe and learn that not everyone has to be forgiven

Zero should be aware of people, what they have done to these minors. But what does he care about? He only cares about his pedophile friends despite being warned by people to tell him to stop being friends with them and he did nothing at all and claiming 'It's just a misunderstanding' or 'It was a mistake', it's more than just a mistake.

Also don't call people in this situation 'Hypocritical' or 'Stupid' because they looked up to Zero for a very long time. If your idol didn't do anything while you were aging these underage characters up to sexualizing them, you'd be upset too. So no need to act like a dick.

It's very hypocritical of him because he said that he cut ties with Falcone360, Ced145, Pepper-Color and Ra1nb0wK1tty101 but continues being friends with pedophiles.

## **CONCLUSION FOR NOW**

Zero is disgusting, irresponsible, immature and a Pedophile. The only reason he's getting off scot free is because a majority of his brainwashed fans don't understand the severity of the situation or bootlickers/dickriders who refuse to admit their King is not pure.

So, to put it lightly, Zero has been aging these underage characters up to sexualized them or at best was very irresponsible with them, refuses to address his drama and blame it on 'Does it look like a child to you?' or 'It's just a misunderstanding' like that's an actual excuse, sexualization of minors, is friends with lots of problematic people, lying, etc.

I will continue to update this document as more evidence comes along, so if you are an ex-friend of Zero, please feel free to send me anything on this scum.
