

You can help your child's math confidence with DreamBox Learning® Math lessons, designed by teachers, available for grades K-8. **If students already have an account through school, they will log-in using their username and password. For students who are getting an account for the first time, the username is your child's student number, and the password is their six-digit birthday, ie. "010103" (MMDDYY).** For DreamBox parent support, please see the back page of this document.

Dreambox is available to all students, even at home! If your child already has a Dreambox account, or is new to DreamBox, he/she can access it from home with a few easy steps.

How a Student Signs in to DreamBox

1. Click on the link
<https://play.dreambox.com/login/muje/>.
2. Click on the school link your child attends.
3. Enter username and password in the "Text Login" box to access DreamBox.

How to Set Up Parent Access - OPTIONAL (For more information, click [HERE](#))

1. Click on the link <https://play.dreambox.com/login/muje/>. Select your child's school.
2. Your child will enter his or her username and password to access DreamBox (see bold text above for username and password information).
3. With the student signs in, click the "Set Up Parent Access Link" in the bottom-right corner of the screen. A page opens with "Parent Account Setup For"
4. Enter your email and create a password. Click "Submit."
5. Now, you will be able to log in to your Family Dashboard (see steps below).

Steps to Log-in to Family Dashboard - OPTIONAL (For more information, click [HERE](#))

1. Visit <https://play.dreambox.com/play/login>.
2. Enter your email address and password.
3. Click "Log In" to gain access to your Family Dashboard.

Need some help? Please email your child's math specialist below.
