8. Glue the tag with the ribbon to the right side of your focal piece covering the stem of the leaves.
9. Die cut (2) flowers using a couple of the flowers from the Sentimental Park dies. Glue dot them to the top of the tag covering a little bit of the leaves. Put gold sequins in the centers of the flowers.
10. Die cut a large butterfly and a small butterfly out of the Gold Foil using the Brilliant Wings Dies. Put a glue dot on the body of the large butterfly and attach it to the upper left corner of the tag that is on the front of your card making sure you don't cover the sentiment.
11. Score $4\frac{3}{4}$ " x $3\frac{1}{2}$ " piece of Basic White CS at $2\frac{3}{8}$ " and fold in half like a book. Glue one of the $3\frac{3}{8}$ " x $2\frac{1}{4}$ " pieces of flower DSP onto the left and one onto the right inside panels.
12. Glue your stamped tag to the right panel and use a rolled up glue dot to attach the small butterfly to the left side.
13. Score the (3) small strips of Basic White CS at $\frac{1}{4}$ " on each end and then fold each of them in half.
14. Watch my [Tutorial](#) to see how this part is done. You will end up with a flat strip. Glue the $4\frac{3}{8}$ " x $3\frac{1}{2}$ " decorated piece to the center of this Flap in the center of the card.
15. Add three opal rounds to the tag on the front of your card.
