

Rn I am writing this document. I do not know what to expect as of now, since I had never really written such things. But enough of that.

Update: this gonna be like a thermonuclear bomb compared to previous docs.

Exposing @KORAXLUST also known as Kora I will be referring to this guy mostly as Kora for simplicity.

Now, before the Kora riders come out/Kora yaps shit, i made sure to put as much evidence in here, as well as put the links to thus said evidence and links to archives if possible. Also, this doc is made NOT to talk about Kora being obviously that damien guy or whatever, those who can think a bit understand it anyways. This doc is about the kora as in actual kora that publicly left all these messages/things and other stuff.

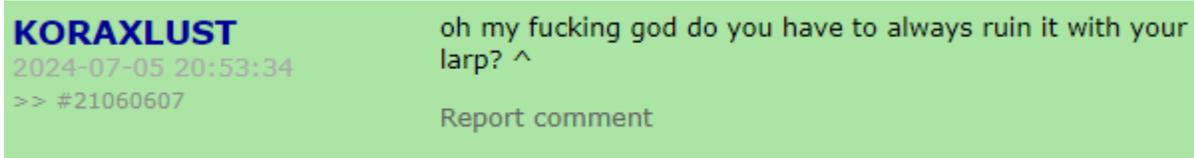

IF you do want to find out more about this kora damien situation i suggest you check this one out:

https://docs.google.com/document/d/1PySzi8uPwUWCPB_AvfoE4-MLHS5R4Jrbgru3K6fnm6w/edit#heading=h.frwsk8l6o1ox

With that being said, here it is.

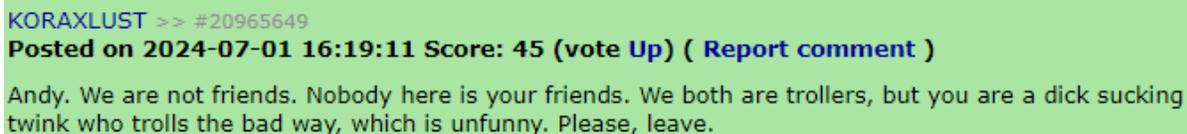

Part 1: personal experience

There was a lot that had happened between the two of us but in short. I had found this kora guy once, he was posting just shitposts at the time, which caught my attention. Honestly, i did like those, sadly, kora did not accept me like i did, not even from day one. I do not have a lot of links to the screenshots from rule34 and really it's not our main focus really, however could prove future points. Just have this.

A screenshot of a comment from a user named KORAXLUST. The comment is displayed on a light green background. The text of the comment reads: "oh my fucking god do you have to always ruin it with your larp? ^". Below the comment, there is a timestamp "2024-07-05 20:53:34" and a reference to "#21060607". A "Report comment" link is visible at the bottom right of the comment box.

^this right there was probably one of the first instances kora had acknowledged my existence, not knowing what it would be one day.

A screenshot of a post from a user named KORAXLUST. The post is displayed on a light green background. The text of the post reads: "Andy. We are not friends. Nobody here is your friends. We both are trolls, but you are a dick sucking twink who trolls the bad way, which is unfunny. Please, leave." Above the text, there is a timestamp "2024-07-01 16:19:11", a score of "45 (vote Up)", and a "Report comment" link.

^me trying to be nice and respect his artworks (turns into a disaster)

^whatever i am, i'm glad, good for you and do the damn arsenal match already for christ's sake

^again, I don't know what i did wrong, and still try to be nice oh well..

There's way more, but I'm trying to just show my point of view here, and perhaps this could help some see who Kora really is. He may try to act a bit "nicer" these days, but it's still the same person.

Part 2: accusations

Now, I know I'm talking about Kora here, but how could I not include his constant attempts at portraying me as the most evil person imaginable.

Kora had accused me of things many many times, so many times in fact i probably don't have them all screenshotted. But enough of that, let's cut to the juices, let's start where he first accused ME of being this uh ork guy?

andy is a failed roblox game developer known as "Ork3r" who picked me because i am more successful than him in every way but also obscure enough to not have 50000 scp guards floating around me, presumably because of the anim of Kolbasa sucking horsecock, my source? ex-affiliates of ork

also apparently ork wanted to make a condo at one point while he was 15 for his friend who was dating an allegedly 13 year old girl while he was 18 lmao

Yeah, the messages speak for themselves really.

Now, imma be honest, not really convincing, probably what our little guy kora thought as well, so here he is leaving another interesting message

i got some info on andy, he is ejawesome2015, one of the developers for the battle bricks, keep in mind that he has a major scat fetish, and is heavily obsessed with me despite making furry fart porn

Would you look at that, and hold on wait a minute, it was left under his last post he got to make from that account, why? Because it was a video where he put the alleged face of that dude. I'm out of my words, Kora just uploaded a doxxing video, of who he tried to frame as me. That's disgusting, I'll be honest, very very low. For obvious reasons that post does not exist anymore.

As some form of proof that it did exist/was made by kora here's a link to a tweet by kora where He says quote: "my account was recently banned" and more yap here's the real image

Tweet: <https://x.com/KORAXLUST/status/1816160909846335507>

Archive: <https://ghostarchive.org/archive/Ohsdf>

Note that by "Vesselgarden" he's referring to eja.

Now here's the part where it gets really weird, considering my guy said "he's over 18 so its ok" (even tho it aint really regardless)

Our guy Kora contradicts himself (no way)

Another strange thing I noticed is how Andy seemingly did not give a flying fuck about the creator of the docs made on me that he helped, V3sselgarden, after he was exposed as a 17 year old game developer known by Ejawesome2015, specifically one of the guys behind The Battle Bricks, Muffin Kombat 2, and other things that nobody gives a shit about.

^this is from the doc kora has released "exposing" me or whatever.

I'm not gonna sit here and explain the obvious bs he had spilled in other sections such as me being "connected" to him or the docs, I was not. I found the 1st doc because it was left under Kora's tweets, and I got into contact with one of the fellas that had been spreading it, I only got to talk to that one guy. So basically what i'm saying is, the part where he yaps about me being with him in a fucking discord server is literally as bs of a bs as it gets, he did not put even a single screenshot/image. My guy did not bother to even make a simple photoshop OR inspect element, sorry. Back to the point. As you can see he says there that this eja or Vesselgarden guy IS a MINOR and not just a minor but 17 YEARS OLD, that's even worse, it wasn't justifiable before really, but now? Man...

If you ever wanted to waste about 10 minutes of your life reading just pure bs go to the og doc kora had made:

Part 3: Disgusting and unacceptable/unprofessional behavior.

Okay probably the simplest one yet,

This is the part where it's just as it is, I am simply laying out the facts.

Part 3.1: meee

I decided to make the part 3 into 2 parts since yuh.

So let's start with the easiest one here.

Kora had stated multiple times that i'm a kid or stuff like that, yk a MINOR.

And cool, it'd be fine if it would end right there, but no. He is clearly pissed, if we assume that he actually believes that he's saying these things to a MINOR then this is very bad.

First of, he interacts with me, and also honestly had borderline harassed me at times but you'll be the judge of it, again keep in mind he believes/thinks that i'm a minor, he thinks he's talking to/saying things to a minor. That is not acceptable, a porn artist should not be interacting with, let alone harass minors. (or anyone really)

would try to ignore him with
g, and after debunking hi
i this little child.

<part from the same doc from kora.

^the tweet: <https://x.com/KORAXLUST/status/1836102096514363719> <pretty obvious to tell it's talking about me giving the context of other tweets above.

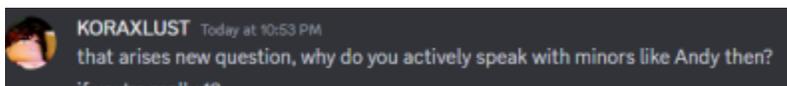

Archived version: <https://ghostarchive.org/archive/QFwZ5>

Let's also not forget that sweet sweet part where he tells me to kms ❤️

I hope I got to clear things up properly. Im not letting myself be put down by this future suicide victim who's a mere wannabe with no passions in his life beside harassing other people to make himself feel better, maybe, just maybe, some children should kill themselves <33

^another evidence/proof that he believes and or thinks that i'm a minor, and also that he told me to kms

Again, links to that doc had been already linked.

^*9/25/2024 addition* yeah that mf has lost it, he actually thinks he was saying all these things, and harassing a minor 🤡

We can also consider counting the part where he stalked me into a server I was in as stalking and or harassment, but honestly I could care less. Oh wait, I already typed that out? Hmm

There's more instances of him being overly toxic towards me, but enough of me. Let's take a look at how he handles other people, especially minors/those he believes are.

Part 3.2: the part where kora handles minor situations unprofessionally/unacceptably.

Soo I would not be surprised if he had handled more such situations poorly but I think I have enough here to show my point.

So, imagine you are a porn artist, you have the "18" and so on, clearly you do not wish minors to interact with you, as well as you acknowledge you shouldn't and really as a porn artist having porn plastered anywhere blocking a minor at first sight is the 100% right move. So, riddle me this, someone left a comment under your post and you found out they are 15!!

What are you doing in this situation?

A: Hmm i should block him, it would be the right thing to do after all.. No minors after all..

B: I'll just ignore

Which one do you fellas think Kora chose? Well y'all are wrong because this fucker quote tweeted that poor guy or something like that publicly mocking him and just being an asshole about it, he didn't even mention that he did anything after so for what we know that minor could still be exposed to the horrors that Kora makes.

^the tweet/quote tweet i was talking about.

The tweet: <https://x.com/KORAXLUST/status/1828058580911600025>

The archived version: <https://ghostarchive.org/archive/IAEKe>

Again, there could be more instances of him not doing the right things but I wanted to lay out the actual proof.

Part 4: conclusion.

Now what does any of this mean?

tl;dr

Kora is a very toxic hypocrite that literally will frame you as anything and try to dehumanize you in any way possible, that means. Accuse you, frame or just straight up lie. It's all he will do just because he didn't like you enough apparently.

First he was not so welcoming, then saying I was harassing him (even tho at that time all I did was say that his stuff was nice and just be nice to him really) and then just straight up accuse me of very horrible things.

As well as he clearly does not know how to properly handle situations such as minors walking into his profile even tho he is a porn artist making thus said content.

With that being said, what am I trying to achieve with this document?

I want people to see the truth, I want people to realize what kind of horrible person Kora truly is, and cut any ties they have with this guy, I believe that people can do something, I am asking to kindly spread this document with your fella roblox content creators alike and just see the full picture.

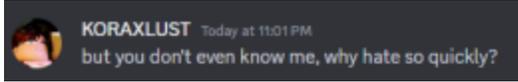

I do believe that Kora is that Damien guy, and still encourage you to read those docs about him as well, that you share this doc around with your fellow roblox uhh creators... This is a serious matter as this guy does not care who he interacts with, he will interact with minors, publicly harass them, shame and so on, he will not stop until he will be stopped. He will accuse you of being who you're not and call you out for things that you're not, and will go as far as to actually doxx you.

DO NOT LET THIS CONTINUE!!!

I will be updating this doc if there will be more good enough info coming up, by good enough I mean instances that were not listed, for example, if he'd tell me to kms again or something like that, i will not bother adding those, you can see them yourself if you want to, but if there will come out news for example that he may or may not have groomed someone, or just really anything ACTUALLY new, i will add it to here if i will be able to prove it (e.g links and archived links, and screenshots)

Good luck explaining and justifying these ones damien :)

9/25/2024

Damn boi the hypocrisy is CRAZYYY like damn, why you started to hate on me from the moment I left just ONE fucking comment, that was literally supportive, shame on you damien or kora or how ever the fuck you go by smh SOOO hard rn damn.
