Charlotte Herb Guild

Our programs focus on the culinary, medicinal and decorative uses for herbs, as well as information on pest control, composting, plant propagation and garden planning. We tend herb gardens at the Charlotte Museum of History, the McGill Rose Garden, James K. Polk and the Charlotte Council of Garden Clubs. We have a lot of fun working with and talking about herbs!

The Charlotte Herb Guild meets evenings, the second Tuesday of the month. Most programs are open to the public for a guest fee, others are members-only. Please see our Facebook page for information on membership, tips on herb gardening and other fun stuff.
