## My Goals Achieved

- Landing 2 big partnership-clients in the next 3-5 months:

Finally learning how to offer my services in a concise and influential way. Learning what people's pains and desires are nowadays and listening in to convos. Get a better understanding of people by actually talking to strangers and gathering strategies and intel for my copy projects.

- Make 10k in the next 6 months::

- Secure 2 retainer clients (ill mostly enjoy working with):

Enjoying more free time for myself and going out to healthy restaurants with the family every weekend. Me paying without worry, especially because I've paid off my car loan of \$7k, finally, paid off and debt-free.

---

## My Rewards Earned

- More family time, dog time, a bit more time to build a relationship and chit chat a bit, more time prepping healthy meals. Like steak, veggies, and some good choice carbs.
  - Newest iPhone with a great mic for the organic content I'll be posting. Getting the attention I deserve due to my forging through constant copy challenges and the results I have acquired with clients.

---

## My Appearance And How Others Perceive Him

- People will see me as the most confident and attractive man, the ladies have ever seen. Men will see a guy with a real, genuine purpose. Strong and sharp eyes with the communication of a Latino Albert Einstein and the 'rizz' of a Mexican Tate.

---

## My Day In The Life Stories.

- Wake up doing the hardest or more grueling task, which is deep work/working out and hitting the jog with my dog. Then hitting my nice condo with dogs and a big family, feeling NO STRESS due to my high competence and financial stability.
- I'll be definitely supporting hurt, abandoned, and lost dogs out there in the world, now having financial resources and brothers, I have now met from the real world.
- Soon to will have (more than enough) capital to invest in the war room and completely upscale my life from there and onward.
