NAME: \_\_\_\_\_ HOUR: \_\_\_\_\_

What is the issue you chose to comment on?

What research did you do about your topic/what do you know about it that you wanted others to learn?

How does your imagery reflect your opinion on this issue? What specific uses of imagery can you point out?

How did you incorporate text, found images, and pre-made materials into your piece? What were you thinking about when choosing what materials to use in your collage?

Did your idea change after making your practice anatomy collage (when you actually worked with the materials) why or why not?
