THE ARREST - February 19, 2026

Prince Andrew (now Andrew Mountbatten-Windsor) was arrested on the morning of his 66th birthday following revelations from the January 30, 2026 Epstein Files release when the FBI released over 3.5m documents. The charge relates to his conduct as the UK's Special Representative for International Trade and Investment, not directly to sexual misconduct allegations, as Andrew held the trade representative role from 2001 until 2011 (and was a working royal until giving up public duties following controversy over his relationship with Epstein in 2019).

Thursday, 19th February 2026

A STATEMENT FROM HIS MAJESTY THE KING

I have learned with the deepest concern the news about Andrew Mountbatten-Windsor and suspicion of misconduct in public office. What now follows is the full, fair and proper process by which this issue is investigated in the appropriate manner and by the appropriate authorities. In this, as I have said before, they have our full and wholehearted support and co-operation.

Let me state clearly: the law must take its course.

As this process continues, it would not be right for me to comment further on this matter. Meanwhile, my family and I will continue in our duty and service to you all.

LEAKED EMAILS - Confidential Information Sharing

The following emails were released as part of the DOJ's January 30, 2026 disclosure of ~3.5 million pages of FBI Epstein files under the Epstein Files Transparency Act (H.R.4405). In it, they show an incredibly large amount of confidential information sharing between Andrew Mountbatten-Windsor and Jeffrey Epstein while Andrew Mountbatten-Windsor was still a working royal and trade envoy. This was all shared to

maintain a friendship with Jeffrey Epstein; whether out of fear of secrets being divulged or out of mutual benefit is up for debate.

J,

Attached is a confidential brief produced by the Provincial Reconstruction Team in Helmand Province for International Investment Opportunities. These are not exclusive to Helmand Province but principally focused on that province.

I am going to offer this elsewhere in my network (including Abu Dhabi) but would be very interested in your comments, views or ideas as to whom I could also usefully show this to attract some interest. I have sadly already found out that Gates Foundation doesn't do anything in Afghanistan.

3. I have seen Stephen Hester and his head of retail Banking and the head of retail says that the position of Drummonds in the panoply of RBS is going to be reviewed and brought more integrated in to the Coutts side of the business but Stephen Hester is of the opinion that his subsidiary brands are at the moment no problem therefore he isn't thinking about doing anything with them and certainly the idea of selling a stake or whatever isn't in his mind because he has more important things to worry about. (you should also know that the decision to pull out of Formula One Motor racing sponsorship is also the subject of some concern in the UK and I have tried to get the government to understand this as well. In the course of this I have discovered from UKFI that Stephen Hester isn't all that well thought of and there are any number of balls being dropped in the management of RBS.) This is still ongoing and I think that there is a solution to this but that RBS haven't got the capacity to see it yet.

1. Would you object if I were to pursue Aston Martin? You need not be involved, but the inside information" would be invaluable. Surely the aim is to keep the brand going, and to keep it "British" in nature.
I know Tata would have a plan for promoting new models etc. They have the marketing ability, but have their hands full with Jaguar, and not so much ready cash to do a deal to buy from the Kuwaitis.

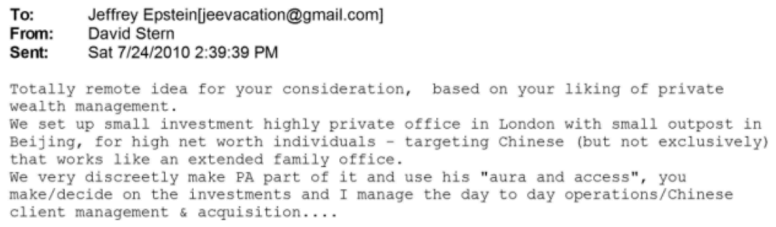

Source: DOJ Epstein Library / ABC News / The Telegraph

- **RBS Content:** CEO Stephen Hester "isn't all that well thought of and there are any number of balls being dropped in the management of RBS"
- **RBS Context:** Bank was majority owned by British taxpayers at the time following £45 billion bailout in 2008
- **Aston Martin Content:** "Conflicts between internal parties" and "issues with the management and their relationship with their owner and the State of Kuwait"

- **Significance:** Insider information about taxpayer-owned bank and luxury British manufacturer shared with convicted sex offender

We very discreetly make PA part of it and use his "aura and access", you make/decide on the investments and I manage the day to day operations/Chinese client management & acquisition....

Source: DOJ Epstein Library / The Telegraph

- **June 2010 Email:** "Informed PA that you are thinking about the company set up and I will wait for your feedback before taking action"
- **July 24, 2010 Email:** "We set up small investment highly private office in London with small outpost in Beijing, for high net worth individuals - targeting Chinese (but not exclusively) that works like an extended family office."
- **Key Quote:** "We very discreetly make PA part of it and use his 'aura and access', you make/decide on the investments and I manage the day to day client management & acquisition... big money and power (including access to power globally - see PA)"
- **The "Guru":** In May 2010 email, Andrew references speaking to "the GURU" - believed to be Epstein
- **Note:** David Stern has since resigned from University of Cambridge's Judge Business School board

These emails prove Andrew maintained an active business relationship with Epstein throughout 2010, which was the exact year that he had claimed to have visited Epstein solely to end their friendship. David Stern, Andrew's liaison and aide, acted as a go-between, forwarding information from Andrew to Epstein. Interestingly enough, David Stern's association with Andrew began in February 2010 when Andrew's wife, Sarah Ferguson, then the Duchess of York, said in an email to an unknown recipient that Epstein had introduced her to Stern and that Stern had come to the Royal Lodge in

Windsor for dinner. So, in that sense, David Stern is obviously an asset of Jeffrey Epstein, that Epstein had used in conjunction with Andrew.

How's LA? Have you found me some new inappropriate friends? Let me know when you are coming over as I am free from 25th August until 2nd Sept and want to go somewhere hot and sunny with some fun people before having to put my nose firmly to the grindstone for the Fall.
Any ideas gratefully received!

You probably wouldn't know but I lost my valet on Thursday. He died in his sleep. He had been with me since I was 2. I am a little off balance as not only has my office been restructured, I have left the RN and now my whole life is in turmoil as I have no one to look after me. He was a real rock and almost a part of the family.
If you have any good ideas as to how to get my mind back on track I'd be grateful for advice.

See you real soon... I hope if you are coming over.

I just gave Andrew your telephone no. He is interested in seeing the Nazca Lines. He can ride but it is not his favorite sport ie pass on the horses. Some sight seeing some 2 legged sight seeing (read intelligent pretty fun and from good families) and he will be very happy. I know I can rely on you to show him a wonderful time and that you will only introduce him to friends that you can trust and rely on to be friendly and discreet and fun. He does not want to read about any trip in the papers whom or what he saw.
Call me if you have any questions - otherwise you can expect a very English sounding gentleman on the phone to call up and say hi. I told him it would be best if he made his plans directly with you.
The only part that I am jealous about is that he will get to see you and that he will be in Peru and have you as his tour guide for a day

THE BBC NEWSNIGHT INTERVIEW - Exposed Lies

Date: November 16, 2019
Interviewer: Emily Maitlis

Clip1.mp4 Clip2.mp4

LIE #1: "I Cut Off Epstein in December 2010"

Andrew's Claim: "I went there with the sole purpose of saying to him that because he had been convicted, it was inappropriate for us to be seen together. I had to go and see him and talk to him... I felt that doing it over the telephone was the chicken's way of doing it."

Reality from Epstein Files:

- November 30, 2010: Forwarded Southeast Asia trip reports to Epstein within 5 minutes

- December 2010: Sent "confidential brief" on Afghanistan investments
- February 2011: Mail on Sunday reports Andrew wrote to Epstein the day after the Virginia Giuffre photo was published
- 2010-2011: Multiple emails show Stern and Andrew discussing business ventures with Epstein

Beyond that, there is an email dated in 2011 from Andrew to Jeffrey that discusses a favour from Epstein.

LIE #2: "I Don't Sweat"

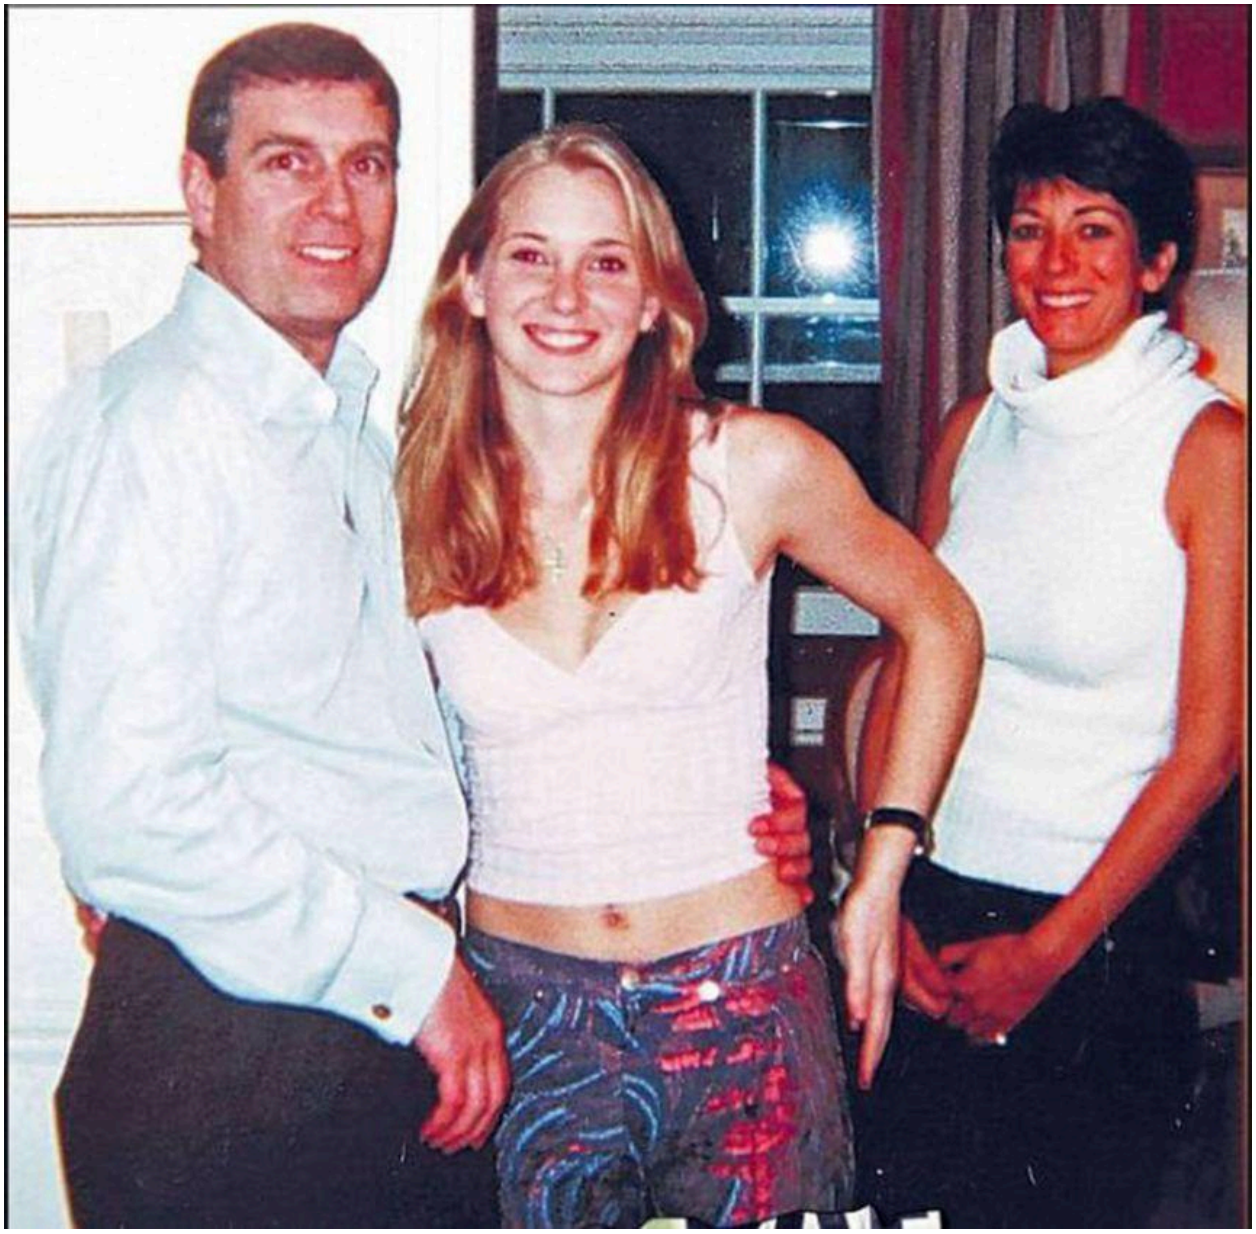

Clip3.mp4

Andrew's Claim: "I have a peculiar medical condition which is that I don't sweat... I had suffered what I would describe as an overdose of adrenaline in the Falklands War when I was shot at. And I simply... it was almost impossible for me to sweat."

Reality: Multiple photographs show Andrew sweating at various public events. Post-arrest photos from Reuters (February 19, 2026) also show visible sweating.

LIE #3: "It Never Happened" - Denial of Virginia Giuffre Encounter

Source: Court exhibits / Virginia Giuffre legal filings

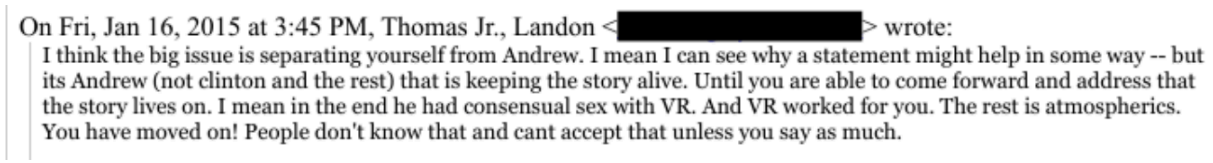

Andrew's Claim: "I can absolutely categorically tell you it never happened." (Regarding meeting, dining, dancing with, and having sex with Virginia Roberts)

Clip4.mp4

Reality from Epstein Files:

- Photographic evidence shows Andrew with arm around Virginia Roberts at Maxwell's London home

- Thomas Landon email (2015) to Epstein: "I mean in the end he had consensual sex with Virginia Roberts and Virginia Roberts worked for you. The rest is atmospherics."
- DOJ documents state there is "evidence that Prince Andrew engaged in sexual conduct involving one of Epstein's victims"
- Virginia Giuffre's posthumous memoir (October 2025) provides detailed account of three encounters

On Fri, Jan 16, 2015 at 3:45 PM, Thomas Jr., Landon <[redacted]> wrote:

I think the big issue is separating yourself from Andrew. I mean I can see why a statement might help in some way -- but its Andrew (not clinton and the rest) that is keeping the story alive. Until you are able to come forward and address that the story lives on. I mean in the end he had consensual sex with VR. And VR worked for you. The rest is atmospherics. You have moved on! People don't know that and cant accept that unless you say as much.

Significance

1. Tacit admission from Epstein's inner circle that Andrew DID have sex with Virginia Roberts
2. Confirms Virginia Roberts "worked for" Epstein
3. Dates to 2015, four years before Andrew's public denials in BBC interview
4. Directly contradicts Andrew's "it never happened" statement

VIRGINIA GIUFFRE - Allegations & Evidence

Full Name: Virginia Louise Giuffre (née Roberts)
Born: August 9, 1983, Sacramento, California
Died: April 25, 2025, Neergabby, Western Australia (suicide, age 41)
Age at Time of Alleged Abuse: 16-17 years old
Civil Settlement: February 2022 - Estimated £12-16 million (undisclosed amount)
Posthumous Memoir: "Nobody's Girl: A Memoir of Surviving Abuse and Fighting for Justice" (October 21, 2025)

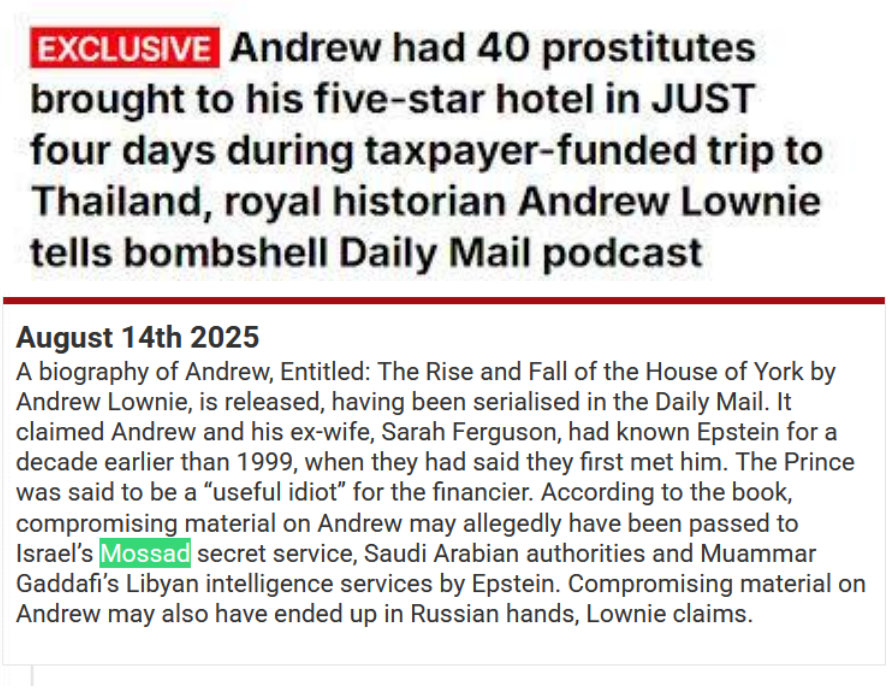

Alleged Encounters with Prince Andrew

5. **London - March 10, 2001:** Ghislaine Maxwell's home. Maxwell woke Giuffre saying "just like Cinderella" she would meet "a handsome prince." Andrew allegedly guessed she was 17, noting "my daughters are just a little younger than you."
6. **New York - April 2001:** Epstein's Manhattan mansion
7. **Little St. James Island:** Epstein's private island. Giuffre's memoir alleges this involved an "orgy" with Andrew, Epstein, and "eight other underage girls"

Evidence

- Photograph of Andrew with arm around Giuffre, Maxwell in background (London, 2001)

- Flight logs showing Andrew on Epstein's aircraft to St. Thomas (gateway to Little St. James)
- Pilot David Rodgers confirmed Andrew boarded same flight as Giuffre
- Thomas Landon email confirming sexual encounter
- DOJ documents stating there is "evidence that Prince Andrew engaged in sexual conduct involving one of Epstein's victims"
- Johanna Sjoberg testimony: encountered Andrew on Little St. James during "topless" poolside activities
- Former Epstein employee claims saw Giuffre topless in pool at Little St. James with Andrew
- Andrew also has a reputation for his sex life, as well. Jeffrey Epstein also allegedly passed on compromising material of Andrew to Israel's Mossad.

EXCLUSIVE Andrew had 40 prostitutes brought to his five-star hotel in JUST four days during taxpayer-funded trip to Thailand, royal historian Andrew Lownie tells bombshell Daily Mail podcast

August 14th 2025

A biography of Andrew, Entitled: The Rise and Fall of the House of York by Andrew Lownie, is released, having been serialised in the Daily Mail. It claimed Andrew and his ex-wife, Sarah Ferguson, had known Epstein for a decade earlier than 1999, when they had said they first met him. The Prince was said to be a "useful idiot" for the financier. According to the book, compromising material on Andrew may allegedly have been passed to Israel's Mossad secret service, Saudi Arabian authorities and Muammar Gaddafi's Libyan intelligence services by Epstein. Compromising material on Andrew may also have ended up in Russian hands, Lownie claims.

Peter Mendelson

Lord Peter Mendelson, 72, was a major figure in the Labour party in the United Kingdom from the 1980s. He played a fundamental and important role in Sir Tony Blair's election victory in 1997. He was most recently appointed as the UK's ambassador to Washington in December of 2024, however, he was fired last September, for his appearance in the released Epstein files.

- Arrested for the same reasons as Prince Andrew, after earlier this month the Metropolitan Police confirmed that it had launched a criminal investigation over allegations of misconduct in office.
- He was previously Labour MP from 1992 to 2004, Secretary of State for Trade and Industry in 1998, European Commissioner for Trade from 2004 to 2008 and Secretary of State for Business and Innovation in 2008 and 2010.
- Met Epstein in the early 2000s.
- In 2002, encouraged Prime Minister Tony Blair to meet Epstein.
- Maintained his relationship with Epstein through the 2008 conviction and beyond.
- Evidence of Mendalson, while serving as Business Secretary, feeding Epstein government intelligence that could be used for financial trading. For example, he emailed Epstein that a 500 billion EU bank bailout was almost complete and should be announced tonight, the night before the announcement.
- In 2009, he updated Epstein on Treasury tax policy changes as they happened.
- Epstein explicitly told Mandelson to give him information “before Jes” (Jes Staley, JPMorgan executive) so that Epstein was the first with insider info. A Cabinet minister was essentially giving a Wall Street-connected sex offender advance notice of major financial policy decisions.
- Directly lobbied on behalf of Epstein’s interests; lobbied the Obama administration in March 2010 to water down US bank trading restrictions on behalf of Epstein and Jes Staley.
