

Weekly Crowdfunding Roundup

January 21 2024

What is this?

This is a weekly crowdfunding roundup of new projects launched last week and projects that end the coming week, originally posted on the /r/boardgames subreddit by me, [/u/perkelton](#). This document is offered as an alternative for those who for one reason or another can't or don't want to use Reddit. Note that this document is still a work in progress, so some quirkiness is to be expected.

Updates

Expect new lists every Sunday between 00:00 and 23:59 CEST on the following platforms:

FAQ

I live in Venezuela/Canada/Mexico/USA, why are you posting on a Saturday?!

Because I'm writing this from Europe in the future where it's already Sunday. Time zones be crazy.

Why are there a bunch of non-board games in the board game list?

Because the Tabletop games category on Kickstarter includes anything remotely related to board games and sometimes things slip through the filters.

Why is this future award winning board game and literal saviour of humanity missing from your list?

Sometimes the filters get a bit overzealous and discard actually valid projects. If you feel something is missing for this reason, leave a comment and I'll add it (maybe).

Can I donate all my money to you?

No

Can you help me promote my game?

Please no. I make lists. Nothing more.

Your list is full of mistakes and now my vacuum cleaner sucks!

Indeed, this fine piece of code runs purely on Reddit karma, so anything can happen. Leave a comment and I'll see what I can do.
