Before any such revocation, the parent/guardian shall be sent written notice of the facts leading to the decision. This notice shall state the parent/guardian's right, within 10 school days, to schedule a meeting with a hearing officer to inspect supporting documents, rebut district evidence, question any district witnesses, and present oral and/or documentary evidence, including witnesses, on the student's behalf. For good cause, the hearing officer may extend the meeting date for an additional 10 days to permit the parent/guardian to obtain required documentation.

If the parent/guardian fails to schedule the above meeting, the student's enrollment shall be revoked 11 school days after the date of the notice.

If the above meeting is held, the hearing officer shall prepare a written decision describing his/her findings. If the hearing officer's decision is upheld, the parent/guardian shall be informed of his/her right to appeal to the Board of Trustees within 10 days.

TRUANCY

An attendance supervisor or designee, peace officer, or school administrator or designee may arrest or assume temporary custody, during school hours, of any minor student found away from his/her home who is absent from school without a valid excuse. Any person so arresting or assuming temporary custody shall deliver the student and make reports in accordance with Education Code 48265 and 48266. (Education Code 48264)

(cf. 3515.3 - District Police/Security Department)
(cf. 5113 - Absences and Excuses)

Upon receiving a complaint from any person that a parent/guardian has violated the state compulsory education laws contained in Education Code 48200-48341, the Board of Trustees or district attendance supervisor shall make a full and impartial investigation of all charges. If it appears upon investigation that the parent/guardian has violated these laws, the Superintendent or designee shall refer such parent/guardian to the school attendance review board. (Education Code 48290, 48291, 48292)

Strategies for Addressing Truancy

The following steps shall be implemented based on the number of trancies committed by the student:

1. Students shall be classified as truant if absent from school without a valid excuse three full days in one school year, or tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof. Such students shall be reported to the Superintendent or designee. (Education Code 48260)

The parent/guardian of a student classified as a truant shall be notified of the following: (Education Code 48260.5)

- a. The student is truant.
- b. The parent/guardian is obligated to compel the student to attend school.
- c. The parent/guardian who fails to meet this obligation may be guilty of an infraction of the law and subject to prosecution pursuant to Education Code 48290-48296.
- d. Alternative educational programs are available in the district.

(cf. 6181 - Alternative Schools)
(cf. 6184 - Continuation Education)

- e. The parent/guardian has the right to meet with appropriate school personnel to discuss solutions to the student's truancy.

AR 5113.1(b)

TRUANCY (continued)

- f. The student may be subject to arrest by a probation officer, a peace officer, a school administrator, an attendance supervisor or his/her designee under Education Code 48264 if found away from home and absent from school without a valid excuse.
- g. The student may be subject to suspension, restriction or delay of his/her driving privilege pursuant to Vehicle Code 13202.7.
- h. It is recommended that the parent/guardian accompany the student to school and attend classes with the student for one day.

(cf. 5145.6 - Parental Notifications)

Upon his/her first truancy, a student may be given a written warning by a peace officer. A record of this warning may be kept at school for not less than two years or until the student graduates or transfers from the school. If the student transfers, the record may be forwarded to the new school. (Education Code 48264.5)

(cf. 5125 - Student Records)

The Superintendent or designee may notify the district attorney and/or probation officer of the name of each student who has been classified as a truant and the name and address of the student's parents/guardians. (Education Code 48260.6)

Upon a student's first truancy, the student may be required to attend makeup classes on one day of a weekend pursuant to Education Code 37223. (Education Code 48264.5)

- 2. Any student who has once been reported as a truant shall again be reported to the Superintendent or designee as a truant if he/she is absent from school without valid excuse one or more days or is tardy on one or more days. (Education Code 48261)

Upon his/her second truancy within the same school year, a student may be assigned to an after-school or weekend study program within the county. If the student fails to successfully complete this study program, he/she shall be subject to item #3 below. (Education Code 48264.5)

(cf. 6176 - Weekend/Saturday Classes)

In addition, an appropriate district staff member shall make every effort to hold at least one conference with the student and parent/guardian and may discuss resources available for achieving regular school attendance.

(cf. 6164.5 - Student Success Teams)

(cf. 6178.1 - Work Experience Education)

The Superintendent or designee may notify the district attorney and/or probation officer whether the student continues to be classified as a truant after the parents have been notified in accordance with #1a-h above. (Education Code 48260.6)

3. Upon his/her third truancy within the same school year, a student shall be classified as a habitual truant. (Education Code 48262, 48264.5)

Students who are habitual truants, irregular in school attendance, or habitually insubordinate or disorderly during attendance at school may be referred to, and required to attend, a school attendance review board, a truancy mediation program established by the district attorney or the probation officer, or a comparable program deemed acceptable by the district's attendance supervisor. (Education Code 48263, 48264.5)

Upon making a referral to a school attendance review board or the probation department, the Superintendent or designee shall provide the student and parent/guardian, in writing, the name and address of the school attendance review board or probation department and the reason for the referral. This notice shall indicate that the student and parent/guardian shall be required, along with the district staff person making the referral, to meet with the school attendance review board or probation officer to consider a proper disposition of the referral. (Education Code 48263)

If the student does not successfully complete the truancy mediation program or other similar program, he/she shall be subject to item #4 below. (Education Code 48264.5)

If the Superintendent or designee determines that available community services cannot resolve the problem of the truant or insubordinate student or if the student and/or student's parents/guardians have failed to respond to the directives of the district or to services provided, the Superintendent or designee may so notify the county district attorney and/or the probation officer, if the district attorney or probation officer has elected to participate in a truancy mediation program. (Education Code 48263)

TRUANCY (continued)

4. Upon his/her fourth truancy within the same school year, the student shall be within the jurisdiction of the juvenile court. (Education Code 48264.5; Welfare and Institutions Code 601)

If a student has been judged by the county juvenile court to be a habitual truant, the Superintendent or designee shall inform the juvenile court and the student's probation or parole officer whenever that student is truant one or more days or tardy on one or more days without a valid excuse in the same or succeeding school year, or is habitually insubordinate or disorderly at school. The juvenile court and probation or parole officer shall be so notified within 10 days of the violation. (Education Code 48267)

Reports

The Superintendent or designee shall gather and transmit to the County Superintendent of Schools the number of referrals and types of referrals made to the school attendance review board and the number of requests for petitions made to the juvenile court. (Education Code 48273)

WORK PERMITS

The Board of Trustees recognizes that part-time employment can provide students with income as well as job experience that can help them develop appropriate workplace skills and attitudes. Upon obtaining an offer of employment, district students who are minors shall obtain work permits from the Superintendent or designee in accordance with law, regardless of whether the employment will occur when school is in session and/or not in session.

(cf. 6178 - Career Technical Education)

In determining whether to grant or continue a work permit, the Superintendent or designee shall consider whether employment is likely to significantly interfere with the student's schoolwork. Students granted work permits must demonstrate and maintain a 2.0 grade point average and satisfactory school attendance. On a case-by-case basis, the Superintendent or designee may approve a maximum work hour limit that is lower than the limit specified in law and administrative regulation.

(cf. 5121 - Grades/Evaluation of Student Achievement)

Students with work permits may be exempted from attendance in a full-time day school provided they attend part-time classes. (Education Code 48230)

(cf. 5112.1 - Exemptions from Attendance)

Work permits shall be limited to part-time employment as defined by law, except when the Superintendent or designee determines that circumstances warrant the granting of a permit for full-time employment.

Any student authorized to work full time when school is in session shall be enrolled in part-time continuation classes. A student age 14 or 15 who receives a permit to work full time shall also be enrolled in a work experience education program. (Education Code 49130, 49131, 49135)

WORK PERMITS

Before accepting employment, a student under the age of 18 who is subject to the state's compulsory attendance law, including students who have not yet graduated from high school or have not passed the High School Proficiency Examination, shall obtain a work permit.

(cf. 5112.1 - Exemptions from Attendance)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6146.2 - Certificate of Proficiency/High School Equivalency)

The Superintendent or designee may issue a permit authorizing employment while school is in session, including employment connected with a work experience education program pursuant to Education Code 51760-51769.5, to a minor student between the ages of 14 and 18. The Superintendent or designee also may issue a permit to any minor between the ages of 12 and 18 to be employed during a regular school holiday, during a regular or specified occasional public school vacation, and when the student is exempt from compulsory school attendance because he/she arrived from another state within 10 days before the end of the school term pursuant to Education Code 48231. (Education Code 49111, 49113, 49160)

(cf. 6178.1 - Work Experience Education)

If a minor has obtained an offer of employment in the entertainment industry, he/she shall request a work permit from the California Department of Industrial Relations, Division of Labor Standards Enforcement, pursuant to Labor Code 1308.5 and 8 CCR 11752-11753.

A student shall not be required to obtain a permit to work at odd jobs such as yard work and baby-sitting in private homes where the student is not regularly employed; at a public school or other governmental agency; in connection with volunteer work; when self-employed; when age 14 or older and working as a newscarer; or when otherwise exempted by law.

Approval of Work Permits

The Superintendent or designee may, in writing, delegate the authority to issue work permits to an employee holding a services credential with a specialization in pupil personnel services or to a certificated work experience education teacher or coordinator. If the designee is not available, and delay in issuing a permit would jeopardize a student's ability to secure work, the Superintendent or designee may authorize another person to issue the permit. (Education Code 49110)

No work permit shall be issued until the student's parent/guardian, foster parent, caregiver with whom the student resides, or residential shelter services provider has filed a written request with the district. (Education Code 49110)

The request form shall be completed by the student, employer, and, unless the student is an emancipated minor, the parent/guardian. The form shall be submitted to the Superintendent or designee, who shall have discretion to determine whether or not to issue the work permit.

WORK PERMITS (continued)

In determining whether to approve a work permit, the Superintendent or designee shall verify the student's date of birth and the type of work permit to be issued and determine whether the student meets any other minimum criteria established by the Board of Trustees. The Superintendent or designee may inspect the student's records and/or may confer with at least one of the student's teachers for evidence of satisfactory grades and school attendance and to determine whether the student possesses the motivation and maturity to maintain academic progress while working.

(cf. 5121 - Grades/Evaluation of Student Achievement)

Minors shall not be approved to work in environments declared hazardous or dangerous for young workers or otherwise prohibited by child labor laws. (Labor Code 1290-1298; 29 CFR 570.33, 570.50-570.72)

The Superintendent or designee shall ensure that the requested work hours do not exceed the maximum work hours specified in law based on the student's age and whether the employment will be while school is in session and/or not in session. (Education Code 49111, 49112, 49116; Labor Code 1391-1391.1; 29 CFR 570.35)

Full-time employment may be authorized for students between the ages of 14 and 18 only in accordance with Education Code 49130-49135.

(cf. 6184 - Continuation Education)

All work permits shall be issued on a form approved and authorized by the Superintendent of Public Instruction. (Education Code 49117)

Each permit shall authorize work for a specific employer. Whenever a student changes employers, he/she shall request a new permit.

The student may be issued more than one work permit if he/she works concurrently for more than one employer, provided that the total number of hours worked does not exceed the total number of hours allowed by law and the district.

After issuing a work permit, the Superintendent or designee shall periodically inspect the student's grades and attendance records to ensure maintenance of academic progress and any additional criteria established in Board policy.

Revocation/Expiration of Work Permits

The Superintendent or designee shall revoke a student's work permit whenever he/she determines that employment is interfering with the student's education, that any provision or condition of the permit is being violated, or that the student is performing work in violation of law. (Education Code 49116, 49164)

WORK PERMITS (continued)

Work permits issued during the school year shall expire five days after the opening of the next succeeding school year. (Education Code 49118)

After a work permit has expired, a student may apply for a renewed work permit in accordance with the procedures specified in the section "Approval of Work Permits" above.

Retention of Records

The Superintendent or designee shall retain a copy of the work permit application and the work permit until the end of the fourth year after the work permit was issued. (5 CCR 16026)

(cf. 3580 - District Records)

(cf. 5125 - Student Records)

INTERDISTRICT ATTENDANCE

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

Interdistrict Attendance Agreements and Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code 46600)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student's permit. (Education Code 46600)

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

School District of Choice Program

The Board has designated the district as a "school district of choice" and shall accept students who reside within other California school districts who wish to attend a district school.

The Board shall, by resolution, annually establish the number of students who will be accepted into the district through this program based on recommendations by the Superintendent or designee as to the number of transfer students the district will be able to accept and the schools, grades, and programs that will be able to accept the students. Once established, the district shall accept all students who apply to transfer into the district until the district is at maximum capacity, as required pursuant to Education Code 48301.

Students shall be admitted to district schools through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether a student should be enrolled based upon the student's academic or athletic performance, physical condition, proficiency in English, any of the individual characteristics set forth in Education Code 200, or family income. (Education Code 48301)

If the number of transfer applications exceeds the number of transfers the Board has elected to accept, approval for transfer shall be determined by a random drawing held in public at a regularly scheduled Board meeting. (Education Code 48301)

Because the district admits students in accordance with the school district of choice program, the Superintendent or designee shall not admit students based on individual interdistrict attendance permits, pursuant to Education Code 46600-46610, except under extraordinary circumstances.

The Superintendent or designee shall keep an accounting of all requests for admittance through the school district of choice program and a record of their disposition, including, but not limited to, all of the following: (Education Code 48313)

1. The number of requests granted, denied, or withdrawn and, for denied requests, the reason for the denial
2. The number of students transferred into and out of the district pursuant to this program
3. The race, ethnicity, gender, self-reported socioeconomic status, eligibility for free or reduced-price meals, and the district of residence for each student transferred into or out of the district pursuant to this program
4. The number of students transferred into or out of the district pursuant to this program who are classified as English learners or students with disabilities
5. As applicable, the number of students described in Items #3 and 4 above who are provided transportation assistance to a district school or program, and the total number of students provided transportation assistance, pursuant to the school district of choice program

The information specified in Items #1-5 above shall be reported by the Superintendent or designee to the Board, at a regularly scheduled meeting. No later than October 15 of each year, the Superintendent or designee shall provide the same information for the current school year, as well as information regarding the district's status as a school district of choice in the upcoming school year, to each geographically adjacent school district, the county office of education, and the Superintendent of Public Instruction. (Education Code 48313)

The district's compliance with specified program requirements shall be reviewed as part of the annual district audit conducted pursuant to Education Code 41020. (Education Code 48301)

Instruction Collaboration Agreements

The Superintendent or designee may, with board approval, enter into an instruction

collaboration agreement (ICA) with another school district, county office of education or charter school to offer the same or similar courses and coursework to students who have been impacted by any of the following: (Education Code 48345)

1. Disruptions or cancellations in science, technology, engineering, and mathematics (STEM) classes
2. Disruptions or cancellations in dual language immersion programs
3. Teacher shortages in STEM classes or dual language immersion programs

Prior to accepting students for classes for any of the reasons specified in Items #1-3 above, the Superintendent or designee shall, with Board Approval, determine the maximum number of students that the district can accept for these purposes. The district shall accept students who apply until the district is at maximum capacity.

Students shall be admitted to this program through an unbiased process that prohibits an inquiry into, or evaluation or consideration of, whether a student should be authorized to participate in the course or coursework based upon the student's current academic or athletic performance, proficiency in English, physical condition, any of the individual characteristics specified in Education Code 200, or family income. If the number of applicants exceeds the number of seats available, the approval for participation shall be determined by a random public drawing at a regularly scheduled Board meeting. (Education Code 48345)

The Superintendent or designee shall publicly post information, including, but not limited to, applicable forms and timelines for submission pursuant to the ICA, to ensure that students and their families are aware of the opportunities to participate. (Education Code 48345)

When negotiating the ICA, the Superintendent or designee shall collaborate with the other participating LEA(s) to agree upon an appropriate shared cost structure. (Education Code 48345)

Transportation

Upon parent/guardian request, the district shall provide transportation assistance to a student receiving an interdistrict transfer who is eligible for free and reduced-price meals and is the child of an active duty military parent/guardian or a victim of bullying, as defined in Education Code 46600. (Education Code 46600)

In addition, upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for any interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available.

INTERDISTRICT ATTENDANCE**Interdistrict Attendance Agreements and Permits**

In accordance with an agreement between the Governing Board and the board of another district, a permit authorizing a student of either district to enroll in the other district may be issued upon approval of both districts.

The district shall post on its website the procedures and timelines for requesting an interdistrict transfer permit, including a link to BP 5117 - Interdistrict Attendance. The posted information shall include, but is not limited to: (Education Code 46600.1, 46600.2)

1. The date upon which the district will begin accepting and processing interdistrict transfer requests for the following school year
2. The reasons for which the district may approve or deny a request, and any information or documents that must be submitted as supporting evidence
3. The process and timelines by which a denial of a request may be appealed within the district before the district renders a final decision
4. A statement that failure of a parent/guardian to meet any timelines established by the district shall be deemed an abandonment of the request
5. Applicable timelines for processing a request, including the following statements:
 - a. For an interdistrict transfer request received by the district 15 or fewer calendar days before the commencement of instruction in the school year for which the transfer is sought, the district will notify the parent/guardian of its final decision within 30 calendar days from the date the request was received.
 - b. For an interdistrict transfer request received by the district more than 15 days before the commencement of instruction in the school year for which the interdistrict transfer is sought, the district will notify the parent/guardian of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which transfer is sought.
6. The conditions under which an existing interdistrict transfer permit may be revoked or rescinded

Priority for interdistrict attendance shall be given to a student who has been determined, through an investigation by either the district of residence or district of proposed enrollment, to be a victim of an act of bullying, as defined in Education Code 48900(r),

committed by a student of the district of residence. (Education Code 46600)

Until the district is at maximum capacity, the district shall accept any student whose interdistrict transfer application is based on being the victim of an act of bullying or a child of an active duty military parent/guardian. The district shall ensure that such students are admitted through an unbiased process that prohibits an inquiry into or evaluation or consideration of whether or not a student should be enrolled based on academic or athletic performance, physical condition, proficiency in English, family income, or any of the individual characteristics set forth in Education Code 220, including, but not limited to, race or ethnicity, gender, gender identity, gender expression, and immigration status. (Education Code 46600)

In addition, the Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

1. To meet the child care needs of the student, only as long as the student's child care provider remains within district boundaries
2. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel
3. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance
4. To allow the student to complete a school year when the student's parents/guardians have moved out of the district during that year
5. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school
6. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the school year in the district
7. When the student will be living out of the district for one year or less
8. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence
9. When there is valid interest in a particular educational program not offered in the district of residence
10. To provide a change in school environment for reasons of personal and social adjustment

The Superintendent or designee may deny an interdistrict attendance permit for a student for any of the following nonarbitrary reasons. However, once a student is admitted, the district shall not deny continued attendance because of overcrowded facilities at the relevant grade level.

1. The school facilities or programs are overcrowded at the relevant grade level.

2. The student has been expelled from the sending district or is being processed for expulsion.
3. An earlier interdistrict attendance was revoked.
 - a. If during a prior school year that begins more than 15 calendar days after the receipt of the request, the parent/guardian shall be notified of the final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction during that school year. (Education Code 46600.2)

The District shall notify a parent submitting a current year request, as defined in Section 46600.1, of its final decision within 30 calendar days from the date the request was received. The District shall notify a parent submitting a future year request, as defined in Section 46600.1, of its final decision as soon as possible, but no later than 14 calendar days after the commencement of instruction in the school year for which interdistrict transfer is sought. (Education Code 46600.2)

If a student's interdistrict transfer request is denied, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal to the Semitropic School Board within 5 calendar days from the date of the denial.

If a student's interdistrict transfer is denied by the Semitropic School Board, the Superintendent or designee shall, in writing, notify the parents/guardians of their right to appeal the Board's decision within 30 calendar days from the date of the final denial to the Kern County Board of Education, 1300 17th Street, Bakersfield, CA 93301-4533. (Education Code 46600.2)

All notices to parents/guardians regarding the district's decision on any request for interdistrict transfer shall conform to the translation requirements of Education Code 48985, and may be provided by regular mail, electronic format if the parent/guardian provides an email address, or by any other method normally used to communicate with parents/guardians in writing. (Education Code 46600.2)

Pending a decision by the two districts or by the County Board on appeal, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school months, provided the district is the district of proposed enrollment. If the decision has not been rendered by the conclusion of two school months and the districts or County Board is still operating within the prescribed timelines, the student shall not be allowed to continue attending the district school to which the student was provisionally admitted. (Education Code 46603)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or rescissions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

Once a student is admitted to a school on the basis of an interdistrict attendance permit, the student shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school of enrollment, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded after June 30 following a student's completion of grade 10 or for any student entering grade 11 or 12 in the subsequent school year. (Education Code 46600)

School District of Choice Program

The Superintendent or designee shall communicate with parents/guardians regarding transfer opportunities under the school district of choice program. Communications sent to parents/guardians shall be available in all languages for which translations are required pursuant to Education Code 48985, shall be factually accurate, and shall not target particular neighborhoods or individual parents/guardians on the basis of a child's actual or perceived academic or athletic skill or any other personal characteristic. (Education Code 48301, 48980)

The Superintendent or designee shall also make public announcements regarding district schools, programs, policies, and procedures, including transportation options if applicable, during the enrollment period. (Education Code 48312)

The Superintendent or designee may hold informational meetings on the district's current educational programs, so that parents/guardians can provide input to the district on methods to improve current programs and make informed decisions regarding their children's education. (Education Code 48302)

The process for student transfers into the district under the school district of choice program, including, but not limited to, any applicable form, the timeline for a transfer, and an explanation of the selection process, shall be posted on the district's website. (Education Code 48301)

Parents/guardians shall submit applications for interdistrict attendance to the district office before January 1 of the school year preceding the school year for which the student is requesting to be transferred. The application deadline may be waived upon agreement between the district and the student's district of residence. (Education Code 48308)

The application deadline shall not apply to an application requesting a transfer if the parent/guardian with whom the student resides is enlisted in the military and was relocated by the military within 90 days prior to submitting the application. (Education Code 48308)

Any existing entrance criteria for specialized schools or programs shall be uniformly applied to all applicants. (Education Code 48305)

The district may deny a transfer into the district under the school district of choice program if the transfer would require the district to create a new program to serve that student, except that the district shall not reject the transfer of a student with disabilities or an English learner. (Education Code 48303)

Whenever the number of transfer applications exceeds the number of interdistrict transfers that may be accepted as annually determined by the Board, students accepted for transfer shall be selected by a random drawing held in public at a regularly scheduled Board meeting before February 15 of the school year preceding the school year for which the transfer is sought. (Education Code 48301)

Priority for transfer under the school district of choice program shall be granted as follows: (Education Code 48306)

1. First priority shall be given to siblings of students already in attendance in the district.
2. Second priority shall be given to students eligible for free or reduced-price meals.
3. Third priority shall be given to children of military personnel.

No later than February 15 of the school year preceding the school year for which the student is requesting to be transferred, the Superintendent or designee shall notify the parent/guardian in writing whether the application has been provisionally accepted or rejected or of the student's position on any waiting list. (Education Code 48308)

If a student's application for transfer is accepted, the Superintendent or designee shall so notify the student's district of residence no later than February 15 of the school year preceding the school year for which the student is requesting to be transferred. (Education Code 48308)

The number of students accepted for transfer into the district, by school and grade level, shall be reported to the district of residence on or before February 15. (Education Code 48308)

If a student's application is denied, the Superintendent or designee shall notify the student's parents/guardians that the number of students requesting to transfer exceeded the district's capacity and that the student was not selected during the random drawing. Such determination shall be accurately recorded in the minutes of the Board meeting at which the determination was made. (Education Code 48308)

For a student whose parent/guardian was relocated by the military less than 90 days prior to the submission of the application, the district shall make a final decision to accept or reject the application within 90 days of its receipt. If the student's application has been submitted less than 90 days prior to the beginning of the school year, then the district shall accept or deny the application before the school year begins. Upon acceptance, the student may immediately enroll in a district school. (Education Code 48308)

Vacancies may be filled from the waiting list until May 1 of the school year preceding the school year for which students are requesting to be transferred. (Education Code 48308)

The final number of students enrolled in the district through the school district of choice program, by school and grade level, along with the names of the students, shall be reported to the district of residence on or before May 2. (Education Code 48308)

Students admitted through the district of choice program are deemed to have fulfilled district residency requirements pursuant to Education Code 48204. (Education Code 48301)

Final acceptance of the transfer is applicable for one school year and shall be renewed automatically each year unless the Board, by adoption of a resolution, withdraws from participation in the program and no longer accepts transfer students from other districts. (Education Code 48308)

Even if the district withdraws from participation in the program, students who attended or received a notice of acceptance into the district before the Board's resolution of withdrawal shall be permitted to attend school in the district, and admitted high school students may continue attending school in the district until they graduate from high school. (Education Code 48307, 48308)

The district may accept any completed coursework, attendance, and other academic progress credited to an accepted student by any district(s) the student has previously attended and may grant academic standing to the student based upon the district's evaluation of the student's academic progress. (Education Code 48309)

The district may revoke a student's enrollment if the student is recommended for expulsion pursuant to Education Code 48918. (Education Code 48309)

Transfers Out of the District

A student whose parent/guardian is in active military duty shall not be prohibited from transferring out of the district, provided the school district of proposed enrollment approves the application for transfer. (Education Code 46600, 48307)

If the district is unable to provide an intradistrict transfer to a student who is a victim of an act of bullying, as defined in Education Code 46600, the district shall not prohibit the student from transferring out of the district if the district of proposed enrollment approves the application for transfer. (Education Code 46600)

The district may limit transfers out of the district to a school district of choice under any of the following circumstances: (Education Code 48307)

1. The number of student transfers out of the district to a school district of choice has reached the limit specified in Education Code 48307 based on the district's average daily attendance.
2. The County Superintendent of Schools has given the district a negative budget certification or has determined that the district will not meet the state's standards

and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice.

3. The Board determines that the transfer would negatively impact any of the following: (Education Code 48307)
 - a. A court-ordered desegregation plan
 - b. A voluntary desegregation plan of the district, consistent with the California Constitution, Article 1, Section 31

GRADES/EVALUATION OF STUDENT ACHIEVEMENT

The Board of Trustees believes that grades serve a valuable instructional purpose by helping students and parents/guardians identify the student's areas of strength and those areas needing improvement. Parents/guardians and students have the right to receive course grades that represent an accurate evaluation of the student's achievement.

(cf. 5020 - Parent Rights and Responsibilities)

The teacher of each course shall determine the student's grade. The grade assigned by the teacher shall not be changed by the Board or the Superintendent except as provided by law, Board policy and administrative regulation. (Education Code 49066)

(cf. 5125.3 - Challenging Student Records)

Teachers shall evaluate a student's work in relation to standards which apply to all students at his/her grade level. The Superintendent or designee shall establish and regularly evaluate a uniform grading system, and shall ensure that student grades conform to this system. Teachers shall inform students and parents/guardians how student achievement will be evaluated in the classroom.

(cf. 6020 - Parent Involvement)
(cf. 6011 - Academic Standards)

Grades should be based on impartial, consistent observation of the quality of the student's work and his/her mastery of course content and objectives. Students shall have the opportunity to demonstrate this mastery through a variety of methods such as classroom participation, homework, tests and portfolios.

When reporting student grades to parents/guardians, teachers may add narrative descriptions, observational notes and/or samples of classroom work in order to better describe student progress in specific skills and subcategories of achievement.

Students in grades K-3 shall receive narrative evaluations rather than letter grades in order to give parents/guardians more information about their children's developmental levels and also promote students' self-esteem and experiences of success.

(cf. 5125 - Student Records)

Unexcused Absences

If a student misses class without an excuse and does not subsequently turn in homework, take a test or fulfill another class requirement which he/she missed, the teacher may lower the student's grade for nonperformance.

(cf. 6154 - Homework/Makeup Work)

BP 5121(b)

GRADES/EVALUATION OF STUDENT ACHIEVEMENT (continued)

Five unexcused absences per grading period shall constitute excessive unexcused absences. Students with excessive unexcused absences may receive a failing grade and not receive credit for the class(es).

(cf. 5113 - Absences and Excuses)

Grade Point Average (GPA)

The Superintendent or designee shall recommend to the Board the methodology to be used in calculating students' grade point averages.

The Superintendent or designee shall also recommend to the Board whether extra grade weighting will be assigned for honors courses that are substantially similar in depth, breadth and rigor to an Advanced Placement course, an entry-level college course or a community college level course.

PROMOTION/ACCELERATION/RETENTION

The Board of Trustees expects students to progress through each grade level within one school year. Toward this end, instruction shall be designed to accommodate the variety of ways that students learn and provide strategies for addressing academic deficiencies as needed.

Students shall progress through the grade levels by demonstrating growth in learning and meeting grade-level standards of expected student achievement.

When high academic achievement is evident, the teacher, Superintendent or designee may recommend a student for acceleration to a higher grade level. The student's maturity level shall be taken into consideration in making a determination to accelerate a student.

Teachers shall identify students who should be retained or who are at risk of being retained at their current grade level as early as possible in the school year and as early in their school careers as practicable. Such students shall be identified at the following grade levels: (Education Code 48070.5)

1. Between grades 2 and 3
2. Between grades 3 and 4
3. Between grades 4 and 5
4. Between the end of the intermediate grades and the beginning of the middle school grades
5. Between the end of the middle school grades and the beginning of the high school grades

Students shall be identified for retention on the basis of failure to meet minimum levels of proficiency, as indicated by the results of state assessments administered pursuant to Education Code 60640-60649 and/or the following additional indicators of academic achievement:

- district benchmark testing

Students between grades 2 and 3 and grades 3 and 4 shall be identified primarily on the basis of their level of proficiency in reading. Proficiency in reading, English language arts, and mathematics shall be the basis for identifying students between grades 4 and 5, between intermediate and middle school grades, and between middle school grades and high school grades. (Education Code 48070.5)

If a student does not have a single regular classroom teacher, the Superintendent or designee shall specify the teacher(s) responsible for the decision to promote or retain the student. (Education Code 48070.5)

The teacher's decision to promote or retain a student may be appealed in accordance with AR 5123 - Promotion/Acceleration/Retention.

PROMOTION/ACCELERATION/RETENTION

Acceleration from Kindergarten to First Grade

Any student who meets the age eligibility requirement and has completed one year of kindergarten shall be admitted to first grade unless the parent/guardian and the Superintendent or designee agree that the student shall continue in kindergarten. (Education Code 48010, 48011)

A student who does not meet the age eligibility requirement may be admitted to first grade at the discretion of the Superintendent or designee and with the consent of the parent/guardian upon determination that the student is ready for first-grade work, subject to the following minimum criteria: (Education Code 48011; 5 CCR 200)

1. The student is at least five years of age.
2. The student has attended a public or private school kindergarten for a long enough time to enable school personnel to evaluate their ability.
3. The student is in the upper five percent of his/her age group in terms of general mental ability.
4. The physical development and social maturity of the student are consistent with his/her advanced mental ability.
5. The parent/guardian of the student has filed a written statement with the district approving the placement in first grade.

Continuation in Kindergarten

Whenever the Superintendent or designee and the parents/guardians agree that a student shall continue in kindergarten for an additional year, the Superintendent or designee shall secure an agreement, signed by the parent/guardian, stating that the student shall continue in kindergarten for not more than one additional school year. (Education Code 46300, 48011)

The Superintendent or designee shall not approve a student's continuation in kindergarten until the student has been enrolled in kindergarten for close to one school year.

Retention at Other Grade Levels

If a student is identified as performing below the minimum standard for promotion to the next grade level based on the indicators specified in Board policy, the student shall be retained in his/her current grade level unless the student's regular classroom teacher determines, in writing, that retention is not the appropriate intervention for the student's academic deficiencies. This determination shall specify the reasons that retention is not appropriate for the student and shall include recommendations for interventions other than retention that, in the opinion of the teacher, are necessary to assist the student in attaining acceptable levels of academic achievement. (Education Code 48070.5)

If the teacher's recommendation to promote is contingent on the student's participation in a summer school or interim session remediation program, the student's academic performance shall be reassessed at the end of the remediation program, and the decision to retain or promote the student shall be reevaluated at that time. The teacher's evaluation shall be provided to and discussed with the student's parents/guardians and the principal before any final determination of retention or promotion. (Education Code 48070.5)

When a student is identified as being at risk of retention, the Superintendent or designee shall so notify the student's parent/guardian as early in the school year as practicable. The student's parent/guardian shall be provided an opportunity to consult with the teacher(s) responsible for the decision to promote or retain the student. (Education Code 48070.5)

The Superintendent or designee shall also provide a copy of the district's promotion/retention policy and administrative regulation to those parents/guardians who have been notified that their child is at risk of retention.

Appeal Process

Whenever a student's parent/guardian appeals the teacher's decision to promote or retain a student, the burden shall be on the parent/guardian to show why the teacher's decision should be overruled. (Education Code 48070.5)

To appeal a teacher's decision, the parent/guardian shall submit a written request to the Superintendent or designee specifying the reasons that the teacher's decision should be overruled. The appeal must be initiated within 10 school days of the determination of retention or promotion.

The teacher shall be provided an opportunity to state orally and/or in writing the criteria on which his/her decision was based.

Within 30 days of receiving the request, the Superintendent or designee shall determine whether or not to overrule the teacher's decision. Prior to making this determination, the Superintendent or designee may meet with the parent/guardian and the teacher. If the Superintendent or designee determines that the parent/guardian has overwhelmingly proven that the teacher's decision should be overruled, he/she shall overrule the teacher's decision.

The Superintendent or designee's determination may be appealed by submitting a written appeal to the Governing Board within 15 school days. Within 30 days of receipt of a written appeal, the Board shall meet in closed session to decide the appeal. The Board's decision

may be made on the basis of documentation prepared as part of the appeal process or, at the discretion of the Board, the Board may also meet with the parent/guardian, the teacher, and the Superintendent or designee to decide the appeal. The decision of the Board shall be final. If the final decision is unfavorable to the parent/guardian, he/she shall have the right to submit a written statement of objections which shall become part of the student's record.
