***Final price depends on the complexity and how much time I will need to work on it. If you have any doubt you are welcome to ask for price estimates. This is a rough estimation, price might go up or down based on the final design we would discuss later.**

***For commercial license, 30% fee from the total price is required.**

When ordering a commission from me, I will always give sketches and progress for every step. There is no changing anything after I said I will finalise it. So please check out the sketches to make sure everything is right. But if the mistake is mine, please don't hesitate to tell me. I will definitely fix it for you! :3
