

JSOT

In full the Joint Special Operations Task Force, sometimes called JSOT Force or simply JSOT; a combined operation bringing together experts from all branches of the United States Armed Forces -- Air Force, Army, Coast Guard, Marine Corps, and Navy -- to better combat **the Pythonian Insurgency**. Established in late 1982, the Task Force remained active until shortly after the defeat of the Insurgency in 1993; many, though not all, of its personnel would go on to become founding members of **Argus**.
