Phionah sad because he has technical issues: can't do the interviews 🙄🙄🙄🙄🙄🙄🙄🙄

1/18/20, 18:43 - Mekdes In Uganda: Hi Rachael, what kind of technical issues did she face?

1/18/20, 18:54 - Rachael Kiryandongo: Mekdes, the phone she was given shuts down, Andrew took it to Kampala. Her personal phone freezes and so she cannot conduct any interview. This is only issue I know, how technical is it, is what I do not know, probably Joshua can answer that.

1/18/20, 19:24 - Andrew Magunda: Dear all, we have three phones that are not working and Haimanot - our Tech guru is doing everything he can to get them fixed. If they fail early this week we will communicate an alternative. Thanks for your patience. In the mean time I'm sure is doing his best to help...

1/18/20, 19:24 - Andrew Magunda: Joshua is doing his best to support this....

1/18/20, 21:06 - Anne Marie: Hello all, I am arriving on 1st February. I have different model phones that I will bring. But at the moment Haimanot is checking whether that model does not have the same problem.

I loved her seriousness. she even went a head asking me questions of give direct thinking I also work with them.

2/18/20, 18:50 - Rachael Kiryandongo: Phionah, are these not people of cluster K? Many people come to my door post to beg me register them for the interviews I am giving so that they can go abroad also. Others think I am verifying PSNs for UNCHR. Even when I show them my ID, they don't believe me! Others tell me they missed verification last year, I should do so now, before, I can say anything, they run to the house to bring their medical forms. As I begin to check the the papers, I discover UN card which was given to everyone that was verified! I show them the card, they feel ashamed and apologise. I had many issues today; I didn't get a person to take photos for me. My bicycle developed a problem after a respondent's child threw it down. I got stuck near Max Hotel because the behind tyre could not move. As rain was coming and it was getting dark, I dragged it to my friends at OPM. I have just arrived home. I had other bizarre encounters in the field today. Oops! I had a day!

2/18/20, 18:56 - Phiona: True Rachel. so sorry for all that happened. I remember I also faced the same we'd Joshua's bike when I cried, hope u remember.

2/18/20, 19:02 - Rachael Kiryandongo: I remembered how you suffered on that road with a bike. People are rare on that road, so do not expect a help from a boda B! Instead of crying, I laughed when I remembered what happened to you a long the same road!

2/18/20, 19:03 - Phiona: You Rachel, that was my worst day for work.

2/18/20, 19:05 - Rachael Kiryandongo: Ha!Ha! 🤔🤔🤔🤔🤔🤔🤔 Phionah!

2/18/20, 19:07 - Rachael Kiryandongo: When you rang me I was riding towards TPO, when I stopped and tried to call you, you didn't receive then I continued to Bweyale.

2/18/20, 19:45 - Anne Marie: very sorry Rachael

2/19/20, 06:12 - Rachael Kiryandongo: Thanks. Anne Marie. Phionah, more drama! Arriving home, I asked the children for food, they told me that locusts passed here and finished the food! Do not you know that there are now locusts in Uganda eating too much food! I am now preparing something to eat before I can go out. If you reach my village around 9, check on me first. I am still laughing, 😂😂😂😂😂😂😂😂😂😂😂😂😂😂😂😂 I had issues yesterday! Mambo thank you very much for rectifying the problem on my phone yesterday. Thank you Solomon for rescuing me on Monday when my phone failed at the start of an interview with a respondent in my house. Without the two of you I wouldn't have conducted interviews since Monday. Please Joshua get me an SD card. Wishing you all blessed day.

3/17/20, 11:55 - Rachael Kiryandongo: Oh my sweet baby girl Phiona, sorry. I am using two tricks: very early in the mornings and late in the evenings. Besides that I move to the same homes many times a day.

3/17/20, 11:57 - Phiona: Rachel I also tried Ur tricks but just know they wake up very early rushing to be amongst the first people for distribution..

3/17/20, 11:58 - Joshua: Let us borrow her strategy

3/17/20, 11:58 - Joshua: But distribution is mostly ending tomorr3/17/20, 11:59 - Phiona: But still Joshua,u also know that days shall be running.

3/17/20, 12:04 - Phiona: I pray

3/17/20, 12:11 - Rachael Kiryandongo: Phiona, I use those tricks whether there is distribution or not. Also visiting the homes many times a day. Above all I trust in God for finding the respondents.

3/17/20, 12:17 - Anne Marie: Thank you all for doing your level best. Keep courage.

My respondent is in a serious condition because she has been stolen from stanbic bank some colleague of hers , the colleague tricked her by asking her for the pin number of her account and eventually she handed the colleague the pin and after the had to make a mind with her telling her that they were tired so they should leave for home planning to come back and withdraw the money and the mission of the colleague went successful and this made very unhappy so she even told me to assist her with some money but support her in any way , she started telling me about her sickness (HIV) which made her to collect all her forms and books for her treatment I was really shocked about her stories here below is her picture no even in the right moods

I would like to thank PHB development and L-IFT for providing us private means of transport. This in line with the additional directive given by the president : avoiding public transport, stay home home if you do not have your own car. Gone are the days when my man used to escort me to the field on weekends.

3/23/20, 07:30 - Anne Marie: That's a nice side-benefit that we never anticipated for the bicycles. Good luck all!!

3/23/20, 07:47 - Rachael Kiryandongo: Thank you very much for the bicycles. Never anticipated but now it is a double benefit!

3/27/20, 22:13 - Minh Dao: Hi everyone,

I'm Minh and I'm managing the L-IFT's instagram account: https://www.instagram.com/lift_bv/

Now more than ever, it's important for the world to remember people who live in dire conditions such as your respondents, who are in refugee camps.

Therefore, next time you talk to them over the phone, could you please ask them if we can publish some of the pictures you took of them on the instagram page and let me know if it's ok? If they share some

episodes of their lives and pictures with you and they agree, I'd also like to share those on instagram. These will be re-posted on facebook.

Let me know once you hear from your respondents and I'll be in touch with you regarding the pictures.

Also, if you want to share part of your experience as a researcher with me and the instagram community, feel free to do so.

I hope that you're all ok over there.

Take care!

If you select 'none' or 'I don't know'; the next question still comes 'why do you choose this option?' Please ask 6720 in a way they answered the previous question. It is just we want to know why they said I don't know or none of the above.

6/18/20, 08:39 - Joshua: Good morning members of kiryandongo team, We have something we need to discuss from here

and it calls upon attention for everyone

L-IFT has present of 20000 that wants give out to respondents what should we buy as a uniform presents for all our dear respondents

It can be things like Rice, sugar, soap, salt.....etc....

What is your suggestion as a researcher??

6/18/20, 09:03 - Bingo Kiryandongo: I thought the rice or cash is good because when you buy salt it will not work because everyone can afford it

6/18/20, 09:03 - Mambo Kiryandongo: I second for sugar, soap ,rice ,salt that would be the best offer for them because many have been complaining that even mere salt they can't afford

6/18/20, 09:05 - Mambo Kiryandongo: I think it would be good if it is taken as a combined thing hope they will never refuse though they can afford but they may run short of it so it may back up them incase

6/18/20, 09:12 - Phiona: I think they can be given rice,sugar and some 2 to 3 packs of salt mainly because soap is always given to them during food distribution but since some people could still lack soap then we can get at least one to two bars for them ...

And for the case of cash....it couldn't be fine on my side because some respondents so drink and will all spend their money on alcohol instead of supporting the family...so I suggest we give them food than cash.

Thanks

6/18/20, 09:17 - Mambo Kiryandongo: But remember there are some who are not getting any ratio at the camp though they are refugees so how do u cater for those ones

6/18/20, 09:24 - Bingo Kiryandongo: Is better we give out one or two items but in good quantity which will last for a period of time

6/18/20, 09:26 - Joshua: Bingo like what

6/18/20, 09:28 - Phiona: Buh still mambo dat can still work because once can be utilized in other ways once given to them.....

6/18/20, 09:36 - Mambo Kiryandongo: But remember salt has no replacement incase it's not there, u won't have substitute for it so according to me let's give them those

6/18/20, 09:44 - Phiona: Hmm aniwe maybe according to your respondents

6/18/20, 09:46 - Mambo Kiryandongo: It's what I see that they can second if offered

6/18/20, 09:47 - Phiona: Yeah dats why I said according to your respondents because each and everyone knows his or her respondents

6/18/20, 09:50 - Mambo Kiryandongo: Yeah

6/18/20, 10:03 - Joshua: Comrades let us not discuss more because everyone as has his or her suggestion let us just submit our suggestions all

6/18/20, 10:18 - Mambo Kiryandongo: Ok then

6/18/20, 16:59 - Mambo Kiryandongo: My last suggestion concerning the gift the respondents is

1kg of sugar

1kg of salt

1bar of soap

3kg of rice

Thanks for the room of suggestion

6/20/20, 07:04 - Bingo Kiryandongo: I'm planning to start my work today because yesterday i was busy washing and ironing my clothes but I'm concerned of where to begin and how to begin because there is no official directive and explanation given to me as to why we are extending, how many diaries are we adding and what promise should i give the respondent more important the gift that was said was not given, should i use my own words what if it back fires who will be blame? Because i don't want to call a liar .

6/20/20, 09:42 - Anne Marie: Thank you Bingo. It is good you raise this.

1. Present: I have given the green light, Andrew has the budget, so Joshua and Andrew I am sure will act fast now and make the purchases. I think it may help if you get confirmation from Joshua how much the present is exactly.

2. Booklet: the diaries will continue for exactly one year, so it will run until 22 September, because last year we started on 23rd September.

3. There are several reasons why we are extending:

a. It is better to do a full year, because that way we can see how the seasons may influence

- b. The banks and other organisations who use the data to understand people were surprised how interesting and useful this is, so they asked for the extension
- c. Because of Covid-19 it is important that the data collection continues, because no other form of research can start now, so it is one of the few mechanisms through which the situation of refugees can be monitored during Covid
- d. We have not completed all the components we planned to complete. We still need to understand better what type of financial services would be useful for refugees
- e. because of delays in financial literacy training, we have not been able to study the effects of this training in Kiryandongo

6/20/20, 09:49 - Mekdes In Uganda: Hello team please sync your surveys. We have added 2 questions that will help us identify respondents who are willing to participate for the financial literacy training.

Diary 20, Version 12

Diary 10, Version 18

6/20/20, 09:50 - Mekdes In Uganda: Here are the questions added:

1. Have you ever had a Financial Literacy training?

Yes

No

2. Are you interested in attending Financial Literacy training?

Yes

No

6/20/20, 09:51 - Mambo Kiryandongo: Thanks

6/20/20, 09:54 - Mekdes In Uganda: For those of you who have already started with the latest diary (10 or 20), please call your respondents whose tasks you have already finished and ask those two questions over the phone then forward me (privately) their answers. We can manually insert it afterwards so that every respondents get the chance for this training. Thanks a lot!

6/20/20, 09:56 - Anne Marie: To get these questions you need to sync

6/20/20, 10:00 - Mambo Kiryandongo: Ok thanks

6/20/20, 10:04 - Joshua: Thanks Ann

6/22/20, 15:49 - Anne Marie: Very sorry for your respondents. But also be careful. It is also a risky disease, so Phiona please be careful and observe distancing and washing hands. (But you are already doing that for Covid, right?)

6/22/20, 18:26 - Joshua: Oh sorry

9/3/20, 10:00 - Mekdes In Uganda: The first part of the questions ask about the financial literacy training given by FINCA. I think you know which of your respondents have taken that training recently. But don't skip that question for those who didn't take the training recently as they might have taken a training by FINCA earlier in their lives.

9/3/20, 10:02 - Mekdes In Uganda: The second part of the questions ask about account opening at FINCA. This also concerns not only those who have taken the training but those who didn't take the training but opened an account at FINCA

9/3/20, 10:02 - Mekdes In Uganda: Hope this is clear. Let us know if anything is unclear. Have a great day!

9/3/20, 11:11 - Mambo Kiryandongo: What of those who have not taken any training with FINCA how do we handle those please but they are our respondents because there are some who have left for Sudan

but since we are using phone interviews we are able to reach them and they were unable to turn up for the training not that they never wanted to attend but the current situation

9/3/20, 11:15 - Mekdes In Uganda: It ok we only want to hear from those who have attended Finca's training. so if anyone hasn't attended any training from Finca, then you just say NO.

9/3/20, 11:22 - Mambo Kiryandongo: Ok then

9/4/20, 06:46 - Mekdes In Uganda: Morning all, have you had your meeting yesterday? I want to know when we should assign your new tasks

9/4/20, 11:40 - Joshua: You can assign the task

TESTIMONY ON A ONE MONTH TRAINING ON FINANCIAL LITERACY BY FINCA THROUGH WHITAKER

I AUMA PAULINE DEFINE wish to appreciate the programme that was initiated by the organisation towards improving the knowledge of the communities on how to acquire income through small businesses.

The training had been an eye opener to me because it made me to understand so much about the management of finances in my family. To add on that, it made inspired especially on loans. I understood a lot about loans unlike before in following ways:

1. The loan is not only money got from Banks, VSLAs, SACCOs etc but also the money money we acquire from our friends.
2. Once giving out money to a friend expecting a friend to return it, everything must be put in writing.
3. Getting money (loan) from individuals create misunderstanding between the two parties.

There came along my mind because two years back I gave a loan to my friend but I didn't realise it was good to put in writing that led my to lose my money since she failed to return it till now. I didn't also know it was a loan.

Thank you.

Though one of the respondent was not happy and even shed tears when I asked her about the current saving accounts she uses instead of telling me she started crying and said am reminding her of her time she faced a lot of challenges BUT after when I said I came along with a present she was happy and even knelt down saying thank u may the Almighty reward you abundantly

Here she is with the husband

10/13/20, 09:59 - Joshua: Good morning comrades remember to increase on the target because we have two days to go

10/13/20, 11:14 - Anne Marie: Thank you for sharing that Mambo. I can really imagine it is sometimes emotional for people to have to say that they are not saving, that they are withdrawing their savings. It is a confrontation that they cannot manage to reach their goals due to the situation. You clearly handled the situation well (and the present helped, just this time)

My respondent was able to show me her light that could not support her inform of light when showed her the one I moved and she became happy and expressed that "NO MORE DARKNESS"

10/17/20, 15:25 - Rachael Kiryandongo: No issues with

10/17/20, 15:26 - Joshua: The network as been a general problem

10/17/20, 15:26 - Joshua: But at least

10/17/20, 15:32 - Rachael Kiryandongo: Network has a general problem but mine today was not bad. People attribute this to the restrictions by network providers due the recent hacking and theft.

10/17/20, 15:34 - Mambo Kiryandongo: Even mine

Rain caught me in the field en no where to go other than sitting under the varander of a colleague as conducting interviews since I moved without umbrella and these some of the unavoidable factors that a times slower us during the interview duration

The bike is just carried since it failed to move during the rain , those are challenges we face in the field

10/27/20, 07:58 - Mekdes In Uganda: @256779234848, @31644253518, @256783615438 Maybe Racheal can you take few of Bingo's respondents whom he hasn't selected for himself? Because you only have 4 respondents who are willing to take loan and are willing to share their financial diary data. Let me know your thoughts p

10/27/20, 08:10 - Joshua: What of mambo

10/27/20, 08:11 - Mekdes In Uganda: Yes also Mambo, he only has 15 possible respondents. So he can also offer his remaining 2 respondents to Racheal, if it is possible

10/27/20, 08:12 - Mambo Kiryandongo: This message was deleted

201028_List of possible respondents_expansion RISE project.xlsx

10/28/20, 14:40 - Mekdes In Uganda: Hello all, kind reminder*

10/28/20, 16:12 - Rachael Kiryandongo: Noted.

10/28/20, 18:02 - Mekdes In Uganda: Good evening team, hope all is good at your ends. Can we please settle the list of respondents tonight so that we can assign the tasks. I have Bingo's list so I'm waiting for Mambo and Racheal's list. Can we help Racheal get respondents from Bingo and Mambo? Thanks a lot!

10/28/20, 18:05 - Rachael Kiryandongo: Good evening Mekdes, I will take the ones that will be assigned.

10/28/20, 18:12 - Mekdes In Uganda: But you only have 4 possible respondents. You want to continue with only those 4 people?

10/29/20, 13:41 - Rachael Kiryandongo: No, it is you to assign me respondents from my colleagues who have excess respondents. I have no issues.

10/29/20, 14:55 - Mekdes In Uganda: Hi Racheal, I would prefer if Bingo and Mambo give you the names of their respondents (out of the 13) from the list I provided.

10/29/20, 14:56 - Mekdes In Uganda: @256783615438 and @256700359637 can you please help Racheal with this

10/29/20, 14:57 - Mekdes In Uganda: Because they know their respondents well

10/29/20, 14:58 - Bingo Kiryandongo: Rite now am not at home I will do it tonight

10/29/20, 15:01 - Mekdes In Uganda: OK great, then you can start the work tomorrow morning. We have already assigned tasks for you and Mambo.

10/29/20, 16:21 - Mambo Kiryandongo: I will too forward her the names but she needed to be introduced to those respondents before she can start with them otherwise there is a force of rejection that's what am perspecting

10/29/20, 16:28 - Mekdes In Uganda: Yes of course. She has faced some problems with Rose's respondents. So they need to be aware of the situation and try to give her the good ones 😊

10/29/20, 16:29 - Mekdes In Uganda: Please note that since you will be asking the repeat questions on survey to go as you have been doing for months, you wouldn't need a training.

10/29/20, 16:31 - Mambo Kiryandongo: Clarified thanks

10/29/20, 16:31 - Rachael Kiryandongo: Let them give you the names directly, I do not know their respondents, it would necessary for me to choose if I knew them.

10/29/20, 16:32 - Mambo Kiryandongo: It only needed us to take her to those respondents and inform them of the current changes that happened
