

2023 HONORS ASSIGNMENT

Due Date: 23 January 2023

Presentation in Class, By each Cadet - Week of 23-26 January

[Joseph A. Gilliam Essay](#)

This year's topic is:

What qualities will be necessary for a leader as Artificial Intelligence and robots continue to be integrated into the workplace?

- Background information: With the military, public, and private sectors becoming more reliant on artificial intelligence, robots, and drones to identify risks, communicate threat information, and accomplish other duties and tasks, how will this affect leadership. Your essay should highlight examples of what you believe and why, as well as how your experience in the NJROTC program has affected your beliefs.
- The essay should be typewritten, and between 500 and 750 words. All cadets are encouraged to submit essays void of incomplete sentences, improper grammar, misspellings, and other grammatical errors. Best Essays from each Unit will be submitted to the Area Manager for Award/Medal.
