PREAMBLE

Attending school and getting an education is a right, and with rights come responsibilities. For example, every student has the right to be treated with respect, but every student must also realize that he/she has the responsibility to treat others with respect. However, students must understand that there are consequences when they choose to act in a way that infringes on the rights, needs, and property of others.

Vision 2023

At Amalgamated Academy everyone works together to create a safe, kind and inclusive learning community where we grow to reach our fullest potential.

- Students are expected to only access their lockers within the following time frame: before morning homeroom, during recess and lunch, before afternoon classes, and at the end of the day.
- Lockers can be opened by the school administration at any time, if it is deemed necessary. Necessary situations may include, but are not limited to: the presence of drugs or alcohol, weapons, and/or stolen property.

Rushing and disorderly movement is prohibited because it places other students in danger.

- Students are expected to walk on the right in school corridors in an orderly manner. Care and caution should be considered at all times.
- Students are expected to stay in their own area of the school unless prior permission has been given.
- Students must always enter the building through their designated entrances, 4 and 5- west entrance, 6 and 7- main entrance and 8 and 9 east entrance.

- No food is permitted in the classroom during class time.

Breakfast Program – Guidelines

Our School Breakfast Program, free of cost to all students, has been developed to support students who wish to avail of a small breakfast before the start of morning homeroom. The Breakfast Program typically offers a grab and go style selection of juice, fruit, milk, cereal, and toast with a variety of spreads. This program, staffed by a combination of parent volunteers and teachers, opens at 8:05 AM and closes at the beginning of morning homeroom. Food, beverage and financial donations towards the day to day operation of this student-centered program will be gratefully accepted by the Breakfast Program Coordinator.

- Any parent/guardian interested in volunteering their service to support the running of this program may contact the school administration or the Breakfast Program Coordinator.

Student Use of Telephone

Students are encouraged to use the office telephone **only in case of emergency**.

Students are permitted to use cell phones for calls or texting during class time **ONLY** with prior teacher permission.

- **All cell phones are required to be turned off, put away or handed in to the teacher to be held at the beginning of each period, if a student refuses any of these options they will be sent to the office.**

Note: the first infraction will mean a warning for the student to follow the rules and a detention may be assigned. The second infraction will mean a phone call home to the parent/guardian informing of the repeated action and a detention may be assigned. If a third infraction occurs then the phone will be held in the office until a parent/guardian is contacted and arrangements are made for the phone to be picked up. Disciplinary action will be decided by the office based on individual cases.

1st offense: Warning

2nd offense: Phone laid on teacher's desk/phone held until the end of the period

3rd offense: Phone goes to the office phone call home

4th offense: Phone goes to the office to be picked up by a parent/guardian.

Signing Students In/Out of School

Students arriving to school after homeroom period has begun (8:20 am)/ has to leave school prior to afternoon dismissal bell (2:15) must be signed in or out by an adult through the office. Adults are required to either enter the school office or call in to the secretaries and request that a student be dismissed from class. Students will not be permitted to leave class by teacher without this office notification.

Students arriving late to school

All students are expected to arrive and be in class at 8:20 and after lunch for grade 8 and 9 students at 1:18pm regardless of mode of travel. Parents and students who are arriving late to school should note there will be consequences assigned due to the disruption that is caused to others, the lateness will be monitored by the office.

There will be an escalating scale of actions and the school is asking that all parents/guardians please respect the day's schedule. If there is a special/rare circumstance then parents/guardians are asked to contact the office directly.

For example, in the span of one month if a child is late unexcused (the reason has to be deemed unavoidable and acceptable by the school such as flat tire for example) then there is a recess detention assigned. If there is a second late unexcused within the same month then there will be a lunch time detention assigned. Hopefully not, but if there is a third unexcused late then contact will be made with home and the resulting consequence will be decided by the administration and parents will be informed.

Please note this policy will not impact 98% of our students and the school is very appreciative of those who recognize the impact of lateness on overall academics and the running of the school.

MORNING GUIDELINES

Duty Guidelines

- Morning duty supervision begins at 8:05 when students are permitted to enter the East and West wings of the school
- Morning duty supervision ends at 8:20 a.m. when homeroom begins

Morning Homeroom - Students

- Students proceed to their Homeroom at 8:20 a.m.
- Students must be in their seats and settled after the 8:20 a.m., the start of Homeroom period.

Announcements – Students

- Students are asked to listen attentively to announcements when they are read during the homeroom period.

AFTERNOON GUIDELINES

Afternoon Dismissal - Students

Students must tidy around their desks and place their chairs in the manner indicated by the custodian.

NOTE: Students are not permitted to leave pencils, paper or books on their desks.

- Students traveling by school bus and walkers are dismissed by their homeroom teacher at 2:15. These school bussed students will immediately proceed to their assigned bus line where they will be directed by the assigned bus line supervisor; from there they'll proceed to the school bus at the scheduled time. Walkers are to leave the building "immediately" after exiting their class, rather than loiter. Congestion in the hallways amounts to safety concerns.
- Students involved in extracurricular activities, must have prior arrangements made for after school transportation; this arrangement must be made prior to school bus dismissal. All Students must vacate the building unless prior arrangements have been made with staff. Unsupervised students present risks to student safety which are unacceptable.
- Any student who is being picked up by a parent must remain in class until dismissal, unless the parent arrives earlier in the afternoon, signs out the student at the office and escorts them across the parking lot. This protocol is student safety based and must be recognized.

EMERGENCY GUIDELINES

- Upon hearing any school alarm students must remain quiet, calm, and respectful.
- Students must walk in single file as they leave the building following the outlined evacuation route.
- Students must move to the designated classroom muster areas outside of the building and line up.
- Students must wait for a signal before returning to the building.
- Emergency procedures will be posted in all classrooms.
- More detailed procedures for specific emergencies will be covered by classroom teachers and administration.
- Any visitors must leave the building through the closest exit and proceed to the flagpole.
- Any parents arriving at the school while the students are lined up outside must remain off of the lot until students re-enter the school.

Potential Emergency while on a school bus

All students regardless if they are not regular bus students will participate in bus emergency evacuation drills at the start of the school year. This is to make students familiar with potential emergency situations and provide them with the information they will need to respond while waiting for emergency response authorities.

Parents can also assist their children in being prepared by reviewing the NLESD Bus Safety Brochure, Student's expectations while on the bus and Busing Safety Video which can be found at this link-<https://www.nlesd.ca/schools/busing/index.jsp>

STUDENT CODE OF CONDUCT

(The Amalgamated Academy Code of Conduct was developed by teachers, parents and students.)

I am prepared

I am respectful of myself, others and the environment

I am responsible

I am safe

"I Feel that I Belong to the Amalgamated Academy School Community!"

If I choose not to follow the Code of Conduct, I am responsible for my actions and I will accept the consequences.

In order to create a caring learning environment for our students, it is necessary to establish consequences to address student behavior that fails to respect the Student Code of Conduct. We believe the consequences of student behavior should be predictable and consistent. Therefore, we have established the following list of consequences to inform students and parents/guardians. These guidelines will maintain a consistent school response to student misbehavior more consistently.

Not all possible situations will be specifically listed in this document. When other situations arise, the response will be determined by comparison to a similar level of incident and imposing a similar/appropriate consequence.

Throughout our Safe and Caring School Policy, behaviors have been grouped as level 1 or 2 with corresponding reactive strategies. Reactive strategies include a range of interventions, depending on the severity of the inappropriate behavior.

Individuals who demonstrate repeated actions that do not support our Student Code of Conduct may be referred to the Guidance Office or other government agencies at the discretion of the Administration.

SMOKE-FREE ENVIRONMENT POLICY

NLESD shall be a smoke-free, tobacco-free and marijuana-free environment. This smoke-free school environment shall be inclusive of all its facilities, properties, activities, programs and functions.

Rationale

The NLESD has an obligation, both philosophically and pragmatically, to provide a safe, caring and healthy environment for all of its stakeholders – students, parents and employees. This is especially so relative to the issue of smoking and tobacco/marijuana usage.

The Newfoundland and Labrador English School District (the “District”) is committed to providing students, staff and other members of the school community with a healthy school environment. In accordance with the Smoke-free Environment Act, 2005, the Tobacco Control Act and the Control and Sale of Cannabis Act the District does not permit smoking, smokeless tobacco or any product that mimics tobacco, in schools or other District facilities, on District property, in District vehicles or in other modes of transportation used to transport students. This includes the smoking (or consumption) of cannabis or other substances which may be illegal; cause impairment, or be dangerous to the health of students and staff. The Cannabis and Smoke Free policy is part of a comprehensive approach to the creation and maintenance of a healthy school environment.

Scope

This policy shall apply to all buildings, facilities, grounds and properties under the jurisdiction of the District. This policy shall also apply to all users of School Board buildings, facilities, and properties.

Procedures

1. The NLESD will establish Administrative Regulations that govern the application of this policy.
2. The Administrative Regulations will be reviewed by the CEO/Director of Education in collaboration with the Administrative Council and Regional Administrative Councils.
3. The NLESD directs that all school Board facilities and vehicles, and all modes of transportation contracted for use to transport students, shall be smoke-free environments.
4. All school – sponsored activities shall be smoke-free environments.

Back to School, Anaphylaxis – Food – Emergency Guideline for “Parents”

Parents/guardians are asked to notify the office at the beginning of each school year with an updated medical profile for any students that have a condition that may impact their safety while at school.

SECURE SCHOOL/SCHOOL LOCKDOWN POLICY

The NLESD believes that the safety of students and staff in our schools is paramount and takes every precaution to ensure the safety of all. The NLESD believes that schools need to be secured in an appropriate manner (Secure School/Lockdown) when dealing with a perceived or actual threat to the school community.

Rationale

The NLESD is committed to providing a safe and caring environment for students and staff. Therefore, all schools will develop a plan to respond to a perceived or actual threat to their school community.

Scope

This policy applies to all students, employees, visitors and properties under the District. It is intended to assist with responding to an event and the return to normal after the event.

Procedure

1. The NLESD will establish Administrative Regulations that govern the application of this policy.
2. The Administrative Regulations will be reviewed annually by the CEO/Director of Education in collaboration with the District Administrative Staff.
3. The Principal/designate and all staff shall respond to all perceived or actual threats in a prudent and expeditious manner by notifying the local emergency response authorities, the CEO/Director of Education and the Communications Manager.
4. At the beginning of the school year, the Principal/designate shall consult with the school's local law enforcement detachment to review the school plan for securing and locking down the building.
5. Lockdown and Secure School Procedures shall be reviewed with School Council and communicated to parents/guardians prior to the initial practice.
6. Lockdown and Secure School Procedures shall be practiced a minimum of three times a year.
7. All schools will prepare a plan for a perceived or actual threat consistent with the Administrative Regulations associated with this policy.
8. All schools will respond to perceived or actual threats consistent with the Administrative Regulations associated with this policy.
