Intro n stuff

Welcome to the Ultimate Soukoku Fic Rec! If you see this in it's early stages, there isn't much but it is getting updated pretty frequently (school willing). This is all AO3 fics unless specified otherwise. Also I personally don't read on any other site so don't expect anything except maybe 'a spring without you...' I know ao3 has a good organising system but this is for more sifting through the big tags.

All the smut will be Top!Dazai x Bottom!Chuuya so I guess this isn't Ultimate then... but I read all the fics I put here so there will be obvious preferences. If ur looking for the reverse you'll js have to search. Also the main big fics may get added later as some I haven't read or it's been a while and I assume you're an experienced reader or smth idk. This is self-indulgents heh so like. yeah.

Suggestions are on for the moment so you can recommend, but I may just ask you to direct them to a diff tab (not rn) also you can add a comment but just know it will be deleted for mine (sorry :c). Also for suggestions feel to add the tabs and sub categories, and also feel free to reply to my random notes (please do just might get deleted when the doc gets laggy).

(UGH THIS IS FORCING ME TO READ MY MARKED FOR L8RS)

Uh yeah read below then look at the tab you like, there's further sorting from that. Uh may make a guide later. AND READ THE LEGEND AND TABS PLEASE ITS UNDER THIS.

THIS IS A LITERARY MASTERPIECE! YOU WILL REGRET NOT READING THIS YES ITS A 66k WC ONESHOT BUT IDC THIS IS A FIC THAT ABSOLUTELY HAS TO BE READ AND NO AMOUNT OF GLAZING WILL EVER BE ENOUGH! HOW AM I ALLOWED TO READ THIS FOR FREE?!

Every story must come to an end. And when the Armed Detective Agency, Port Mafia, and their allies come together to finally retrieve the Book, they have a plan to do just that.

But Chuuya has a plan of his own when it comes to taking care of things.

And everyone will have to live with its aftermath.

(Life, Death, Love, and Humanity as it relates to Nakahara Chuuya and the bonds he shares with those around him.)

"I promise to stay by your side for the rest of your life." It's a promise he knows he can keep.

Dazai cannot die. He lives on as the world changes around him, finding Chuuya in every lifetime and learning all the little things that make Chuuya, Chuuya through all the different people Chuuya is.

Dazai as Izuku Midoriya. ON MY KNEES FOR THIS FIC ITS ACTUALLY SO PEAK IM SOBBING AND CRYING AND DYING (author tried to kill me) (i beta read this fic so i say peak!)

Midoriya Izuku had been different his entire life. After a series of events he decided to take a former friends advice, leading to an encounter that changes the direction of his life and his identity. Years later, he is sent back to where he grew up to complete a mission alongside his new partner, Nakahara Chuuya.

I'm shit at summaries. Basically Midoriya runs away, becomes Dazai, Then is forced to go to U.A. for a mission with Chuuya. (The first 3 chapters are just backstory basically)

"Because," Dazai replies, "I wanted to know who I'll be dealing with considering our organizations are going to be working together from now on. Like, taking a dog out for a test walk, you know?"

Or, the one in which Chuuya's a member of the Agency and a new job forces him to work with someone from the Port Mafia. What starts as a simple case unravels into a gigantic plot with several unexpected side quests, including falling for the odd executive who keeps terrorizing him.

A family BSD series Trans!Chuuya. There are three parts, one finished, two ongoing. Part one, Dazai reincorporating back into his family he accidentally left. Part two, kidnapped Chuuya and child. Comfort ensues :))

[i want you \(bless my soul\)](#) by secondwind (mizore)

Dazai thinks he's hopelessly pining for Chuuya, whilst Chuuya knows otherwise.

"You propose double-suicide to every woman you meet," Ranpo lists on a righteous finger. "You *abandon him* in dangerous places when he *specifically* tells you *not* to, and *ultimately*," the detective pauses, pulling two digits into a solemn fist—

"You left him first."

Call the cops, Atsushi thinks, there's just been a murder.

Deaf!chuuya due to Dazai, Dazai feels bad (and is a bit insensitive but he gets there)

"Oi, Dazai, what are they saying, anyway? Too many people. It gets confusing."

The detective smirks.

"They are just discussing the budget for the next mission. Kunikida insists he wants an ice cream, a drone, and a goat."

From the Port Mafia dungeon to the depths of Meursault, Dazai and Chuuya keep finding each other.

They fall in love all over again — or, maybe, they never stopped.

That's all.

He had a sort of sinking feeling. This had all started right after using corruption for the first time in four years; the battle with Lovecraft.

Three firm knocks could be heard from the other side of the Armed Detective Agency's main office room door. Dazai gave a vaguely suspicious look as his fingers lifted from his computer's keyboard.

Honestly every update leave my jaw dropped

It all began five years ago, when they were just eighteen—grieving, drunk, and clinging to the only thing that still felt real: each other. On the third anniversary of The Flags' deaths and right after Oda's, *Chuuya* and *Dazai* found comfort in wine, pain, and a night that felt like a promise. But the next evening, Dazai walked away from the Port Mafia and Chuuya, *turning what could've been a beginning into the end of everything*

But five years later... *Chuuya finally understood what the end really meant.*

Hikari Dazai... *His daughter, had been taken.*

"HIKARI!" Chuuya wearing only a white t-shirt, black shorts, and one slipper. He couldn't contain the fear in his voice. How could any parent stay calm when their child was missing?

And the worst part was—he *couldn't ask anyone for help except the ADA*.

tell me why my ao3 bookmark is and i quote 'gay gay homosexual gay, i keep imagining a scene where double blacks names are leaked on live tv, and chuuya is like awkwardly rubbing his head gacha style and saying erm then flying away' EXCUSE YOU ME

Chuuya Nakahara got into an argument with his partner, Osamu Dazai.

Now, he's riding his motorbike through Yokohama as a way to cool off. But when he swerves off of the road to avoid hitting two pedestrians and gets knocked out, he wakes up to see two Pro heroes in his hospital room.

Chuuya then has to attend a prestigious school despite hardly being able to read, figure out how to get back to the Port Mafia, to apologise to Dazai, and why this old hobo wants to adopt him so badly.

Basically me giving Chuuya a "normal" teen experience, and Dazai suffers for later angst <3
