Re: Event Leasing and Scheduling

Easton Public Schools – Facilities Leasing Update

The Easton Public Schools is currently conducting a comprehensive review of its facility leasing fees across the district. During this evaluation period, **no increases** will be made to existing **facility leasing fees**.

The organizations that did not pay a lease fee in 2024-2025 will not be charged for this current fiscal year (2025-2026). However, new fees, even for some organizations that have not had to pay a lease fee in the past, will be put in place beginning in July 2026. This information will be released in the winter.

However, please note that the ***Personnel Rate Fee*** has been adjusted, and ALL organizations will need to hire the related staff needed for events (custodial, etc.), even if this was not the case in the past. In addition, ***new fees*** have been introduced for the use of the tennis courts, pickleball courts, and outdoor basketball courts, as these are new facilities on the Oliver Ames campus.

****Please note:** Dates that are reserved will be charged. Please do not reserve multiple dates and/or venues and delete them when schedules are confirmed. Custodians, etc., will be hired for all events reserved, and those fees must be paid.

To improve accessibility and streamline the scheduling process, we have implemented an **online scheduling portal** for all community users and organizations. Through this portal, users can:

- Search and request available spaces
- Submit event requests
- Begin reserving spaces on September 1, 2025 (for non-Athletic Events)
- Pay invoices securely online
- <https://events.dudesolutions.com/community/EPSMA>

Important Scheduling Information:

The scheduling portal opens each quarter **after all school events have been scheduled**. In order
