

Privacy Policy for Link Manager

Link Manager does not collect or transmit any personal information. All data entered by the user (such as saved links) is stored locally in the browser using Chrome's storage.sync API and is only accessible to the user.

The extension does not use any analytics, trackers, or external APIs. Your data stays on your device or within your signed-in Chrome account if sync is enabled.

If you have any questions or concerns, feel free to contact the developer.
