In focus

By decision EB150(6) (2022) the Executive Board, following consideration of the report on a Standing Committee on Pandemic and Emergency Preparedness and Response and taking into account the deliberations at its 150th session, requested the Director-General to, inter alia, facilitate further informal consultations in an inclusive, transparent manner among Member States in order to finalize the draft terms of reference of the Standing Committee on Health Emergency (Pandemic) Prevention, Preparedness and Response, with a view to submitting the terms of reference for consideration by the Executive Board at its 151st session in May 2022. Based on this mandate, it is expected that proposed terms of reference will be submitted to the Board for its consideration (in [EB151/3](#)).
