

ISAM 2018

CALL FOR VIDEOS on Makerspace Best Practices

Due June 4, 2018

The 3rd International Symposium for Academic Makerspaces is now accepting videos for inclusion in the technical program. We are looking for exciting videos that demonstrate how best practices lead to impact on students and create excited and passionate student makers.

Submission guidelines:

- Video must be no more than 7 minutes in length with content focused on best makerspace practices, not an advertisement. Any video deemed an advertisement will not be considered.
- Include a 3-5 second title page listing title, authors, institution, facility, etc.
- Include a 30 second (or less) explanation of space.
- Include 10-20 seconds of credits and/or references of material presented.

Online submission information can be found at <http://isam2018.hemi-makers.org/papers-posters/>

Topics Include:

- Culture & Community
- Lowering Boundaries to Making Safety, Regulatory & Legal Issues Programming
- Technology & Equipment
- Impact on Entrepreneurship
- And More!

Submit your video today!
