

Beta in Fairbanks had a really wonderful year overall. We held our annual flower fundraiser and gave out 6 scholarships to women in education. We had a summer bbq gathering on Judy Tolbert's deck by the river. Many of us have also been working hard to coordinate a great state convention for May. We will be voting on or Friends of Education award soon, and holding our annual Christmas tea. Kathy Alton keeps our members connected via literacy with our Beta book club as well. Beta has donated to the Imagination Library, and donates money to a local program called Stars of Gold Readers coordinated by member Peggy Carlson, so we are excited to go on our field trip to Noel Wien library on the 14th. Beta also hosted and did introductions for the Discover Alaska series at UAF.
