

Hey Team,

[Video Link HERE!](#)

I hope you're all doing great! I want to start by saying a huge thank you for your ongoing hard work and positive energy. You make this studio a clean, welcoming, and safe space for everyone who walks through the doors - and that means the world. We haven't really slowed down very much going into these summer months - in part because of the work you do.

Here's a quick update to keep everyone in the loop:

Hand Towel Bin Reminder

Please be mindful **not to overstuff the hand towel bin under the beverage bar**. The front desk team has mentioned they've had some trouble with bags getting stuck, ripped, or just being too full to manage easily. A little extra care here will make everyone's day smoother — and help us keep things running effortlessly!

Soap Supply Update

We have a fresh update on our shower soaps! Our supplier sent us one of three jugs of **Lucy in the Sky**, so we are going to watch our stock until they are able to send us more. The good news is we now have **plenty of The Curator soap for the men's showers**.

Please be sure to refill the shower dispensers to just **over half full** with the correct scents. Thanks so much for your diligence and attention on this!

Team Changes

Lisa is stepping away from the EE team — thank you so much, Lisa, for all your fantastic work! We'll miss you but wish you all the best.

Stepping into Lisa's Thursday night shift will be **Anna** — welcome aboard, Anna! We're excited to have you on the team and appreciate you jumping in to help keep that shift running smoothly.

Maintenance & General Notes

If you spot any maintenance issues — broken hooks, leaks, sticky/loud doors, or anything else that needs attention — please don't hesitate to reach out. Your observations help me keep everything in great shape!

Our laundry woes seem to have abated thanks to your hard work - our mirrors are shiny - the floors are in wonderful condition - and the studio looks fresh!

Thank you again for all the incredible effort you put in every week. If you ever have questions, feedback, or ideas to make things easier or better, my door (and inbox) is always open.

You're truly what makes this studio special — keep doing the amazing things you do!

Gratefully,
Zak
