

**Kunci jawaban**

| A. Pilihan ganda |      | B. Uraian                       |
|------------------|------|---------------------------------|
| 1. A             | 19.C | 1. Rikma                        |
| 2. B             | 20.C | 2. Pedhet                       |
| 3. B             | 21.B | 3. Irung                        |
| 4. B             | 22.B | 4. Siram                        |
| 5. A             | 23.C | 5. Kuthuk                       |
| 6. B             | 24.C | 6. Kondur                       |
| 7. B             |      | 7. Spidol/kapur                 |
| 8. C             |      | 8. Matur nuwun                  |
| 9. C             |      | 9. Kucing,sapi (kebijakan guru) |
| 10.B             |      | 10. Lapangan                    |
| 11. B            |      |                                 |
| 12.A             |      |                                 |
| 13.C             |      |                                 |
| 14.C             |      |                                 |
| 15.B             |      |                                 |
| 16.A             |      |                                 |
| 17.C             |      |                                 |
| 18.A             |      |                                 |

**PEDOMAN PENSKORAN**

I. Jumlah benar X 4

II. Jumlah benar X 10

$$\text{Skor} = \frac{\text{I} + \text{II}}{2}$$
