Section VI Indoor Track & Field
2023-24 General Guidelines and Policies

The league is primarily structured, to the best of its abilities, so that competitions are managed in an orderly fashion allowing all participants an equal opportunity to compete. Cost constraints prohibit hiring a full complement of officials for each competition. The Section VI chairpersons, and their management designees, have taken the responsibility of providing a well organized and well supervised competitive environment. These guidelines should clearly define the responsibility of the many coaches and student athletes so that the competitions may continue to be effectively run. Section VI and non-public member programs in violation of League policies will be reported to the Section VI Executive Director and the Athletic Director of the program in question. Repeated violations will be referred to the Section VI Executive Director for sanctions and may include a suspension from participation for the program/student athlete in question. The follow was approved by the Section VI Athletic Council September 2008:

“For Indoor Track, the following penalty will be assessed to any student athlete failing to comply with Section VI rules and regulations: ejection from competition for that day.”

- 1. Meet Management:** Section VI Indoor Track and Field competitions will be supervised by the Chairpersons and/or their representatives. The local Track and Field officials' organization shall provide at least a starter, two (2) finish judges, a jumps judge, and a pole vault official for regular season contests. The League shall also hire its competition management team. The schools will volunteer to provide the remainder of the officials (coaches or qualified adults) to conduct the competitions. Programs will rotate these assignments. The assignments will include the horizontal jumps (long and triple), the vertical jumps (high and pole vault), hurdle crew, the throws (shot put and weight throw), and clean up. Assignments are shared separately. Individuals (student athletes, coaches, spectators) not involved in an event as a competitor or as management must remain outside of the competitive area. These individuals must remain in designated team and/or spectator areas. Section VI has contracted Athletic Trainers for each competition.

2. **Entries:** All entries to be submitted online at [MileSplit](#) (information to be shared separately)
- ❖ Schools that exceed the maximum number of entries allowed will lose that many entries in a future competition. Please CAREFULLY note entry limits!
 - ❖ No event will be re-seeded without a Chairperson's consent.
 All entries will be submitted electronically for all competitions. Entry deadlines are dependent on the competition. If entries are not completed on time then competitors do not participate, are placed in unseeded sections, or in last positions. Competition rosters changes are subject to Chairperson's and timing service discretion. Relay competitors will be checked against entries. **There will be no additions, and only deletions, at the Team Championships and the State Championships Qualifiers.
 - ❖ Please be certain to make any deletions the day of competitions as soon as possible at the timing table.
 - ❖ For accountability purposes, an updated roster must be shared with each respective Chairperson in order for any student athlete to officially participate and any results connected to them to be officially valid.
3. **Supervision:** Individual programs are responsible for properly supervising and managing their student athletes in adhering to all necessary protocols. Section VI staff will be clearly identified. It is expected that student athletes, coaches, and spectators will follow the Section VI Conduct Expectations shared at the Section 6 website: Link to [Conduct Expectations](#)
https://docs.google.com/document/d/1wKyq-BpWjZVN6vu11nuLAe_EE7muyMBp/edit?usp=sharing&ouid=103723591557241724325&rtpof=true&sd=true
- a. Athletes are not to be in any area or use any equipment not specifically contracted by Section VI. Student athletes should remain in their designated team areas at each contracted facility.
Penalties: *First offense will result in notification of a program coach.
 *Second offense may result in disqualification of individuals involved and program Athletic Director referral as well as Section VI notification.
- b. Vandalism is strictly prohibited
Penalty: Referral to Section VI for billing the cost of repairs and suspension of competitor(s) from our League for the season.
- c. Coaches must properly supervise and manage their student athletes while keeping the following tenets in focus.
1. All current Section VI Health and Safety protocols are to be adhered to.
 2. Athletes are not to be in a competitive area unless called for their event.
 3. Competitors should remain only in the competitive area for their event.
 4. Leisure equipment is prohibited in the competition and team/spectator area.
 5. Competitors are to leave the competitive area immediately following their conclusion of their participation in that event.
 6. Spike shoes are only to be worn at Houghton College.
 7. Food/beverages should remain in designated team/spectator areas.
 8. Competitors cannot remove their uniform in any competition area.
 9. Competitors can only prepare in designated areas at each facility.
- Penalties:** *First offense includes warning, competitor removal, and coaches notification.
 *Second offense includes coaches notification, disqualification from the remainder of the competition and referral to the Athletic Director and Section VI.

4. Competition Attendance: The League is divided into four (4) distinct divisions for this season. The maximum number of student athletes allowed in the facilities we are contracted with has determined this format. Naturally, programs are eligible to attend and participate in only the Section VI competitions where their respective divisions are scheduled.

5. Athletic Placement Process: Athletic Directors and coaches must abide by the Section VI Procedure detailed on the Section VI website in order for 7th and 8th graders to be members of their Varsity Indoor Track and Field programs. [NYSED APP - Information pages](#)

SECTION VI - NYSPHSAA

Sportsmanship Philosophy & Code of Conduct

Philosophy

1. We believe that interscholastic athletics is an important part of education and support the ideals and values embodied in good sportsmanship.
2. We believe that sportsmanlike behavior is essential if interscholastic competition is to contribute usefully and constructively to the broad goals of education and to the quality of life of those involved.
3. We pledge ourselves individually and collectively to encourage and support the development and maintenance of a sportsmanlike atmosphere for athletic competition.

Code of Conduct

1. A genuine interest in and enjoyment of interscholastic competition requires conduct that reflects the understanding that contests as a part of an overall school program are intended to be enjoyed. Behavior that reflects a winning at all cost attitude violates this standard.
2. Interscholastic competition provides valuable lessons and learning experiences that may not be possible in the regular classroom setting. All involved must support the need to develop the ability to compete with enthusiasm and to accept winning with grace and losing with dignity.
3. Coaches, players, and fans should know that participation is an honor and privilege which requires them to conduct themselves in a manner that brings honor and pride to their school and community.
4. Respect for the cultural and ethnic diversity of one's opponents, their school, and community is a fundamental tenet of wholesome athletic competition. This standard suggests that planned activity is needed to demonstrate a warm and friendly welcome, mutual respect, and a genuine readiness to participate in a sportsmanlike manner.
5. Players should demonstrate both knowledge of the rules and respect for game officials and their decisions. Coaches and school officials have the responsibility to teach and encourage these attributes.

******* Sportsmanship Statement Reminder *******

The following statement will be read over the public address system just prior to the Pledge of Allegiance. If there is no public address system the statement will be read as loudly as possible to all programs by the site chairperson or representative:

“The New York State Public High School Athletic Association requires officials to enforce all sportsmanship rules for student athletes and coaches. We will not tolerate negative statements or actions between opposing competitors, especially trash talking, taunting, or baiting of opponents and including racial or discriminatory comments or slurs. If such comments are heard or actions seen, a penalty will be assessed immediately. The officials have been instructed not to issue warnings. Let this contest reflect mutual respect.”
