

## **!! COMMISSIONS CLOSED !!**

### **~ BEFORE YOU COMMISSION ~**

- I am a college student, and I have to maintain my scholarship.
- I am diagnosed with Bipolar Disorder, and am showing symptoms for other illnesses (which I won't state until I receive the official diagnosis for them), which affects my performance.
- It will take months, you can ask for a refund if you find it too long. A big possibility of extensions will be asked. If there's no sketch provided by me, there will be no compensation on your part.
- I consider my prices to be cheaper than I would want to price them, so please understand that if I lower the prices, I can't bring myself to rush them.
- Lastly, only consider commissioning if you really want the art done by me specifically, I don't have the ability to be fast-paced and professional currently.

Thankies !! ๑(ˊ.ˋ)๑
