

ST. XAVIER'S INSTITUTION PANIHATI CLASS IV SCIENCE SESSION- 19 DAY- 1

REVISION OF SESSION-3

CHAPTER- ADAPTATION IN PLANTS

I Define:

- 1) Habitat-
- 2) Adaptation-
- 3) Aquatic plants-

II Name them:

- 1) Plants that remain green all the year round.
- 2) Plants that are producers and carnivorous in nature.
- 3) Two insectivorous plants.
- 4) Plants that grow on other plants but do not depend on them for nutrition.
- 5) Two deciduous plants.
