

Chromebooks Over the Summer

Dear Stober Families,

As Jeffco continues to prepare students to thrive in a connected, digital world, all students in grades 1-12 have been provided with a personalized learning device. These devices will be sent home over the summer with all students. By having the devices over the summer, it will allow students to continue learning and to create equity among all of our students. *Families are encouraged to manage the usage/access to the device as they feel is appropriate.*

Where is your student attending school next year?
Some students will need to leave their devices at Stober.

Taking Home for Summer	NOT Taking Home for Summer
• Returning to Stober for the '26-'27 school year • Attending Jeffco READS this summer • 5th Grade - Attending a Jeffco middle school for the '26-'27 school year	• Transferring to a school that does not participate in the TechForEd program such as: ◦ Addenbrooke Classical ◦ Collegiate Academy ◦ Compass Montessori • Leaving Jefferson County School District • Unsure about where your child will attend school for the '26-'27 school year

[Please read the expectations for device care over the summer.](#) Your student will need to bring their Chromebook and charger with them on the first day of school, Aug. 19th, 2026.
Chargers are \$27 to replace so please keep them together.

Your student will have bookmarked a [list of learning sites & digital tools](#) that they can use to keep learning over the summer.

You have free access to [Securly Home](#), a monitoring tool to help manage your students' Chromebook use at home. Get started using the app [HERE](#).

Any questions, please contact Katiana Brenner, Digital Teacher Librarian
