

*FRIENDS of the* PRAIRIE WETLANDS LEARNING CENTER  
**Application for Yellow Bus Transportation Funds**

The Yellow Bus Transportation Fund was established with funds generously provided by the Donald Weesner Foundation, Frank W. Veden Charitable Trust, and individual donors to help fund visits to the Prairie Wetlands Learning Center for students who would otherwise be unable to experience the unique environmental education programs. In recent years we have depended only on individual donors and fundraisers. With higher student visitation and increased transportation costs each year, the formula for payment has been adjusted. The reimbursement formula is currently at 35 percent of the actual transportation costs for the visiting group. Approvals will be made until we have exhausted current funding.

To request transportation funds, please complete and submit this application to the address listed below. Application must be received, reviewed and an award letter e-mailed/faxed to you before your visit.
