Abstract

Abstract should be written in English. The abstract is written with Arial font size 10, and single spacing. The abstract should summarize the content of the paper, including the aim of the research, research method and the results and the conclusions. It should not contain any references or displayed equations. The abstract should be no more than 250 words.

Keywords: maximum 5 words

INTRODUCTION

Manuscripts are written in Arial font size 11, single spaced, justified left and right, on one side page and on A4 paper (210 mm x 297 mm) with top margins of 3.5 cm, bottom 2.5 cm, left and right respectively - 2 cm each. Manuscripts including graphs, figures and tables cannot exceed 6000 words. Manuscripts are written in English with standard American or British. The title of the article must be short and informative and not exceed 15 words. Keywords are written after the abstract of a maximum of 5 words.

The introduction contains the research background, the urgency and significance of the problem to be studied, and the research problem to be uncovered. The maximum length of the introductory description is 1000 words. Direct quotations of less than 5 lines are written in one paragraph with quotation marks, while direct quotations of 5 or more lines are written left and right aligned, with the indented position parallel to the paragraph.

Direct quotations must include the page, for example Williams (2021:23) says that... or(Williams, 2021:23). In indirect quotations, it is sufficient to include the author's name and year, for example Williams (2021) states that, or (Williams, 2021). This citation procedure applies to all descriptions in the article.

METHODS

Manuscripts are written in Arial font size 11, single spaced, justified left and right, on one side page and on A4 paper (210 mm x 297 mm) with top margins of 3.5 cm, bottom 2.5 cm, left and right respectively - 2 cm each. Manuscripts including graphs, figures and tables cannot exceed 6000 words. Manuscripts are written in English with standard American or British. The title of the article must be short and informative and not exceed 15 words. Keywords are written after the abstract of a maximum of 5 words.

The Methods describe the research approach, research locations, data collection and analysis procedures, as well as various aspects related to the way researchers study research problems. The maximum length of the methods description is 1000 words.

RESULTS AND DISCUSSION

Manuscripts are written in Arial font size 11, single spaced, justified left and right, on one side page and on A4 paper (210 mm x 297 mm) with top margins of 3.5 cm, bottom 2.5 cm, left and right respectively - 2 cm each. Manuscripts including graphs, figures and tables cannot exceed 6000 words. Manuscripts are written in English with standard American or British. The title of the article must be short and informative and not exceed 15 words. Keywords are written after the abstract of a maximum of 5 words.

The results and discussion describe the findings of the data in the field and their analysis in accordance with the main issues discussed. In this section, the author can add sub-discussions with Capitalize Each Word in bold. Graphs, figures and tables can be presented in the discussion accompanied by interpretations that support research analysis. The maximum length of description of results and discussion is 5000 words.

CONCLUSION

Manuscripts are written in Arial font size 11, single spaced, justified left and right, on one side page and on A4 paper (210 mm x 297 mm) with top margins of 3.5 cm, bottom 2.5 cm, left and right respectively - 2 cm each. Manuscripts including graphs, figures and tables cannot exceed 6000 words. Manuscripts are written in English with standard American or British. The title of the article must be short and informative and not exceed 15 words. Keywords are written after the abstract of a maximum of 5 words.

The conclusion contains answers to the problems studied, as well as new research findings. Recommendations can also be presented, if the study results have a practical

correlation for interested parties. The maximum length of description of conclusion is 500 words.
