**PROJECT EVALUATION:** What preparation was involved? What was done at the project? Was the project successful? Should we do the project again? Please feel free to add any other information. Please write on the back of this paper! ©

Although originally scheduled at 4:15PM at the start of the Junior-Varsity Basketball game, the event was canceled last-minute due to some unforeseen circumstances. Because of this, the project had been moved from 4:15 to 5PM, which was quite inconvenient for several members. When the Varsity Basketball game was planned to start, there was an electrical emergency which caused both the game and our project to be cut short. Our members still stayed to work during the project by organizing napkins and materials, taking orders, and bringing food to customers while we still could! We will be doing this project again in the following week to make-up for our day of mishaps.
